Exhibit 75

Reference tables for circulators

MICHAEL L. PFOHL, first being duly sworn, testifies as follows:

For the Government Accountability Board's reference, several tables have been included to provide faster analysis of given circulators and reference their pages when necessary:

a. Exhibit Y provides a list of many of the challenged circulators and which pages they are responsible for across all three senate districts. An additional list for all circulators and their pages is available upon request.

b. Exhibit X provides a list of many of the challenged circulators and quick statistics such as total number of signatures circulated per district, number of 'fraud' response based from the phone calls, number of affidavits, etc.
