MEMORANDUM

DATE: For the May 31, 2011 Meeting

TO: Members, Wisconsin Government Accountability Board

FROM: Kevin J. Kennedy
Director and General Counsel
Government Accountability Board

Nathaniel E. Robinson
Elections Division Administrator
Government Accountability Board

Prepared and Presented by:

Shane W. Falk, Staff Counsel
David Buerger, Elections Specialist

SUBJECT: Recall Petition Challenge: Senator Sheila Harsdorf

Introduction:

Staff has prepared this Memorandum to summarize staff's review of the recall petition and any challenges, rebuttal, or reply thereto.

Legal Challenge:

A. Senator Harsdorf's Legal Challenge to the Entirety of the Recall Petition

Senator Harsdorf argues that only the Committee to Recall Harsdorf has filed a registration statement as required by §9.10(2)(d), Wis. Stats., but that the Petitioner, Roy A. Sjoberg, has failed to do so. Senator Harsdorf argues that the Petitioner's act of properly registering according to the requirements of §9.10(2)(d), Wis. Stats., is critical to the sufficiency of a recall petition because the Petitioner may not circulate a petition "prior to completing registration." Essentially, Senator Harsdorf argues that since the Petitioner, Roy A. Sjoberg, has yet to file a registration statement, the 60-day circulation period has not begun and no signatures offered for filing may be counted. Senator Harsdorf argues that the failure of the Petitioner to file a registration statement as the recall petitioner, a mandatory statutory requirement, is fatal to the entirety of the recall petition therefore the G.A.B. should issue a certificate of insufficiency of the recall petition.

The “Memorandum of Law in Support of Senator Sheila Harsdorf’s Written Challenge to the Recall Petition Offered for Filing on April 19, 2011” can be found on the G.A.B. website at: <http://gab.wi.gov/node/1656> (pdf name: “Sen Harsdorf Challenge to Recall Petition.”)

B. Petitioner’s Rebuttal to Senator Harsdorf’s Legal Challenge

The Petitioner, Roy A. Sjoberg, incorporates prior written arguments made regarding Senator Harsdorf’s legal challenge to the petition. As a result of the incorporation of prior written arguments, the Petitioner argues that the G.A.B. accepted his registration statement and appended statement of intent to circulate a recall petition in compliance with Board policy as prescribed by the Board manual entitled Recall of Congressional, County and State Officials (June 2009.) The Petitioner argues that he is a representative of the Committee to Recall Harsdorf and that he is the constitutionally and statutorily required qualified elector eligible to circulate a recall petition.

The Petitioner argues that the Wisconsin Constitution guarantees the right of electors to seek the recall of their elected officials and statutory provisions related to recalls are to be liberally interpreted in favor of the electorate. Finally, the Petitioner notes that §5.01(1), Wis. Stats., provides that the construction of chs. 5 -12, Wis. Stats., “shall give effect to the will of the electors, if that can be ascertained from the proceedings, notwithstanding informality or failure to fully comply with some of its provisions.” The Petitioner requests that the Board order a recall election for Senator Harsdorf.

The “Petitioner’s Rebuttal of Senator Harsdorf’s Challenges to Petitions” can be found on the G.A.B. website at; <http://gab.wi.gov/node/1656>.

C. The Board’s Previous Considerations of the Legal Challenge

At the Board’s meeting on May 23, 2011, the Board had an opportunity to consider the identical legal challenge and rebuttal, after hearing additional argument from both the challenger and petitioner with respect to the recall petitions relating to Senators Kapanke, Hopper, and Olsen. The Board also had an opportunity to consider staff’s legal analysis. With respect to the legal challenges made regarding the recalls of Senators Kapanke, Hopper, and Olsen, the Board adopted the following:

Motion: Adopt staff’s legal analysis, specifically the first paragraph on page 5 of staff’s Memorandum, the legal requirements of §9.10(2)(d), Wis. Stats., have been met, and deny the legal challenge.

With respect to the recall petition for Senator Kapanke, the first paragraph on page 5 of staff’s Memorandum referenced in the Board’s motion provided:

Senator Kapanke does raise an argument that the Petitioner never completed the registration requirement of §9.10(2)(d), Wis. Stats., therefore the 60-day time period for circulation has not yet begun; however, registration was in fact completed on March 2, 2011. There is no dispute that the Committee to Recall Kapanke filed a GAB 1 form campaign registration statement on March 2, 2011, identifying Peter Larson as the Treasurer. There is no dispute that §9.10(2)(d), Wis. Stats.,

permits a recall petitioner to file a registration statement in the form of a committee pursuant to §11.05(1), Wis. Stats. There is no dispute that appended to the Committee to Recall Kapanke GAB 1 form campaign finance registration statement and filed concurrently was Petitioner Patrick Scheller's Statement of Intent to Circulate Recall Petition, which indicated specifically his intent to circulate a recall petition against Senator Kapanke. There is no dispute that Peter Larson and Patrick Scheller are two persons, two individuals. There is no dispute that this meets the definition of committee pursuant to §11.01(4), Wis. Stats. There can be no dispute that "appended" means "to add as a supplement or appendix." Therefore, Petitioner Patrick Scheller did in fact complete the registration required by §9.10(2)(d), Wis. Stats., because the Statement of Intent to Circulate Recall Petition was appended to the GAB 1 form campaign finance registration statement for the Committee to Recall Kapanke and constitutes a supplement thereto.

This same motion was adopted for the recall petitions relating to Senators Kapanke, Hopper, and Olsen. Staff recommends that the Board make the same determination with respect to the petition to recall Senator Harsdorf. For purposes of clarity of the record, staff has reproduced its analysis in Section D below. The analysis is specific to the recall petition against Senator Harsdorf; however, it is the same analysis used for the recall petitions relating to Senators Kapanke, Hopper and Olsen.

In addition to the analysis in Section D below, staff recommends that the Board consider the following, which supplements the analysis in Section D.

At the Board's meeting on May 23, 2011, Counsel for Senator Harsdorf responded to questions from the Board regarding statements made by Counsel in a Memorandum of Law related to the registration of the Jim Holperin Recall Committee and its petitioner, Kim Simac. Counsel for Senator Harsdorf indicated at the May 23, 2011 Board meeting that there is other evidence that Kim Simac is part of the Jim Holperin Recall Committee and it would have been available upon the request of the G.A.B., or provided in response to a legal challenge to the recall registration. Also at the Board's meeting on May 23, 2011, Counsel for Senator Harsdorf argued that the G.A.B. should look beyond the recall registration and require the recall committee to identify its members to confirm that the petitioner is a member of the recall committee.

Senator Harsdorf bears the burden of proof on challenges and that burden is clear and convincing evidence of an insufficiency. §9.10(2)(g), Wis. Stats. See also GAB §§2.07(3)(a) and (4) and 2.11(1), Wis. Adm. Code. Senator Harsdorf has not presented any evidentiary proof to establish that the Petitioner, Roy A. Sjoberg, is not a member of the Committee to Recall Harsdorf and, thus, fails to meet her burden of proof. In addition, the undisputed facts establish that the Committee to Recall Harsdorf filed a GAB-1 form campaign finance statement identifying Peter Larson as Treasurer, Roy A. Sjoberg as the Petitioner appended to this registration his Statement of Intent to circulate a recall petition against Senator Harsdorf, and a Nan Lambert delivered the recall petition to the G.A.B. as a "recall agent." (See Sjoberg Letter dated April 18, 2011 and Recall Petition Receipt that follows this Memorandum.) Since there is no statutory requirement to identify each and every committee member in §11.05(1), Wis. Stats., these three persons presumptively meet the definition of "committee" found in

§11.01(4), Wis. Stats. This mandatory presumption is rebuttable, but here Senator Harsdorf has not presented clear and convincing evidence to rebut the mandatory presumption and shift the burden of production to the Petitioner. See generally *Adams v. State*, 92 Wis.2d 875, 880-885, 289 N.W.2d 318 (Wis. Ct. App. 1980)(General discussions of inferences and presumptions. In the context of a criminal proceeding, mandatory presumptions that are rebuttable are not per se violative of the Fourteenth Amendment right of due process.)

D. Analysis:

The Wisconsin Constitution, Article XIII, Section 12, establishes in detail the rights of qualified electors of the state, of any congressional, judicial or legislative district or of any county to petition for the recall of any incumbent elective officer after the first year of the term for which the incumbent was elected. To demand the recall of an incumbent, the qualified electors file a petition with the filing officer with whom the officer filed his or her nomination petition to the office. The recall petition must be signed by electors equaling at least twenty-five percent of the vote cast for the office of governor at the last preceding election in the district which the incumbent represents. (Article XIII, Section 12(1)). Article XIII, Section 12(7) specifically provides: “This section shall be self-executing and mandatory. Laws may be enacted to facilitate its operation but no law shall be enacted to hamper, restrict or impair the right of recall.” The Wisconsin Constitution continues in Article XIII, Section 12(2-6), to prescribe very specific details of the recall process as follows:

--The date for the recall election: the Tuesday of the 6th week after the date of filing the petition.

--The fact that the incumbent continues to perform the duties of the office until the recall election results are officially declared.

--The incumbent is automatically a candidate for the recall election, unless he or she declines within 10 days after the filing of the petition.

--Other candidates for the recall election may file for the office in the manner provided by law for special elections.

--When 2 or more persons compete for a nonpartisan office, a recall primary shall be held, except that if any candidate receives a majority of the total number of votes cast in the recall primary, that candidate shall assume the office and a recall election shall not be held.

--For any partisan office, a recall primary shall be held for each political party from which more than one candidate competes for the party's nomination in the recall election and specifies that independent candidates shall be shown on the ballot for the recall election only.

--When a recall primary is required, the Tuesday of the 6th week after the date of filing the petition shall be the date of the recall primary and the recall election shall be held on the Tuesday of the 4th week after the recall primary.

--The person who receives the highest number of votes in the recall election shall be elected for the remainder of the term.

--After one such petition and recall election, no further recall petition shall be filed against the same officer during the term for which he or she was elected.

