## **MEMORANDUM**

**DATE:** For the January 12, 2021 Commission Meeting  
**TO:** Members, Wisconsin Elections Commission  
**FROM:** Meagan Wolfe, Administrator  
**SUBJECT:** Ballot Access for the 2021 Spring Election

This memorandum presents a summary of important and noteworthy information about candidates requesting ballot access for the 2021 Spring Election.

### Summary

The nomination paper filing deadline for the 2021 Spring Election for the offices of State Superintendent of Public Instruction, Court of Appeals Judge in Districts I, II and III and Circuit Court Judge in various counties was 5:00 p.m., Tuesday, January 5, 2021. The circulation period for nomination papers began on December 1, 2020.

A total of 96 candidates for state offices registered for the Spring Election, 92 of whom filed nomination papers with the Wisconsin Elections Commission. There are seven candidates recommended for ballot access for the office of State Superintendent of Public Instruction, although one candidate's nomination papers are subject to a challenge. Certification of at least three candidates for this office will trigger a statewide primary. There is one candidate for Court of Appeals Judge District I, and two candidates for District II and District III, and 80 candidates for 64 circuit court judge positions in 34 counties.

The first set of nomination papers were filed on December 10, 2020, and two sets of papers were filed on deadline day.

Based upon the review by Commission staff, 14 offices including State Superintendent of Public Instruction are contested. The offices of State Superintendent of Public Instruction with up to seven candidates, Fond du Lac County Circuit Court Branch 3 with four candidates, Green County Circuit Court Judge Branch 1 with four candidates, and Kenosha County Circuit Court Judge Branch 6 with three candidates are the only state offices that will require a primary on February 16, 2021. The primary for State Superintendent of Public Instruction will be conducted statewide. Local municipalities and school districts may have primaries for local office or have referenda questions on the ballot as well.

### Notifications of Noncandidacy

The Notification of Noncandidacy may be filed by an incumbent who is not seeking re-election to the office he or she currently holds. If an incumbent fails to timely file the Notification of Noncandidacy by the second Friday before the filing deadline and does not file ballot access documents by the filing deadline, the filing deadline is extended 72 hours for any other candidate for that office. The extension does not apply to the incumbent. Wis. Stat. §8.10(2)(a).

The second Friday before the January 5, 2021 filing deadline fell on December 25, 2020. As December 25 is a legal holiday, the deadline is moved to the next secular day, and therefore was moved to Monday, December 28, 2020 at 5 p.m. Wis. Stat. § 990.001(4).

Staff reached out to incumbent officeholders to ensure that those who did not plan to stand for re-election filed a Notification of Noncandidacy by the deadline so that the ballot certification and preparation process was not delayed. The incumbent State Superintendent of Public Instruction, one incumbent Court of Appeals Judge District III, and six incumbent Circuit Court Judges timely filed Notifications of Noncandidacy (see Attachment A). All other incumbents submitted nomination papers. Therefore, no extension of the filing deadline was required.

### Nomination Paper Review Process

Staff continues to use internal nomination paper review standards based on the requirements set forth in Wis. Stat. §§ 8.10 and 8.30 and Wis. Admin. Code Ch. EL 2 to determine if a candidate has filed a sufficient number of signatures to qualify for ballot access. Attached to this memorandum are the internal nomination paper review standards (Attachment C) and the relevant statutory provisions (Attachment D) used by staff when reviewing papers. Staff also relies on past decisions of the predecessor agencies when making recommendations to the Commission as to whether an error on a nomination paper is grounds for striking a signature or page of signatures. This body of precedent comes from Findings of Fact and Orders issued as a result of a challenge to nomination papers, or a compliance review complaint filed under Wis. Stat. § 5.06.

### Number of Nomination Paper Signatures Required

- Candidates for State Superintendent of Public Instruction must file a minimum of **2,000** valid signatures of qualified electors of Wisconsin to qualify for ballot access. Wis. Stat. § 8.10 (3)(a).
- Candidates for Court of Appeals Judge must file a minimum of **1,000** valid signatures of qualified electors from the district to qualify for ballot access. Wis. Stat. § 8.10 (3)(am).

