Notification: Candidate notice was supplied by the Wisconsin Election Commission. Price County meeting notice was post as required.

Team 1 (Sandra Behling and Reggie Distin – assisted by Board of Canvass members): Compared and reconciled poll lists. Reviewed absentee ballots (number, rejected, certificate envelopes). They referenced the absentee log for verification of number of ballots sent, received and counted. Verified tamper evident serial number on ballot container matched seal number written on Inspector Statement. Counted number of ballots. Reviewed ballots. Since there were no issues with number of absentee ballots equaling the number of proper envelopes, they did not separate out absentee ballots. There were no provisional ballots.

Team 2 (Ed Busby, Kristin Brand, Carrie Kyle) Hand tally paper ballots. It was determined that it was more efficient to do a per ballot tally as opposed to sorting by candidate. They verified the total number of ballots with the total number of votes cast.

Team 3 (Bonnie Dryer, Jenny LaChance, Barb Ramey) Hand tally ballots from Edge DRE machine. Process started out using a mechanical rolling device to unroll the paper audit trail and tally ballots – marking each candidate counted with a marker. It was determined that the more efficient process was to separate the paper audit trail ballots and hand count individually. They verified the number of ballots tallied with the number recorded on the results tape of the audit trail. Since this was the more laborious process, they were assisted by other tabulators and Board of Canvass members as time permitted.

Board of Canvass: When all three teams finished their process, the election materials were turned over to the Board of Canvass. They verified the result totals, recorded on tabular statement and prepared the canvass reports. All original election materials were secured.