This constitutional right for qualified electors to recall incumbent elective officers was created in 1926 and amended once in 1981. This is not an insignificant constitutional right. Past Legislatures enacted §9.10, Wis. Stats., and its precursors, to facilitate the operation of Article XIII, Section 12, of the Wisconsin Constitution. In fact, §9.10(7), Wis. Stats., specifically states: “The purpose of this section is to facilitate the operation of Article XIII, Section 12, of the Constitution and to extend the same rights to electors of cities, villages, towns, town sanitary districts, and school districts.” (For a detailed history of §9.10, Wis. Stats., see *Recall of Certain Officials of City of Delafield v. Jensen*, 63, Wis.2d 362, 369-371, 217 N.W.2d 277 (Wis. 1974)).

When construing election laws, one must begin with the fundamental principle that the will of the electorate is to be furthered. *Stahovic v. Rajchel*, 122 Wis.2d 370, 376, 363 N.W.2d 243 (Wis. Ct. App. 1984). “Except as otherwise provided, chs.5 to 12 shall be construed to give effect to the will of the electors, if that can be ascertained from the proceedings, notwithstanding informality or failure to comply with some of their provisions.” §5.01(1), Wis. Stats. “The object of election laws is to secure the rights of duly qualified electors and not to defeat them.” *Stahovic*, 122 Wis.2d at 376 (citing *State ex rel. Dithmar v. Bunnell*, 131 Wis. 198, 206, 110 N.W. 177 (Wis. 1907)). A review of Wisconsin case law demonstrates that substantial, and not literal, compliance with election laws has been deemed consistent with §5.01(1), Wis. Stats., and the appellate courts have consistently construed the provisions of election statutes as directory, rather than mandatory, so as to preserve the will of the elector. *Id.* at 377. However, filing deadlines have consistently been treated as mandatory. *Ahlgrimm v. S.E.B.*, 82 Wis.2d 585, 592, 263 N.W.2d 152 (Wis. 1978)(filing nomination papers with the correct filing officer and timely is mandatory.)

“Generally, statutory provisions relating to recall are liberally interpreted in favor of the electorate.” *Id.* at 374. See also *Beckstrom v. Kornsi*, 63 Wis.2d 375, 388, 217 N.W.2d 283 (Wis. 1974); *Matter of Recall of Redner v. Berning*, 153 Wis.2d 383, 388, 450 N.W.2d 808 (Wis. Ct. App. 1989); *Carlson v. Jones*, 147 Wis.2d 630, 636, 433 N.W.2d 635 (Wis. Ct. App. 1988); *Matter of Recall of Haase v. Angove*, 120 Wis.2d 40, 46, 353 N.W.2d 821 (Wis. Ct. App. 1984). The statutory requirements for preparation, signing, and execution of petitions for recall are directory rather than mandatory. *Matter of Recall of Redner*, 153 Wis.2d at 390. See also *Jensen v. Miesbauer*, 121 Wis.2d 467, 469, 360 N.W.2d 535 (Wis. Ct. App. 1984). Only substantial compliance with the recall procedure is necessary and that merely requires the petitions to be circulated in a manner that protects against fraud and assures the signers knew the contents of the petitions. *Id.* at 390-91. See also *Matter of Recall of Haase*, 120 Wis.2d at 46.

Section 9.01(2)(d), Wis. Stats., does state that “no petition may be offered for filing for the recall of an officer unless the petitioner first files a registration statement under §11.05(1) or (2), Wis. Stats.” Section 11.05(1), Wis. Stats., requires a committee to file a registration statement with the G.A.B., if the committee makes or accepts contributions, incurs obligations, or makes disbursements exceeding \$25 in a calendar year. A committee is defined, in part, as

any person other than an individual and any combination of two or more persons which makes or accepts contributions or makes disbursements. §11.01(4), Wis. Stats. Except as provided in §9.10(2)(d), Wis. Stats., §11.05(2) requires any individual who makes or accepts contributions, incurs obligations, or makes disbursements exceeding \$25 in a calendar year to support the election nor nomination of a candidate an election to file a registration statement.

Section 9.01(2)(d), Wis. Stats., further states that “the petitioner shall append to the registration a statement indicating his or her intent to circulate a recall petition” and the name of the officer for whom recall is sought. §9.01(2)(d), Wis. Stats. Finally, “no petitioner may circulate a petition for the recall of an officer prior to completing registration.” *Id.*

Pursuant to §5.05(1), Wis. Stats., the G.A.B. has the general authority for the responsibility of the administration of chs. 5 -12, which specifically includes §9.10, Wis. Stats., relating to recalls. Pursuant to this general authority, the G.A.B. has approved a manual entitled Recall of Congressional, County and State Officials (June 2009). The most recent version of this manual was approved by the G.A.B. on June 22, 2009. The manual provides guidance regarding the application of §9.10, Wis. Stats., relating to recalls. On page 10 of the manual, the G.A.B. advises: “The filing of a Campaign Registration Statement (GAB-1) containing a declaration of intent to circulate a recall petition is treated as registration for campaign finance disclosure purposes.” Furthermore, in the manual’s Glossary of Terms at page 11, “registration” as used in §9.10(2)(d), Wis. Stats., is defined as: “The act of filing a Campaign Registration Statement (GAB-1) with the appropriate filing officer along with a Statement of Intent to Recall, which includes the name of the officeholder and the reason for recall.” Therefore, the Board’s policy has long been that the “registration” constitutes the total of the GAB 1 form campaign finance registration statement along with the Statement of Intent to Recall.

In the instant matter, there is no dispute that the Petitioner, Roy A. Sjoberg, filed the petition to recall Senator Harsdorf with the correct filing officer and within the statutory 60-day deadline for doing so. The Petitioner has satisfied the only arguable mandatory requirements of §9.10(2)(d), Wis. Stats.

Senator Harsdorf does raise an argument that the Petitioner never completed the registration requirement of §9.10(2)(d), Wis. Stats., therefore the 60-day time period for circulation has not yet begun; however, registration was in fact completed on March 2, 2011. There is no dispute that the Committee to Recall Harsdorf filed a GAB 1 form campaign registration statement on March 2, 2011, identifying Peter Larson as the Treasurer. There is no dispute that §9.10(2)(d), Wis. Stats., permits a recall petitioner to file a registration statement in the form of a committee pursuant to §11.05(1), Wis. Stats. There is no dispute that appended to the Committee to Recall Harsdorf GAB 1 form campaign finance registration statement and filed concurrently was Petitioner Roy A. Sjoberg Statement of Intent to Circulate Recall Petition, which indicated specifically his intent to circulate a recall petition against Senator Harsdorf. There is no dispute that Peter Larson and Roy A. Sjoberg are two persons, two individuals. There is no dispute that this meets the definition of committee pursuant to §11.01(4), Wis. Stats. There can be no dispute that “appended” means “to add as a supplement or appendix.” Therefore, Petitioner Roy A. Sjoberg did in fact complete the registration required by §9.10(2)(d), Wis. Stats., because the Statement of Intent to Circulate Recall Petition was appended to the GAB 1 form campaign finance registration statement for the Committee to Recall Harsdorf and constitutes a supplement thereto.

Liberalistically construing the directory requirement of §9.10(2)(d), Wis. Stats., for a petitioner to file a registration, the petitioner has appended to the registration filed by the Committee to Recall Harsdorf a statement of his intent to circulate a recall petition. The registration constitutes the total of the GAB 1 form campaign finance registration statement for the Committee to Recall Harsdorf AND the Statement of Intent to Circulate Recall Petition. Even if one would determine that the GAB 1 form campaign finance registration statement from the Committee to Recall Harsdorf was a separate and distinct document from the Statement of Intent to Circulate Recall Petition filed concurrently by Petitioner Roy A. Sjoberg, the Petitioner has substantially complied with the registration required by §9.10(2)(d), Wis. Stats. Liberalistically construing the statute and to give effect to the will of the substantial numbers of the electorate having signed the recall petition, failure to include Petitioner Roy A. Sjoberg's name on the GAB 1 form campaign finance registration statement is not fatal to the registration because the Petitioner's name and signature were appended to the GAB 1, which substantially complies with the registration requirement of §9.10(2)(d), Wis. Stats.

Interestingly, counsel for Senator Harsdorf has in a separate matter concluded that the registration statement requirements of §9.10(2)(d), Wis. Stats., are satisfied when a Statement of Intent to Circulate a Recall Petition (signed by the Petitioner) is attached to a GAB 1 form campaign finance registration statement for a recall committee (absent the Petitioner's name.) See *Rebuttal to Memorandum in Response to Senator Jim Holperin's Challenge*, page 1. There, counsel for Senator Harsdorf represents a recall committee and petitioner having circulated a petition against a State Senator. The Jim Holperin Recall Committee filed a GAB 1 form campaign finance registration statement and identified Donna Goeddaeus as the Treasurer. In addition, Kim Simac signed a Statement of Intent to Circulate Recall Petition as the recall petitioner; however, Ms. Simac's name does not appear anywhere on the GAB 1 form campaign finance registration statement filed by the Jim Holperin Recall Committee. In describing the background of that recall matter in his Memorandum in Response to Senator Jim Holperin's Challenge, counsel specifically states: "On February 22, 2011, Kim Simac filed with the G.A.B. a statement of her intention to circulate a petition seeking the recall of State Senator Jim Holperin and registered Jim Holperin Recall Committee as a recall committee. Having satisfied the registration requirements of §9.10(2)(d), Wis. Stats., this filing began the statutory 60-day time period within which Ms. Simac could circulate the Recall Petition."

E. Conclusion:

In the context of a specific constitutional right for qualified electors to recall a legislative officer, the constitutional provision prohibiting enactment of laws that hamper, restrict or impair the right of recall, legislative intent as adopted in statute establishing the fundamental principle to give effect to the will of the electors, overwhelming precedent establishing the principle that statutory provisions relating to recall are to be liberalistically construed, overwhelming precedent establishing the principle that the requirements for preparation, signing and execution of petitions for recall are directory rather than mandatory, longstanding policy of the G.A.B. (and former State Elections Board,) and the mandatory presumption that Petitioner Roy A. Sjoberg is a member of the Committee to Recall Harsdorf which has not been rebutted, it is clear that Senator Harsdorf's legal challenge to the recall petition must fail.

Factual Challenges of Individual Signatures:

A total of 15,744 valid recall petition signatures were required for a certification of sufficiency to recall Senator Harsdorf. Following staff's first and second reviews of the recall petition, a total of 23,861 valid signatures were verified.