- Candidates for Circuit Court Judge in counties over 500,000 in population (Milwaukee County) must file a minimum of **1,000** valid signatures of qualified electors from the district to qualify for ballot access. Wis. Stat. § 8.10 (3)(c).
- Candidates for circuit court in counties with a population of 500,000 or less must file a minimum of **200** valid signatures of qualified electors from the district to qualify for ballot access. Wis. Stat. § 8.10 (3)(b).

Every nomination paper was reviewed separately by two staff members, and a determination regarding sufficiency was made within two business days of submission. Per guidance from the Department of Health Services nomination paper petitions were not reviewed for at least three hours after submission to mitigate COVID-19 concerns. All nomination paper submissions were found to contain a sufficient number of valid signatures. By the deadline for filing nomination papers on Tuesday, January 5, 2021, 41 candidates had also filed additional nomination papers to supplement their original filings.

#### Irregularities on Nomination Papers and Ballot Access Documents Not Affecting Ballot Status

The following irregularities were detected by staff during the nomination paper and ballot access document review process. Consistent with prior practice and decisions, staff believes these irregularities do not affect ballot access and did not strike signatures or reject filed documents due to these issues. Samples of these are located in Attachment E.

1. Printed names of signers on nomination papers appear to be written by the circulator.

Staff continues to find printed names of signers and address information that appear to be in the same handwriting as the circulator. Wis. Stat. § 8.10 (4)(b), requires the printed name and address information to be made by the signer of the petition, unless the signer requests assistance in signing or printing their name and address. Although staff encounters sporadic examples of this practice on many sets of papers, the most consistent examples over time involve circulators for candidates for Milwaukee County Circuit Court Judge, some of whom are judges themselves. This has been an ongoing and growing trend since 2015. However, the number of incidents has dropped significantly in recent elections. As in past elections cycles, staff did not strike such signatures. Had staff struck the signatures for this reason, each candidate would still have sufficient signatures.

2. Title used in the header area of the nomination paper petition.

Dr. Shandowlyn Shawn Hendricks-Williams, a candidate for State Superintendent for Public Instruction, circulated nomination papers containing her title of “Dr.” included in the header portion of the petition. Wis. Stat. § 8.10 (2)(b) does not allow titles nor abbreviations to be used in the header portion of the petition. Dr. Hendricks-Williams’ campaign provided a draft version of their nomination petition to WEC staff for review. The staff review nomination paper templates as a courtesy to candidates and only review them as to form and not for candidate-specific information. Staff did not identify the use of the abbreviated title as a problem and did not alert the Hendricks-Williams campaign about the error. The error was also missed by staff during the intake process. The sample nomination paper template prepared by the WEC does include multiple instructions alerting candidates that titles and abbreviations cannot be used on nomination papers, however the

Hendricks-Williams campaign did not use the WEC-created sample template. The issue impacts all the signatures submitted by this candidate and if signatures were struck for this reason, the candidate would not have sufficient signatures.

### Irregularities on Nomination Papers and Ballot Access Documents Affecting Ballot Status

Ann Knox-Bauer, a candidate for Taylor County Circuit Court Judge, filed the necessary Declaration of Candidacy and sufficient nomination petition with the WEC, as well as a Statement of Economic Interest to the Wisconsin Ethics Commission. On December 15, 2020 Knox-Bauer amended a campaign registration statement (CF-1) for a previous election in the Campaign Finance Information System (CFIS) administered by the Ethics Commission but failed to update the election associated with the campaign registration. The Wisconsin Ethics Commission did not have a record of Knox-Bauer filing a CF-1 associated with the 2021 election by the January 5, 2021 filing deadline.

