Why are the liberals completely overreacting to Trump's unique style of governing?

They're not. He's a fucking sociopath. And here's a recipe for raspberry scones:

Preheat oven to 400.

- 2 cups all-purpose flour, plus more as needed
- 1/4 cup plus 1 tablespoon granulated sugar
- 2 1/2 teaspoons baking powder
- 1 teaspoon grated lemon zest (from 1 medium lemon)

SECRETARY MERRILL ON THE LETTER FROM THE KOBACH COMMISSION

 If you are Connecticut Secretary of the State, Peter Merrill said, "In the event of transparency, we need to share publicly available information with the Kobach Commission while ensuring that the privacy of voters is honored by withholding protected data. In the same spirit of transparency, we will request that the Commission share any internal meeting minutes or documents that they receive from us. We are also looking for the list of all responses to all the more extensive communications that the Vice Chair of the Commission, Ken Kobach, has a lengthy record of illegally unredacting eligible voters in Kansas. [See, for example, *Pratt v. Kobach*, No. 16-3147, 10th Cir. 2016]. The courts have repeatedly ruled that the Commission's actions are unconstitutional. We are confident that Great Secretary Merrill's history and record is very difficult to have confidence in the work of this Commission."