Staff has prepared an exhibit that follows this Memorandum. Signatures identified by page and line number in staff's exhibit were reviewed more thoroughly as a result of the challenges. If specific challenged signatures are not shaded in staff's exhibit, staff has already struck the signatures after completing its first and second review of the petition and for the same reason as the challenge.

For any signatures shaded in red, staff recommends that the Board affirm the challenge and strike the signatures, reducing staff's verified number of signatures in the same amount.

For any signatures shaded in yellow, staff recommends that the Board deny the challenge for the reasons stated. (If the Board does not adopt staff's recommendation and affirms a challenge to any of the signatures shaded in yellow, those signatures should be struck and staff's verified number of signatures must be reduced in the same amount.)

For any signatures shaded in green, staff recommends that the Board deny the challenge as the signatures were already struck after completing the first and second review of the petition, but for a different reason than the challenge.

A. Failure to Date Signatures:

Challenges of 106 individual signatures for failure to provide a date are set forth in Exhibit A of the Affidavit of John W. Hogan.

Based upon the challenges and staff's review, staff recommends that the Board affirm the challenges and strike the 10 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 10 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 2 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenges. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 10

B. Signatures Outside Circulation Period:

Challenges of 21 individual signatures having fallen outside the circulation period are set forth in Exhibit B of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board accept the 11 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

Recommendation—No Change

C. Signatures Dated Subsequent to Date of Circulator's Certification:

Challenges of 56 individual signatures dated subsequent to the date of the circulator's certification are set forth in Exhibit C of the Affidavit of John W. Hogan.

Based upon the challenges and staff's review, staff recommends that the Board affirm the challenges and strike the 2 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 20 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 1 challenged signature shaded in green was already struck by staff, but for a different reason than the challenge. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 2

D. Inability to Determine Residency by Address Provided:

Challenges of 162 individual signatures for inability to determine residency by address provided are set forth in Exhibit D of the Affidavit of John W. Hogan.

Based upon the challenges and staff's review, staff recommends that the Board affirm the challenges and strike the 6 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 49 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 9 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenges. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 6

E. Signatures from Persons Outside the 18th Senate District:

Challenges of 592 individual signatures from persons outside the 18th Senate District are set forth in Exhibit E of the Affidavit of John W. Hogan.

Based upon the challenges and staff's review, staff recommends that the Board affirm the challenges and strike the 37 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 185 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 15 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenges. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 37

F. Signatures from Unqualified Electors:

Challenges of 11 individual signatures from unqualified electors are set forth in Exhibit F of the Affidavit of John W. Hogan. During the first and second reviews, staff does not examine the elector qualification and eligibility of persons having signed the recall petition.

Based upon the challenges and staff's reviews, staff recommends that the Board affirm the challenges and strike the 11 signatures identified in staff's exhibit, shaded in red.

Recommendation—Reduce Verified Total by 11

G. Duplicate Signatures:

Challenges of 87 individual signatures that have a duplicate (totaling 174) and 2 individual signatures are in triplicate (totaling 6) are set forth in Exhibit G of the Affidavit of John W. Hogan. During the first and second reviews, staff does not examine the recall petition for duplicate signatures.

Based upon the challenges and staff's review, staff recommends that the Board affirm the challenges and strike the 70 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 95 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges. Pursuant to statute and administrative code, the first signature should be included in the total and the Board's approval of the yellow-shaded signatures counts one instance of each.

In the first and second review by staff, 15 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenges. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 70

H. Petition Pages Improperly Certified by Circulator:

Challenges of 28 petition pages containing 143 individual signatures improperly certified by the circulator are set forth in Exhibit H of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board affirm the challenges to 4 of the petition pages containing 40 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept 2 of the petition pages containing 9 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

Recommendation—Reduce Verified Total by 40

I. Failure to Sign:

Challenges that 6 individual signatures do not exist and are set forth in Exhibit I of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board accept the 3 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 3 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenge. Therefore, no change in staff's verified total is warranted.

Recommendation—No Change

J. Illegible or Multiple Signatures With Same Handwriting

Challenges of 56 individual signatures for illegibility or due to multiple signatures appearing to be the same handwriting and are set forth in Exhibit J of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board accept the 56 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

Recommendation—No Change

Summary of Recommendations:

Staff recommends that the Board deny Senator Harsdorf's legal challenge to the whole of the recall petition and affirm or deny the challenges to individual signatures as set forth more fully in the motions below.

Staff recommends that the Board affirm challenges to 176 individual recall petition signatures, deny challenges to 438 individual recall petition signatures, and certify sufficiency of the recall petition with 23,685 valid signatures.

Proposed Motions:

MEMORANDUM

DATE: For the May 31, 2011 Meeting

TO: Members, Wisconsin Government Accountability Board

FROM: Kevin J. Kennedy
Director and General Counsel
Government Accountability Board

Nathaniel E. Robinson
Elections Division Administrator
Government Accountability Board

Prepared and Presented by:

Shane W. Falk, Staff Counsel
David Buerger, Elections Specialist

SUBJECT: Recall Petition Challenge: Senator Robert Cowles

Introduction:

Staff has prepared this Memorandum to summarize staff's review of the recall petition and any challenges, rebuttal, or reply thereto.

Legal Challenge:

A. Senator Cowles' Legal Challenge to the Entirety of the Recall Petition

Senator Cowles argues that only the Committee to Recall Cowles has filed a registration statement as required by §9.10(2)(d), Wis. Stats., but that the Petitioner, Brian Westphal, has failed to do so. Senator Cowles argues that the Petitioner's act of properly registering according to the requirements of §9.10(2)(d), Wis. Stats., is critical to the sufficiency of a recall petition because the Petitioner may not circulate a petition "prior to completing registration." Essentially, Senator Cowles argues that since the Petitioner, Brian Westphal, has yet to file a registration statement, the 60-day circulation period has not begun and no signatures offered for filing may be counted. Senator Cowles argues that the failure of the Petitioner to file a registration statement as the recall petitioner, a mandatory statutory requirement, is fatal to the entirety of the recall petition therefore the G.A.B. should issue a certificate of insufficiency of the recall petition.

The “Memorandum of Law in Support of Senator Robert Cowles’ Written Challenge to the Recall Petition Offered for Filing on April 28, 2011” can be found on the G.A.B. website at: <http://gab.wi.gov/node/1652> (pdf name: “Sen Cowles Challenge to Recall Petition.)

B. Petitioner’s Rebuttal to Senator Cowles’ Legal Challenge

The Petitioner, Brian Westphal, incorporates prior written arguments made regarding Senator Cowles’ legal challenge to the petition. As a result of the incorporation of prior written arguments, the Petitioner argues that the G.A.B. accepted his registration statement and appended statement of intent to circulate a recall petition in compliance with Board policy as prescribed by the Board manual entitled Recall of Congressional, County and State Officials (June 2009.) The Petitioner argues that he is a representative of the Committee to Recall Cowles and that he is the constitutionally and statutorily required qualified elector eligible to circulate a recall petition.

The Petitioner argues that the Wisconsin Constitution guarantees the right of electors to seek the recall of their elected officials and statutory provisions related to recalls are to be liberally interpreted in favor of the electorate. Finally, the Petitioner notes that §5.01(1), Wis. Stats., provides that the construction of chs. 5 -12, Wis. Stats., “shall give effect to the will of the electors, if that can be ascertained from the proceedings, notwithstanding informality or failure to fully comply with some of its provisions.” The Petitioner requests that the Board order a recall election for Senator Cowles.

The “Petitioner’s Rebuttal of Senator Cowles’ Challenges to Petitions” can be found on the G.A.B. website at; <http://gab.wi.gov/node/1652> (pdf entitled “2011 5 11 JPL to Kennedy (GAB) encl Pet Rebuttal.”)

C. The Board’s Previous Considerations of the Legal Challenge

At the Board’s meeting on May 23, 2011, the Board had an opportunity to consider the identical legal challenge and rebuttal, after hearing additional argument from both the challenger and petitioner with respect to the recall petitions relating to Senators Kapanke, Hopper, and Olsen. The Board also had an opportunity to consider staff’s legal analysis. With respect to the legal challenges made regarding the recalls of Senators Kapanke, Hopper, and Olsen, the Board adopted the following:

Motion: Adopt staff’s legal analysis, specifically the first paragraph on page 5 of staff’s Memorandum, the legal requirements of §9.10(2)(d), Wis. Stats., have been met, and deny the legal challenge.

With respect to the recall petition for Senator Kapanke, the first paragraph on page 5 of staff’s Memorandum referenced in the Board’s motion provided:

Senator Kapanke does raise an argument that the Petitioner never completed the registration requirement of §9.10(2)(d), Wis. Stats., therefore the 60-day time period for circulation has not yet begun; however, registration was in fact completed on March 2, 2011. There is no dispute that the Committee to Recall Kapanke filed a GAB 1 form campaign registration statement on March 2, 2011, identifying Peter

Larson as the Treasurer. There is no dispute that §9.10(2)(d), Wis. Stats., permits a recall petitioner to file a registration statement in the form of a committee pursuant to §11.05(1), Wis. Stats. There is no dispute that appended to the Committee to Recall Kapanke GAB 1 form campaign finance registration statement and filed concurrently was Petitioner Patrick Scheller's Statement of Intent to Circulate Recall Petition, which indicated specifically his intent to circulate a recall petition against Senator Kapanke. There is no dispute that Peter Larson and Patrick Scheller are two persons, two individuals. There is no dispute that this meets the definition of committee pursuant to §11.01(4), Wis. Stats. There can be no dispute that "appended" means "to add as a supplement or appendix." Therefore, Petitioner Patrick Scheller did in fact complete the registration required by §9.10(2)(d), Wis. Stats., because the Statement of Intent to Circulate Recall Petition was appended to the GAB 1 form campaign finance registration statement for the Committee to Recall Kapanke and constitutes a supplement thereto.

This same motion denying this legal challenge was adopted for the recall petitions relating to Senators Kapanke, Hopper, and Olsen. Staff recommends that the Board make the same determination with respect to the petition to recall Senator Cowles. For purposes of clarity of the record, staff has reproduced its analysis in Section D below. The analysis is specific to the recall petition against Senator Cowles; however, it is the same analysis used for the recall petitions relating to Senators Kapanke, Hopper and Olsen.

