¹ Total of 1,851 municipalities in Wisconsin. The number reporting may exceed this number due to municipalities that are in more than one county.

² Percentage of voting-age population.

³ Includes existing registered voters who change their name, address or both.

⁴ Statewide gubernatorial recall election.

⁵ First general election with statewide voter registration required. As a result, many residents of the approximately 1,500 municipalities without voter registration completed registration forms on Election Day in November 2006.
