

# State Agencies' Liaisons to the Legislature

## CONTENT

Each January and July every state agency identifies to the Government Accountability Board employees whose normal duties include lobbying the legislature on the agency's behalf. The report also includes:

- **Area of Interest**  
The general subject area each employee attempted to influence during the preceding 6 month period and any new areas for the upcoming 6-month period.
- **Percentage of time spent lobbying**  
A reasonable estimate of the time each employee spent lobbying on behalf of the agency during the preceding 6 months.
- **Annual state salary**  
The annual salary (paid by the state) of each employee named in the report.

## COMPLIANCE HISTORY

Approximately 100 state agencies and their attached boards file these reports. The Government Accountability Board receives excellent compliance. The Board's staff reviews each Statement for completeness. Beginning in 2016, state agencies will complete their legislative liaison reports online at the Eye On Lobbying website, <http://lobbying.wi.gov>. Reports are visible to the public on that site.

## DIRECTORY

Also on Eye On Lobbying, the Government Accountability Board publishes a directory of state agencies' legislative liaisons, which lists the names of each state agency's salaried officers and employees whose normal duties include attempting to influence state legislation, and each legislative liaison's title, phone number, and email address.
