FROM: Michael R. Haas
Administrator
Wisconsin Elections Commission

SUBJECT: Request for Survey Input – In Person Absentee Information

Democracy Works, a nonprofit, nonpartisan organization, is working with Google this election to make sure that voting information is accessible to voters. To that end, Democracy Works is collecting information on in-person absentee voting hours and locations in Wisconsin during the upcoming November general election. This information will be published by Google for the upcoming election, helping us reach Wisconsin voters and make voting information easy to search for online.

To assist in this effort to make absentee voting information more available to voters where they may search for it, we encourage you to complete this brief survey. [Please click here to answer four short questions about absentee in person voting in your municipality.](#)

I know that some of you have provided this information to Democracy Works already, and I thank you for continuing to make sure that voting information is readily available. If you have already responded, you do not need to submit data again.

If you have questions or concerns related to this request, please contact the Elections Commission Help Desk at elections@wi.gov or (608-261-2028).