In addition to the analysis in Section D below, staff recommends that the Board consider the following, which supplements the analysis in Section D.

At the Board's meeting on May 23, 2011, Counsel for Senator Cowles responded to questions from the Board regarding statements made by Counsel in a Memorandum of Law related to the registration of the Jim Holperin Recall Committee and its petitioner, Kim Simac. Counsel for Senator Cowles indicated at the May 23, 2011 Board meeting that there is other evidence that Kim Simac is part of the Jim Holperin Recall Committee and it would have been available upon the request of the G.A.B., or provided in response to a legal challenge to the recall registration. Also at the Board's meeting on May 23, 2011, Counsel for Senator Cowles argued that the G.A.B. should look beyond the recall registration and require the recall committee to identify its members to confirm that the petitioner is a member of the recall committee. Senator Cowles bears the burden of proof on challenges and that burden is clear and convincing evidence of an insufficiency. §9.10(2)(g), Wis. Stats. See also GAB §§2.07(3)(a) and (4) and 2.11(1), Wis. Adm. Code. Senator Cowles has not presented any evidentiary proof to establish that the Petitioner, Brian Westphal, is not a member of the Committee to Recall Cowles and, thus, fails to meet his burden of proof. In addition, the undisputed facts establish that the Committee to Recall Cowles filed a GAB-1 form campaign finance statement identifying Peter Larson as Treasurer, Brian Westphal as the Petitioner appended to this registration his Statement of Intent to circulate a recall petition against Senator Cowles, and a Jonah Lenss delivered the recall petition to the G.A.B. as a "recall agent." (See Westphal Letter dated April 18, 2011 and Recall Petition Receipt that follows this Memorandum.) Since there is no statutory requirement to identify each and every committee member in §11.05(1), Wis. Stats., these three persons presumptively meet the definition of "committee" found in §11.01(4), Wis. Stats. This mandatory presumption is rebuttable, but

here Senator Cowles has not presented clear and convincing evidence to rebut the mandatory presumption and shift the burden of production to the Petitioner. See generally *Adams v. State*, 92 Wis.2d 875, 880-885, 289 N.W.2d 318 (Wis. Ct. App. 1980)(General discussions of inferences and presumptions. In the context of a criminal proceeding, mandatory presumptions that are rebuttable are not per se violative of the Fourteenth Amendment right of due process.)

D. Analysis:

The Wisconsin Constitution, Article XIII, Section 12, establishes in detail the rights of qualified electors of the state, of any congressional, judicial or legislative district or of any county to petition for the recall of any incumbent elective officer after the first year of the term for which the incumbent was elected. To demand the recall of an incumbent, the qualified electors file a petition with the filing officer with whom the officer filed his or her nomination petition to the office. The recall petition must be signed by electors equaling at least twenty-five percent of the vote cast for the office of governor at the last preceding election in the district which the incumbent represents. (Article XIII, Section 12(1)). Article XIII, Section 12(7) specifically provides: "This section shall be self-executing and mandatory. Laws may be enacted to facilitate its operation but no law shall be enacted to hamper, restrict or impair the right of recall." The Wisconsin Constitution continues in Article XIII, Section 12(2-6), to prescribe very specific details of the recall process as follows:

--The date for the recall election: the Tuesday of the 6th week after the date of filing the petition.

--The fact that the incumbent continues to perform the duties of the office until the recall election results are officially declared.

--The incumbent is automatically a candidate for the recall election, unless he or she declines within 10 days after the filing of the petition.

--Other candidates for the recall election may file for the office in the manner provided by law for special elections.

--When 2 or more persons compete for a nonpartisan office, a recall primary shall be held, except that if any candidate receives a majority of the total number of votes cast in the recall primary, that candidate shall assume the office and a recall election shall not be held.

--For any partisan office, a recall primary shall be held for each political party from which more than one candidate competes for the party's nomination in the recall election and specifies that independent candidates shall be shown on the ballot for the recall election only.

--When a recall primary is required, the Tuesday of the 6th week after the date of filing the petition shall be the date of the recall primary and the recall election shall be held on the Tuesday of the 4th week after the recall primary.

--The person who receives the highest number of votes in the recall election shall be elected for the remainder of the term.

--After one such petition and recall election, no further recall petition shall be filed against the same officer during the term for which he or she was elected.

This constitutional right for qualified electors to recall incumbent elective officers was created in 1926 and amended once in 1981. This is not an insignificant constitutional right. Past Legislatures enacted §9.10, Wis. Stats., and its precursors, to facilitate the operation of Article XIII, Section 12, of the Wisconsin Constitution. In fact, §9.10(7), Wis. Stats., specifically states: “The purpose of this section is to facilitate the operation of Article XIII, Section 12, of the Constitution and to extend the same rights to electors of cities, villages, towns, town sanitary districts, and school districts.” (For a detailed history of §9.10, Wis. Stats., see *Recall of Certain Officials of City of Delafield v. Jensen*, 63, Wis.2d 362, 369-371, 217 N.W.2d 277 (Wis. 1974)).

When construing election laws, one must begin with the fundamental principle that the will of the electorate is to be furthered. *Stahovic v. Rajchel*, 122 Wis.2d 370, 376, 363 N.W.2d 243 (Wis. Ct. App. 1984). “Except as otherwise provided, chs.5 to 12 shall be construed to give effect to the will of the electors, if that can be ascertained from the proceedings, notwithstanding informality or failure to comply with some of their provisions.” §5.01(1), Wis. Stats. “The object of election laws is to secure the rights of duly qualified electors and not to defeat them.” *Stahovic*, 122 Wis.2d at 376 (citing *State ex rel. Dithmar v. Bunnell*, 131 Wis. 198, 206, 110 N.W. 177 (Wis. 1907)). A review of Wisconsin case law demonstrates that substantial, and not literal, compliance with election laws has been deemed consistent with §5.01(1), Wis. Stats., and the appellate courts have consistently construed the provisions of election statutes as directory, rather than mandatory, so as to preserve the will of the elector. *Id.* at 377. Section 9.01(2)(d), Wis. Stats., does state that “no petition may be offered for filing for the recall of an officer unless the petitioner first files a registration statement under §11.05(1) or (2), Wis. Stats.” Section 11.05(1), Wis. Stats., requires a committee to file a registration statement with the G.A.B., if the committee makes or accepts contributions, incurs obligations, or makes disbursements exceeding \$25 in a calendar year. A committee is defined, in part, as any person other than an individual and any combination of two or more persons which makes or accepts contributions or makes disbursements. §11.01(4), Wis. Stats. Except as provided in

§9.10(2)(d), Wis. Stats., §11.05(2) requires any individual who makes or accepts contributions, incurs obligations, or makes disbursements exceeding \$25 in a calendar year to support the election nor nomination of a candidate an election to file a registration statement.

Section 9.01(2)(d), Wis. Stats., further states that “the petitioner shall append to the registration a statement indicating his or her intent to circulate a recall petition” and the name of the officer for whom recall is sought. §9.01(2)(d), Wis. Stats. Finally, “no petitioner may circulate a petition for the recall of an officer prior to completing registration.” *Id.*

Pursuant to §5.05(1), Wis. Stats., the G.A.B. has the general authority for the responsibility of the administration of chs. 5 -12, which specifically includes §9.10, Wis. Stats., relating to recalls. Pursuant to this general authority, the G.A.B. has approved a manual entitled Recall of Congressional, County and State Officials (June 2009). The most recent version of this manual was approved by the G.A.B. on June 22, 2009. The manual provides guidance regarding the application of §9.10, Wis. Stats., relating to recalls. On page 10 of the manual, the G.A.B. advises: “The filing of a Campaign Registration Statement (GAB-1) containing a declaration of intent to circulate a recall petition is treated as registration for campaign finance disclosure purposes.” Furthermore, in the manual’s Glossary of Terms at page 11, “registration” as used in §9.10(2)(d), Wis. Stats., is defined as: “The act of filing a Campaign Registration Statement (GAB-1) with the appropriate filing officer along with a Statement of Intent to Recall, which includes the name of the officeholder and the reason for recall.” Therefore, the Board’s policy has long been that the “registration” constitutes the total of the GAB 1 form campaign finance registration statement along with the Statement of Intent to Recall.

In the instant matter, there is no dispute that the Petitioner, Brian Westphal, filed the petition to recall Senator Harsdorf with the correct filing officer and within the statutory 60-day deadline for doing so. The Petitioner has satisfied the only arguable mandatory requirements of §9.10(2)(d), Wis. Stats.

Senator Cowles does raise an argument that the Petitioner never completed the registration requirement of §9.10(2)(d), Wis. Stats., therefore the 60-day time period for circulation has not yet begun; however, registration was in fact completed on March 2, 2011. There is no dispute that the Committee to Recall Cowles filed a GAB 1 form campaign registration statement on March 2, 2011, identifying Peter Larson as the Treasurer. There is no dispute that §9.10(2)(d), Wis. Stats., permits a recall petitioner to file a registration statement in the form of a committee pursuant to §11.05(1), Wis. Stats. There is no dispute that appended to the Committee to Recall Cowles GAB 1 form campaign finance registration statement and filed concurrently was Petitioner Brian Westphal’s Statement of Intent to Circulate Recall Petition, which indicated specifically his intent to circulate a recall petition against Senator Cowles. There is no dispute that Peter Larson and Brian Westphal are two persons, two individuals. There is no dispute that this meets the definition of committee pursuant to §11.01(4), Wis. Stats. There can be no dispute that “appended” means “to add as a supplement or appendix.” Therefore, Petitioner Brian Westphal did in fact complete the registration required by §9.10(2)(d), Wis. Stats., because the Statement of Intent to Circulate Recall Petition was appended to the GAB 1 form campaign finance registration statement for the Committee to Recall Cowles and constitutes a supplement thereto.

Liberal construing the directory requirement of §9.10(2)(d), Wis. Stats., for a petitioner to file a registration, the petitioner has appended to the registration filed by the Committee to Recall Cowles a statement of his intent to circulate a recall petition. The registration constitutes the total of the GAB 1 form campaign finance registration statement for the Committee to Recall Cowles AND the Statement of Intent to Circulate Recall Petition. Even if one would determine that the GAB 1 form campaign finance registration statement from the Committee to Recall Cowles was a separate and distinct document from the Statement of Intent to Circulate Recall Petition filed concurrently by Petitioner Brian Westphal, the Petitioner has substantially complied with the registration required by §9.10(2)(d), Wis. Stats. Liberally construing the statute and to give effect to the will of the substantial numbers of the electorate having signed the recall petition, failure to include Petitioner Brian Westphal's name on the GAB 1 form campaign finance registration statement is not fatal to the registration because the Petitioner's name and signature were appended to the GAB 1, which substantially complies with the registration requirement of §9.10(2)(d), Wis. Stats.

Interestingly, counsel for Senator Cowles has in a separate matter concluded that the registration statement requirements of §9.10(2)(d), Wis. Stats., are satisfied when a Statement of Intent to Circulate a Recall Petition (signed by the Petitioner) is attached to a GAB 1 form campaign finance registration statement for a recall committee (absent the Petitioner's name.) See *Rebuttal to Memorandum in Response to Senator Jim Holperin's Challenge*, page 1. There, counsel for Senator Harsdorf represents a recall committee and petitioner having circulated a petition against a State Senator. The Jim Holperin Recall Committee filed a GAB 1 form campaign finance registration statement and identified Donna Goeddaeus as the Treasurer. In addition, Kim Simac signed a Statement of Intent to Circulate Recall Petition as the recall petitioner; however, Ms. Simac's name does not appear anywhere on the GAB 1 form campaign finance registration statement filed by the Jim Holperin Recall Committee. In describing the background of that recall matter in his Memorandum in Response to Senator Jim Holperin's Challenge, counsel specifically states: "On February 22, 2011, Kim Simac filed with the G.A.B. a statement of her intention to circulate a petition seeking the recall of State Senator Jim Holperin and registered Jim Holperin Recall Committee as a recall committee. Having satisfied the registration requirements of §9.10(2)(d), Wis. Stats., this filing began the statutory 60-day time period within which Ms. Simac could circulate the Recall Petition."

E. Conclusion:

In the context of a specific constitutional right for qualified electors to recall a legislative officer, the constitutional provision prohibiting enactment of laws that hamper, restrict or impair the right of recall, legislative intent as adopted in statute establishing the fundamental principle to give effect to the will of the electors, overwhelming precedent establishing the principle that statutory provisions relating to recall are to be liberally construed, overwhelming precedent establishing the principle that the requirements for preparation, signing and execution of petitions for recall are directory rather than mandatory, longstanding policy of the G.A.B. (and former State Elections Board,) and the mandatory presumption that Petitioner Brian Westphal is a member of the Committee to Recall Cowles which has not been rebutted, it is clear that Senator Cowles' legal challenge to the recall petition must fail.

Factual Challenges of Individual Signatures:

A total of 15,960 valid recall petition signatures were required for a certification of sufficiency to recall Senator Cowles. Following staff's first and second reviews of the recall petition, a total of 23,959 valid signatures were verified. Senator Cowles has not challenged any individual petition signatures.

Summary of Recommendations:

Staff recommends that the Board deny Senator Cowles' legal challenge to the whole of the recall petition.

Staff recommends that the Board certify sufficiency of the recall petition with 23,959 valid signatures.

Proposed Motions:

MOTION: Adopt staff's legal analysis, specifically as found in the last paragraph on page 6 of this Memorandum, and deny Senator Cowles' legal challenge to the whole of the recall petition.

MOTION: Verify 23,959 valid signatures to recall Senator Cowles direct staff to file the recall petition and attach a certificate of sufficiency on May 31, 2011 but no later than June 3, 2011, as well as call a recall election for Senator Cowles for July 12, 2011.

SUBJECT: Recall Petition Challenge: Senator Alberta Darling

Introduction:

Staff has prepared this Memorandum to summarize staff's review of the recall petition and any challenges, rebuttal, or reply thereto.

Legal Challenge:

A. Senator Darling's Legal Challenge to the Entirety of the Recall Petition

Senator Darling argues that only the Committee to Recall Darling has filed a registration statement as required by §9.10(2)(d), Wis. Stats., but that the Petitioner, Naomi Cobb, has failed to do so. Senator Darling argues that the Petitioner's act of properly registering according to the requirements of §9.10(2)(d), Wis. Stats., is critical to the sufficiency of a recall petition because the Petitioner may not circulate a petition "prior to completing registration." Essentially, Senator Darling argues that since the Petitioner, Naomi Cobb, has yet to file a registration statement, the 60-day circulation period has not begun and no signatures offered for filing may be counted. Senator Darling argues that the failure of the Petitioner to file a registration statement as the recall petitioner, a mandatory statutory requirement, is fatal to the entirety of the recall petition therefore the G.A.B. should issue a certificate of insufficiency of the recall petition.

Senator Darling also generally challenges the integrity of the recall process itself. This argument will be addressed more fully in the below section entitled “General Challenge and Factual Challenges of Individual Signatures,” section (A) “General Challenge of Recall Process Integrity.”

The “Memorandum of Law in Support of Senator Alberta Darling’s Written Challenge to the Recall Petition Offered for Filing on April 21, 2011” can be found on the G.A.B. website at: <http://gab.wi.gov/node/1655> (pdf name: “Memorandum of Law in Support of Sen Darling Challenge.”) “Senator Darling’s Reply in Support of Her Written Challenge to the Recall Petition Offered for Filing on April 21, 2011” can be found on the G.A.B. website at: <http://gab.wi.gov/node/1655>. (pdf name: “Sen Darling Reply in Support of Challenge.”)

B. Petitioner’s Rebuttal to Senator Darling’s Legal Challenge

The Petitioner, Naomi Cobb, incorporates prior written arguments made regarding Senator Darling’s legal challenge to the petition. As a result of the incorporation of prior written arguments, the Petitioner argues that the G.A.B. accepted her registration statement and appended statement of intent to circulate a recall petition in compliance with Board policy as prescribed by the Board manual entitled Recall of Congressional, County and State Officials (June 2009.) The Petitioner argues that she is a representative of the Committee to Recall Darling and that she is the constitutionally and statutorily required qualified elector eligible to circulate a recall petition.

The Petitioner argues that the Wisconsin Constitution guarantees the right of electors to seek the recall of their elected officials and statutory provisions related to recalls are to be liberally interpreted in favor of the electorate. Finally, the Petitioner notes that §5.01(1), Wis. Stats., provides that the construction of chs. 5 -12, Wis. Stats., “shall give effect to the will of the electors, if that can be ascertained from the proceedings, notwithstanding informality or failure to fully comply with some of its provisions.” The Petitioner requests that the Board order a recall election for Senator Darling.

The “Petitioner’s Rebuttal of Senator Darling’s Challenges to Petitions” can be found on the G.A.B. website at: <http://gab.wi.gov/node/1655>. (pdf name: “Darling Rebuttal.”)

C. The Board’s Previous Considerations of the Legal Challenge

At the Board’s meeting on May 23, 2011, the Board had an opportunity to consider the identical legal challenge and rebuttal, after hearing additional argument from both the challenger and petitioner with respect to the recall petitions relating to Senators Kapanke, Hopper, and Olsen. The Board also had an opportunity to consider staff’s legal analysis. With respect to the legal challenges made regarding the recalls of Senators Kapanke, Hopper, and Olsen, the Board adopted the following:

Motion: Adopt staff’s legal analysis, specifically the first paragraph on page 5 of staff’s Memorandum, the legal requirements of §9.10(2)(d), Wis. Stats., have been met, and deny the legal challenge.

With respect to the recall petition for Senator Kapanke, the first paragraph on page 5 of staff’s Memorandum referenced in the Board’s motion provided:

Senator Kapanke does raise an argument that the Petitioner never completed the registration requirement of §9.10(2)(d), Wis. Stats., therefore the 60-day time period for circulation has not yet begun; however, registration was in fact completed on March 2, 2011. There is no dispute that the Committee to Recall Kapanke filed a GAB 1 form campaign registration statement on March 2, 2011, identifying Peter Larson as the Treasurer. There is no dispute that §9.10(2)(d), Wis. Stats., permits a recall petitioner to file a registration statement in the form of a committee pursuant to §11.05(1), Wis. Stats. There is no dispute that appended to the Committee to Recall Kapanke GAB 1 form campaign finance registration statement and filed concurrently was Petitioner Patrick Scheller's Statement of Intent to Circulate Recall Petition, which indicated specifically his intent to circulate a recall petition against Senator Kapanke. There is no dispute that Peter Larson and Patrick Scheller are two persons, two individuals. There is no dispute that this meets the definition of committee pursuant to §11.01(4), Wis. Stats. There can be no dispute that "appended" means "to add as a supplement or appendix." Therefore, Petitioner Patrick Scheller did in fact complete the registration required by §9.10(2)(d), Wis. Stats., because the Statement of Intent to Circulate Recall Petition was appended to the GAB 1 form campaign finance registration statement for the Committee to Recall Kapanke and constitutes a supplement thereto.

This same motion was adopted for the recall petitions relating to Senators Kapanke, Hopper, and Olsen. Staff recommends that the Board make the same determination with respect to the petition to recall Senator Darling. For purposes of clarity of the record, staff has reproduced its analysis in Section D below. The analysis is specific to the recall petition against Senator Darling; however, it is the same analysis used for the recall petitions relating to Senators Kapanke, Hopper and Olsen.

In addition to the analysis in Section D below, staff recommends that the Board consider the following, which supplements the analysis in Section D.

At the Board's meeting on May 23, 2011, Counsel for Senator Darling responded to questions from the Board regarding statements made by Counsel in a Memorandum of Law related to the registration of the Jim Holperin Recall Committee and its petitioner, Kim Simac. Counsel for Senator Darling indicated at the May 23, 2011 Board meeting that there is other evidence that Kim Simac is part of the Jim Holperin Recall Committee and it would have been available upon the request of the G.A.B., or provided in response to a legal challenge to the recall registration. Also at the Board's meeting on May 23, 2011, Counsel for Senator Darling argued that the G.A.B. should look beyond the recall registration and require the recall committee to identify its members to confirm that the petitioner is a member of the recall committee. Senator Darling bears the burden of proof on challenges and that burden is clear and convincing evidence of an insufficiency. §9.10(2)(g), Wis. Stats. See also GAB §§2.07(3)(a) and (4) and 2.11(1), Wis. Adm. Code. Senator Darling has not presented any evidentiary proof to establish that the Petitioner, Naomi Cobb, is not a member of the Committee to Recall Darling and, thus, fails to meet her burden of proof. In addition, the undisputed facts establish that the Committee to Recall Darling filed a GAB-1 form campaign

finance statement identifying Peter Larson as Treasurer, Naomi Cobb as the Petitioner appended to this registration her Statement of Intent to circulate a recall petition against Senator Darling, and Naomi Cobb actually offered the petition for filing on April 21, 2011. Since there is no statutory requirement to identify each and every committee member in §11.05(1), Wis. Stats., these two persons presumptively meet the definition of “committee” found in §11.01(4), Wis. Stats. This mandatory presumption is rebuttable, but here Senator Darling has not presented clear and convincing evidence to rebut the mandatory presumption and shift the burden of production to the Petitioner. See generally *Adams v. State*, 92 Wis.2d 875, 880-885, 289 N.W.2d 318 (Wis. Ct. App. 1980)(General discussions of inferences and presumptions. In the context of a criminal proceeding, mandatory presumptions that are rebuttable are not per se violative of the Fourteenth Amendment right of due process.)

D. Analysis:

The Wisconsin Constitution, Article XIII, Section 12, establishes in detail the rights of qualified electors of the state, of any congressional, judicial or legislative district or of any county to petition for the recall of any incumbent elective officer after the first year of the term for which the incumbent was elected. To demand the recall of an incumbent, the qualified electors file a petition with the filing officer with whom the officer filed his or her nomination petition to the office. The recall petition must be signed by electors equaling at least twenty-five percent of the vote cast for the office of governor at the last preceding election in the district which the incumbent represents. (Article XIII, Section 12(1)). Article XIII, Section 12(7) specifically provides: “This section shall be self-executing and mandatory. Laws may be enacted to facilitate its operation but no law shall be enacted to hamper, restrict or impair the right of recall.” The Wisconsin Constitution continues in Article XIII, Section 12(2-6), to prescribe very specific details of the recall process as follows:

--The date for the recall election: the Tuesday of the 6th week after the date of filing the petition.

--The fact that the incumbent continues to perform the duties of the office until the recall election results are officially declared.

--The incumbent is automatically a candidate for the recall election, unless he or she declines within 10 days after the filing of the petition.

--Other candidates for the recall election may file for the office in the manner provided by law for special elections.

--When 2 or more persons compete for a nonpartisan office, a recall primary shall be held, except that if any candidate receives a majority of the total number of votes cast in the recall primary, that candidate shall assume the office and a recall election shall not be held.

--For any partisan office, a recall primary shall be held for each political party from which more than one candidate competes for the party’s nomination in the recall election and specifies that independent candidates shall be shown on the ballot for the recall election only.

--When a recall primary is required, the Tuesday of the 6th week after the date of filing the petition shall be the date of the recall primary and the recall election shall be held on the Tuesday of the 4th week after the recall primary.

--The person who receives the highest number of votes in the recall election shall be elected for the remainder of the term.

--After one such petition and recall election, no further recall petition shall be filed against the same officer during the term for which he or she was elected.

This constitutional right for qualified electors to recall incumbent elective officers was created in 1926 and amended once in 1981. This is not an insignificant constitutional right. Past Legislatures enacted §9.10, Wis. Stats., and its precursors, to facilitate the operation of Article XIII, Section 12, of the Wisconsin Constitution. In fact, §9.10(7), Wis. Stats., specifically states: “The purpose of this section is to facilitate the operation of Article XIII, Section 12, of the Constitution and to extend the same rights to electors of cities, villages, towns, town sanitary districts, and school districts.” (For a detailed history of §9.10, Wis. Stats., see *Recall of Certain Officials of City of Delafield v. Jensen*, 63, Wis.2d 362, 369-371, 217 N.W.2d 277 (Wis. 1974)).

When construing election laws, one must begin with the fundamental principle that the will of the electorate is to be furthered. *Stahovic v. Rajchel*, 122 Wis.2d 370, 376, 363 N.W.2d 243 (Wis. Ct. App. 1984). “Except as otherwise provided, chs.5 to 12 shall be construed to give effect to the will of the electors, if that can be ascertained from the proceedings, notwithstanding informality or failure to comply with some of their provisions.” §5.01(1), Wis. Stats. “The object of election laws is to secure the rights of duly qualified electors and not to defeat them.” *Stahovic*, 122 Wis.2d at 376 (citing *State ex rel. Dithmar v. Bunnell*, 131 Wis. 198, 206, 110 N.W. 177 (Wis. 1907)). A review of Wisconsin case law demonstrates that substantial, and not literal, compliance with election laws has been deemed consistent with §5.01(1), Wis. Stats., and the appellate courts have consistently construed the provisions of election statutes as directory, rather than mandatory, so as to preserve the will of the elector. *Id.* at 377. However, filing deadlines have consistently been treated as mandatory. *Ahlgrimm v. S.E.B.*, 82 Wis.2d 585, 592, 263 N.W.2d 152 (Wis. 1978)(filing nomination papers with the correct filing officer and timely is mandatory.)

“Generally, statutory provisions relating to recall are liberally interpreted in favor of the electorate.” *Id.* at 374. See also *Beckstrom v. Kornsi*, 63 Wis.2d 375, 388, 217 N.W.2d 283 (Wis. 1974); *Matter of Recall of Redner v. Berning*, 153 Wis.2d 383, 388, 450 N.W.2d 808 (Wis. Ct. App. 1989); *Carlson v. Jones*, 147 Wis.2d 630, 636, 433 N.W.2d 635 (Wis. Ct. App. 1988); *Matter of Recall of Haase v. Angove*, 120 Wis.2d 40, 46, 353 N.W.2d 821 (Wis. Ct. App. 1984). The statutory requirements for preparation, signing, and execution of petitions for recall are directory rather than mandatory. *Matter of Recall of Redner*, 153 Wis.2d at 390. See also *Jensen v. Miesbauer*, 121 Wis.2d 467, 469, 360 N.W.2d 535 (Wis. Ct. App. 1984). Only substantial compliance with the recall procedure is necessary and that merely requires the petitions to be circulated in a manner that protects against fraud and assures the signers knew the contents of the petitions. *Id.* at 390-91. See also *Matter of Recall of Haase*, 120 Wis.2d at 46.

Section 9.01(2)(d), Wis. Stats., does state that “no petition may be offered for filing for the recall of an officer unless the petitioner first files a registration statement under §11.05(1) or (2), Wis. Stats.” Section 11.05(1), Wis. Stats., requires a committee to file a registration statement with the G.A.B., if the committee makes or accepts contributions, incurs obligations, or makes disbursements exceeding \$25 in a calendar year. A committee is defined, in part, as any person other than an individual and any combination of two or more persons which makes or accepts contributions or makes disbursements. §11.01(4), Wis. Stats. Except as provided in §9.10(2)(d), Wis. Stats., §11.05(2) requires any individual who makes or accepts contributions, incurs obligations, or makes disbursements exceeding \$25 in a calendar year to support the election nor nomination of a candidate an election to file a registration statement.

Section 9.01(2)(d), Wis. Stats., further states that “the petitioner shall append to the registration a statement indicating his or her intent to circulate a recall petition” and the name of the officer for whom recall is sought. §9.01(2)(d), Wis. Stats. Finally, “no petitioner may circulate a petition for the recall of an officer prior to completing registration.” *Id.*

Pursuant to §5.05(1), Wis. Stats., the G.A.B. has the general authority for the responsibility of the administration of chs. 5 -12, which specifically includes §9.10, Wis. Stats., relating to recalls. Pursuant to this general authority, the G.A.B. has approved a manual entitled Recall of Congressional, County and State Officials (June 2009). The most recent version of this manual was approved by the G.A.B. on June 22, 2009. The manual provides guidance regarding the application of §9.10, Wis. Stats., relating to recalls. On page 10 of the manual, the G.A.B. advises: “The filing of a Campaign Registration Statement (GAB-1) containing a declaration of intent to circulate a recall petition is treated as registration for campaign finance disclosure purposes.” Furthermore, in the manual’s Glossary of Terms at page 11, “registration” as used in §9.10(2)(d), Wis. Stats., is defined as: “The act of filing a Campaign Registration Statement (GAB-1) with the appropriate filing officer along with a Statement of Intent to Recall, which includes the name of the officeholder and the reason for recall.” Therefore, the Board’s policy has long been that the “registration” constitutes the total of the GAB 1 form campaign finance registration statement along with the Statement of Intent to Recall.

In the instant matter, there is no dispute that the Petitioner, Naomi Cobb, filed the petition to recall Senator Darling with the correct filing officer and within the statutory 60-day deadline for doing so. The Petitioner has satisfied the only arguable mandatory requirements of §9.10(2)(d), Wis. Stats.

Senator Darling does raise an argument that the Petitioner never completed the registration requirement of §9.10(2)(d), Wis. Stats., therefore the 60-day time period for circulation has not yet begun; however, registration was in fact completed on March 2, 2011. There is no dispute that the Committee to Recall Darling filed a GAB 1 form campaign registration statement on March 2, 2011, identifying Peter Larson as the Treasurer. There is no dispute that §9.10(2)(d), Wis. Stats., permits a recall petitioner to file a registration statement in the form of a committee pursuant to §11.05(1), Wis. Stats. There is no dispute that appended to the Committee to Recall Darling GAB 1 form campaign finance registration statement and filed concurrently was Petitioner Naomi Cobb Statement of Intent to Circulate Recall Petition, which indicated specifically her intent to circulate a recall petition against Senator Darling. There is no dispute that Peter Larson and Naomi Cobb are two persons, two individuals. There is no dispute that this meets the definition of committee pursuant to §11.01(4), Wis. Stats.

There can be no dispute that “appended” means “to add as a supplement or appendix.” Therefore, Petitioner Naomi Cobb did in fact complete the registration required by §9.10(2)(d), Wis. Stats., because the Statement of Intent to Circulate Recall Petition was appended to the GAB 1 form campaign finance registration statement for the Committee to Recall Darling and constitutes a supplement thereto.

Liberalizing the directory requirement of §9.10(2)(d), Wis. Stats., for a petitioner to file a registration, the petitioner has appended to the registration filed by the Committee to Recall Darling a statement of her intent to circulate a recall petition. The registration constitutes the total of the GAB 1 form campaign finance registration statement for the Committee to Recall Darling AND the Statement of Intent to Circulate Recall Petition. Even if one would determine that the GAB 1 form campaign finance registration statement from the Committee to Recall Darling was a separate and distinct document from the Statement of Intent to Circulate Recall Petition filed concurrently by Petitioner Naomi Cobb, the Petitioner has substantially complied with the registration required by §9.10(2)(d), Wis. Stats. Liberalizing the statute and to give effect to the will of the substantial numbers of the electorate having signed the recall petition, failure to include Petitioner Naomi Cobb’s name on the GAB 1 form campaign finance registration statement is not fatal to the registration because the Petitioner’s name and signature were appended to the GAB 1, which substantially complies with the registration requirement of §9.10(2)(d), Wis. Stats.

Interestingly, counsel for Senator Darling has in a separate matter concluded that the registration statement requirements of §9.10(2)(d), Wis. Stats., are satisfied when a Statement of Intent to Circulate a Recall Petition (signed by the Petitioner) is attached to a GAB 1 form campaign finance registration statement for a recall committee (absent the Petitioner’s name.) See *Rebuttal to Memorandum in Response to Senator Jim Holperin’s Challenge*, page 1. There, counsel for Senator Harsdorf represents a recall committee and petitioner having circulated a petition against a State Senator. The Jim Holperin Recall Committee filed a GAB 1 form campaign finance registration statement and identified Donna Goeddaeus as the Treasurer. In addition, Kim Simac signed a Statement of Intent to Circulate Recall Petition as the recall petitioner; however, Ms. Simac’s name does not appear anywhere on the GAB 1 form campaign finance registration statement filed by the Jim Holperin Recall Committee. In describing the background of that recall matter in his Memorandum in Response to Senator Jim Holperin’s Challenge, counsel specifically states: “On February 22, 2011, Kim Simac filed with the G.A.B. a statement of her intention to circulate a petition seeking the recall of State Senator Jim Holperin and registered Jim Holperin Recall Committee as a recall committee. Having satisfied the registration requirements of §9.10(2)(d), Wis. Stats., this filing began the statutory 60-day time period within which Ms. Simac could circulate the Recall Petition.”

E. Conclusion:

In the context of a specific constitutional right for qualified electors to recall a legislative officer, the constitutional provision prohibiting enactment of laws that hamper, restrict or impair the right of recall, legislative intent as adopted in statute establishing the fundamental principle to give effect to the will of the electors, overwhelming precedent establishing the principle that statutory provisions relating to recall are to be liberally construed, overwhelming precedent establishing the principle that the requirements for preparation, signing and execution of petitions for recall are directory rather than mandatory, longstanding policy of the G.A.B. (and former State Elections Board,) and the mandatory

presumption that Petitioner Naomi Cobb is a member of the Committee to Recall Darling which has not been rebutted, it is clear that Senator Darling's legal challenge to the recall petition must fail.

General Challenge and Factual Challenges of Individual Signatures:

A. General Challenge of Recall Process Integrity

In the "Memorandum of Law in Support of Senator Alberta Darling's Written Challenge to the Recall Petition Offered for Filing on April 21, 2011 (hereafter "Senator Darling's Memorandum of Law,") page 2, Senator Darling argues generally that the recall process is flawed because there is no meaningful review of the recall petition to determine whether it truly represents a petition "signed by electors equal to at least 25% of the vote cast for the office of governor at the last election," pursuant to §9.10(1)(b), Wis. Stats. (See also, Wisconsin Constitution, Article XIII, Section 12(1)). Senator Darling further argues that "while the Wisconsin Constitution guarantees the electors of this state the right to recall elective officials, the process that has been established provides scant protection against abuse, misdeeds and outright fraud." *Id.* Senator Darling points to a signature by "Adolf Hitler" as proof of the ease with which a circulator of a recall petition can manipulate the process. *Id.*

Senator Darling argues that no meaningful review of a recall petition can occur, unless the G.A.B. visits each and every purported residence listed on the petition and asks the inhabitants whether the named individual on the petition resides there. *Id.* at pages 2-3. Only if there is a "yes" answer to the questioning by the G.A.B. of the inhabitant at the residence could there be an assurance or confirmation that the recall petition signatory is a live person within the district. *Id.* at page 3. Senator Darling states: "The ease with which bogus names and/or signatures can be appended to a recall petition greatly surpasses any manner of fraud that can be perpetrated on the electors during an election . . . where a live body needs to present himself or herself at the polling place and identify the name and address of a qualified elector before casting a ballot." *Id.* Senator Darling alleges that neither she, the G.A.B., nor the actual electors of the 8th Senate District "have any way of knowing whether the other nine names that accompanied Adolf Hitler's signature on page 3504 of the recall petition, or, in fact, any of the over 30,000 names submitted with his signature represent persons who actually signed the petition, are real, dead or alive, juvenile or adult or resident or non-resident of the 8th Senate District." *Id.* at page 2. In sum, Senator Darling argues that the entire recall petition process is "devoid of any meaningful check or balance" and that it results in the disenfranchisement of those electors who oppose the recall.

Analysis:

A recall petition must be signed by electors equaling at least twenty-five percent of the vote cast for the office of governor at the last preceding election in the district which the incumbent represents. (Article XIII, Section 12(1)). Article XIII, Section 12(7) specifically provides: "This section shall be self-executing and mandatory. Laws may be enacted to facilitate its operation but no law shall be enacted to hamper, restrict or impair the right of recall."

When construing election laws, one must begin with the fundamental principle that the will of the electorate is to be furthered. *Stahovic v. Rajchel*, 122 Wis.2d 370, 376, 363 N.W.2d

243 (Wis. Ct. App. 1984). “Except as otherwise provided, chs.5 to 12 shall be construed to give effect to the will of the electors, if that can be ascertained from the proceedings, notwithstanding informality or failure to comply with some of their provisions.” §5.01(1), Wis. Stats. To reject otherwise valid signatures in a recall petition because one or more signatures on a particular petition page was defective for any reason would be to defeat the legislatively adopted policy to give effect to the will of the electors. *Stahovic*, 122 Wis.2d at 376. “The object of election laws is to secure the rights of duly qualified electors and not to defeat them.” *Id.* (citing *State ex rel. Dithmar v. Bunnell*, 131 Wis. 198, 206, 110 N.W. 177 (Wis. 1907)).

The statutory requirements for preparation, signing, and execution of petitions for recall are directory rather than mandatory. *Matter of Recall of Redner*, 153 Wis.2d at 390. See also *Jensen v. Miesbauer*, 121 Wis.2d 467, 469, 360 N.W.2d 535 (Wis. Ct. App. 1984). Only substantial compliance with the recall procedure is necessary and that merely requires the petitions to be circulated in a manner that protects against fraud and assures the signers knew the contents of the petitions. *Id.* at 390-91. See also *Matter of Recall of Haase*, 120 Wis.2d at 46.

The standards for determining the treatment and sufficiency of recall petitions are set forth in §9.10(2)(e-r), Wis. Stats. Additional standards for determining the treatment and sufficiency of election petitions, including recall petitions, are set forth in GAB §2.05, Wis. Adm. Code. See GAB §2.09(1) and (5), Wis. Adm. Code. “Any information which appears on a nomination paper is entitled to a presumption of validity.” GAB §2.05(4), Wis. Adm. Code. “If a signature on a petition sheet is crossed out by the petitioner before the sheet is offered for filing, the elimination of the signature does not affect the validity of other signatures on the petition sheet.” §9.10(2)(p), Wis. Stats.

In 1983, an administrative rule originally proposed by the G.A.B.’s predecessor, the State Elections Board, attempted to provide that “none of the signatures on a separate petition sheet will be counted if ... any signature on the sheet is signed by a person who is not a resident of the district of the elected official being recalled.” *Stahovic*, 122 Wis.2d at 378 (citing to proposed EIBd §2.09(6)(a), Wis. Adm. Code). The Wisconsin Court of Appeals determined that the proposed administrative rule hampered, restricted and impaired the right of recall of elected officials by denying qualified petitioners their right to be heard in violation of Article XIII, Section 12(7), Wisconsin Constitution. *Id.* at 379. The court reasoned that the proposed rule was inconsistent with the legislative intent expressed in §9.10(7), Wis. Stats., which provides that §9.10 as a whole has the purpose to facilitate the operation of Article XIII, Section 12, of the Wisconsin Constitution. *Id.* at 378. Further, the court noted that the recall rights established in Article XIII, Section 12, “shall be self-executing and mandatory.” *Id.* The court found that Article XIII, Section 12, contained no provision authorizing the invalidation of otherwise valid recall signatures simply because they appear on a petition page with a defective signature. *Id.* Most importantly, the Wisconsin Court of Appeals held that “the spirit of Wisconsin law requires that, absent fraud, only invalid signatures be disallowed in a petition for recall,” that such a “rule does not impugn the integrity of the recall process and it avoids thwarting the will of the electors.” *Id.* at 380.

Senator Darling bears the burden of proof on challenges and that burden is clear and convincing evidence of an insufficiency. §9.10(2)(g), Wis. Stats. See also GAB §§2.07(3)(a) and (4) and 2.11(1), Wis. Adm. Code. “Any challenge to the validity of signatures on the petition shall be presented by affidavit or other supporting evidence demonstrating a failure to

comply with the statutory requirements.” §9.10(2)(h), Wis. Stats. Senator Darling has not presented any evidentiary proof to establish that there has been “abuse, misdeeds, or outright fraud” in the recall petition process sufficient to “impugn the integrity of the recall process.” The recall petition process is not “devoid of any meaningful check and balance” because the Wisconsin Constitution, Wisconsin Statutes, and the Wisconsin Administrative Code all provide specific standards for the review and sufficiency of signatures on a recall petition. In the past, where the State Elections Board has attempted to provide even more stringent standards, the courts have struck them down as violative of the Wisconsin Constitution.

The Wisconsin Constitution established a standard that a recall petition must be signed by at least 25% of the vote cast for Governor in the last preceding election in the district of the officer to be recalled. Article XIII, Section 12(1), Wisconsin Constitution. The Legislature has statutorily defined a standard placing the burden on the challenger of a recall petition and that the challenger shall present challenges to the validity of signatures by affidavit or other supporting evidence. §9.10(2)(g-h), Wis. Stats. The Legislature also statutorily prescribed a standard for deadlines to challenge a recall petition. §9.10(3)(b), Wis. Stats. Nowhere in the Wisconsin Constitution or §9.10, Wis. Stats., is there a requirement that the G.A.B. interview each inhabitant of every residence listed on the recall petition to determine if there are live residents at each residence and confirm that they signed a recall petition. As the challenger of a recall petition, Senator Darling certainly could have canvassed the petition signatories and presented “affidavits or other supporting evidence” of fraud, which may have met the *Stahovic* court’s standard for striking whole petition pages as a result of one or more invalid signatures on the same pages. Senator Darling has not presented such evidence.

Furthermore, arguments that those who oppose the recall will be disenfranchised by the recall petition process conflates signing a recall petition with voting at an election. Where a recall petition was circulated and offered for filing, no one opposing the petition was prevented from voting. In fact, those opposing the petition will have an opportunity to express their will by voting at a recall election, if one is ordered. One could argue that the recall petition process actually provides an additional franchise because those who oppose the recall will have an additional opportunity to show his or her support for Senator Darling by voting in a recall election, if one is ordered.

Conclusion:

In the context of a specific constitutional right for qualified electors to recall a legislative officer, the constitutional provision prohibiting enactment of laws that hamper, restrict or impair the right of recall, legislative intent as adopted in statute establishing the fundamental principle to give effect to the will of the electors, statutes establishing the standard that the challengers bear the burden of proof to challenge the sufficiency of a recall petition, standards for determining the treatment and sufficiency of recall petitions having been established by statutory and administrative rule, and the failure of Senator Darling as the challenger of a recall petition to meet the burden of proof, it is clear that Senator Darling’s general challenge to the recall petition and the recall petition process integrity must fail.

B. Challenges of Individual Signatures

A total of 20,343 valid recall petition signatures were required for a certification of sufficiency to recall Senator Darling. Following staff's first and second reviews of the recall petition, a total of 25,044 valid signatures were verified.

Staff has prepared an exhibit that follows this Memorandum. Signatures identified by page and line number in staff's exhibit were reviewed more thoroughly as a result of the challenges. If specific challenged signatures are not shaded in staff's exhibit, staff has already struck the signatures after completing its first and second review of the petition and for the same reason as the challenge.

For any signatures shaded in red, staff recommends that the Board affirm the challenge and strike the signatures, reducing staff's verified number of signatures in the same amount.

For any signatures shaded in yellow, staff recommends that the Board deny the challenge for the reasons stated. (If the Board does not adopt staff's recommendation and affirms a challenge to any of the signatures shaded in yellow, those signatures should be struck and staff's verified number of signatures must be reduced in the same amount.)

For any signatures shaded in green, staff recommends that the Board deny the challenge as the signatures were already struck after completing the first and second review of the petition, but for a different reason than the challenge.

A. Signature of Adolf Hitler:

Senator Darling challenged the signature located at page 3,504, line 6, which is of "Adolf Hitler" residing in "Berlin." This signature was rejected by staff during first and second reviews and was not counted. Pursuant to Section A above and the *Stahovic* legal precedent, the remaining 9 signatures on page 3,504 were counted by staff during first and second review and should be counted by the Board.

Recommendation—No Change

B. One Petition Page Seeks the Recall of Senator Sheila Harsdorf:

Senator Darling challenged the entire page 3,780 (containing 1 signature on line 1) because the heading of page 3,780 was for the recall of Senator Sheila Harsdorf. Petition page 3,780 (and specifically the one signature on line 1) was rejected by staff during first and second reviews and was not counted.

Recommendation—No Change

C. Failure to Date Signatures:

Challenges of 279 individual signatures for failure to provide a date are set forth in Exhibit A. of the Affidavit of John W. Hogan.

Based upon the challenges and staff's reviews, staff recommends that the Board affirm the challenges and strike the 5 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 17 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 10 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenges. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 5

D. Signatures Outside Circulation Period:

Challenges of 29 individual signatures having fallen outside the circulation period are set forth in Exhibit B of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board accept the 20 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 1 challenged signature shaded in green was already struck by staff, but for a different reason than the challenge. Therefore, no change in staff's verified total is warranted.

Recommendation—No Change

E. Signatures Dated Subsequent to Date of Circulator's Certification:

Challenges of 20 individual signatures dated subsequent to the date of the circulator's certification are set forth in Exhibit C of the Affidavit of John W. Hogan.

Based upon the challenges and staff's reviews, staff recommends that the Board affirm the challenges and strike the 5 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 3 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

Recommendation—Reduce Verified Total by 5

F. Inability to Determine Residency by Address Provided:

Challenges of 590 individual signatures for inability to determine residency by address provided are set forth in Exhibit D of the Affidavit of John W. Hogan.

Based upon the challenges and staff's reviews, staff recommends that the Board affirm the challenges and strike the 49 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 209 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 28 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenges. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 49

G. Signatures from Persons Outside the 8th Senate District:

Challenges of 3,462 individual signatures from persons outside the 8th Senate District are set forth in Exhibit E of the Affidavit of John W. Hogan. At the time of preparing this Memorandum, staff had not completed the address verifications for all of the challenged signatures. Staff will provide a supplemental Exhibit G as soon as it is available.

Recommendation—To be Provided At Meeting

H. Signatures from Unqualified Electors:

Challenges of 10 individual signatures from unqualified electors are set forth in Exhibit F of the Affidavit of John W. Hogan. During the first and second reviews, staff does not examine the elector qualification and eligibility of persons having signed the recall petition.

Based upon the challenges and staff's reviews, staff recommends that the Board affirm the challenges and strike the 10 signatures identified in staff's exhibit, shaded in red.

Recommendation—Reduce Verified Total by 10

I. Duplicate Signatures:

Challenges of 200 individual signatures that have a duplicate (totaling 400) and 10 individual signatures are in triplicate (totaling 30) are set forth in Exhibit G of the Affidavit of John W. Hogan. During the first and second reviews, staff does not examine the recall petition for duplicate signatures.

Based upon the challenges and staff's reviews, staff recommends that the Board affirm the challenges and strike the 185 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept the 219 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges. Pursuant to statute and administrative code, the first signature should be included in the total and the Board's approval of the yellow-shaded signatures counts one instance of each.

In the first and second review by staff, 25 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenges. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 185

J. Petition Pages Improperly Certified by Circulator:

Challenges of 140 petition pages containing 741 individual signatures improperly certified by the circulator are set forth in Exhibit H of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board affirm the challenges to 10 of the petition pages containing 90 signatures identified in staff's exhibit, shaded in red.

After the first and second review and considering these challenges, staff recommends that the Board accept 87 of the petition pages containing 438 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 5 petition pages containing 22 individual signatures shaded in green were already struck by staff, but for a different reason than the challenges. Therefore, no change in staff's verified total is warranted.

Recommendation—Reduce Verified Total by 90

K. Failure to Sign:

Challenges that 12 individual signatures do not exist and are set forth in Exhibit I of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board accept the 8 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 4 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenge. Therefore, no change in staff's verified total is warranted.

Recommendation—No Change

L. Illegible or Missing Names

Challenges of 204 individual signatures for illegibility or missing and are set forth in Exhibit J of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board accept the 191 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

In the first and second review by staff, 13 challenged signatures shaded in green were already struck by staff, but for a different reason than the challenge. Therefore, no change in staff's verified total is warranted.

Recommendation—No Change

M. Multiple Signatures Appear in Same Handwriting

Challenges of 6 signatures because multiple signatures appear in the same handwriting and are set forth in Exhibit K of the Affidavit of John W. Hogan.

After the first and second review and considering these challenges, staff recommends that the Board accept the 6 signatures identified in staff's exhibit, shaded in yellow, and deny the challenges.

Recommendation—No Change

N. Misrepresentation of the Purpose of the Petition

Challenge of 1 signature of Walter Dyer for misrepresentation of the purpose of the petition and as set forth in the Affidavit of Walter Dyer.

At the time of preparing this Memorandum, staff has been unable to locate the page and line at which Mr. Dyer signed the recall petition. The page and line number was not identified in Mr. Dyer's affidavit (Exhibit N) and was not identified in Senator Darling's affidavit, Mr. Hogan's affidavit or Counsel's Memorandum in Support of Senator Darling's Challenges or Reply Memorandum. Staff will update the Board on the status of this matter at the time of the meeting on May 31, 2011.

BEFORE THE GOVERNMENT ACCOUNTABILITY BOARD

IN RE PETITION TO
RECALL SENATOR ALBERTA DARLING
OF THE 8th SENATE DISTRICT

WGAB ID# 0600009

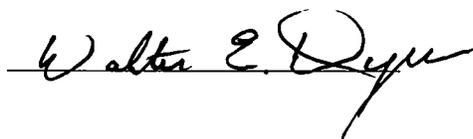

AFFIDAVIT OF WALTER DYER

SEE ATTACHED

Affidavit

I, Walter Dyer reside at 4784 North Hollywood Avenue, Whitefish Bay, Wisconsin, and do hereby certify on this 3rd day of April 2011:

- 1) On March 19, 2011 at approximately 2:00 PM, three female recall petitioners knocked on my door at 4784 N Hollywood Ave in Whitefish Bay.
- 2) I indicated to the petitioners that I had voted for Senator Alberta Darling and was a supporter.
- 3) The petitioners then told me that the petition was in support of Alberta Darling and encouraged me to sign.
- 4) I then signed the petition.
- 5) The petitioners asked if my wife was home and wished to sign.
- 6) I informed the petitioners that my wife was not home and they provided me an address on Capitol Drive in Shorewood, WI where she could go to sign the petition.
- 7) I later learned that the Shorewood address was the headquarters of the Recall Alberta Darling Committee.
- 8) I believe that I was intentionally deceived by the petitioners and that my signature should not be counted.

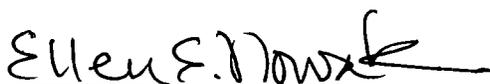

Walter E. Dyer