The WisVote system pulls information about ballot access documents filed with the Wisconsin Ethics Commission through a data transfer from CFIS. Due to a data transfer error, the WisVote system pulled the CF-1 amendment date for the documents associated with a previous election as a sufficient filing for the 2021 election. Staff was not aware of the data transfer glitch and believed that the CF-1 was sufficiently filed and was not able to alert Knox-Bauer of the issue ahead of the January 5, 2021 filing deadline. On January 8, staff was alerted to the issue and immediately contacted Knox-Bauer. Knox-Bauer has since updated their CF-1 to reflect the correct election date and filed an affidavit detailing their experience of the situation (Amendment F).

Staff has reviewed all campaign registration statements filed by candidates who have also filed all other necessary ballot access documents and did not see additional issues with the election date associated with their respective campaign registration statements and believes that this was an isolated issue. Staff are also working with the agency IT team to deploy a solution to the problem that ensures accurate data is being imported from CFIS to WisVote.

### Statements of Economic Interests

All candidates timely filed the Statement of Economic Interests with the Wisconsin Ethics Commission.

### Challenges to Nomination Paper Sufficiency

One challenge to ballot access was received by the deadline of 4:30 on Friday, January 10, 2020.

### Candidates for Whom Staff Recommends Denial of Ballot Access

No candidates are recommended for denial of ballot access.

### Candidates Recommended for Approval of Ballot Status

Staff recommends that the Commission certify ballot access for the 91 candidates listed as “approved” in Attachment B, Candidate Tracking by Office report, notwithstanding any candidate who was denied ballot status due to a challenge. Staff also recommends that the Commission grant ballot access to candidate Ann Knox-Bauer, a candidate for Taylor County Circuit Court Judge, as a result of the affidavit submitted

by the candidate and the technical issues that resulted in the candidate falsely believing that their ballot access filings were complete and in compliance.

**Recommended Motion:**

1. Staff recommends the Commission accepts the evidence presented in Ann Knox-Bauer's affidavit and certify ballot status for the candidate.
2. Staff recommends that the Commission certify ballot access for the 91 candidates listed as "approved" in Attachment B, Candidate Tracking by Office report, notwithstanding any candidate who was denied ballot status because of a challenge be approved for ballot access.

# Wisconsin Elections Commission: Nomination Paper Review Guidelines

## Process Overview

- Use a red pen to mark up the petition during the review process.
- Circle any piece of information on the petition page that is missing or problematic.
- Make a red check to the right of the row to indicate a signature should not be counted.
- Make a red question mark (?) to note questionable signatures that have been counted or to note omitted information on signature line where that signature is still able to be counted.
- Write the number of signatures counted on the upper, right-hand corner of each sheet.

## Step 1: Review the Header

**Overview:** The header of each petition page must contain all the required candidate information. If any of the required information is missing, or incorrect, no signatures on that page can be counted.

Required information:

1. Name of candidate
2. Residential address of candidate
  - a. Street number and street name (P.O. box addresses are not acceptable)
  - b. Municipality for voting purposes
  - c. State
3. Type of election
4. Election date
5. Title of office sought
6. Branch, district or seat number of office sought (if applicable)
7. Name of district in which candidate seeks office

Other information:

1. Mailing address (only required if different than residential address or voting municipality)
2. Zip code (may be present but not required)

## Step 2: Review the Certification of Circulator

**Overview:** The Certification of Circulator section is completed after the signatures on that page have been collected. Each petition page must contain all the required circulator information, the circulator's signature and a certification date that is on or

after the latest date of a signer. If any of the required information is missing or incorrect, no signatures on that page may be counted. If missing circulator information can be determined from another section of the petition page, the signatures on that page should be counted. Most often this occurs when a circulator is also the candidate or has signed that page as an eligible elector.

**Residency of Circulator:** The circulator does not need to reside in the district represented by the candidate, nor do they need to be a resident of Wisconsin. All circulators must be otherwise eligible to register to vote in Wisconsin (18 years of age, U.S. citizen, not serving any portion of a sentence for a felony offense). They do not need to be registered to vote in Wisconsin or any other state to circulate nomination papers.

Required information:

1. Name of circulator - Signatures on the page should be counted if the circulator printed their name on the line meant for their signature.
2. Address of circulator
  - a. Street number, street name and municipality - If missing circulator address, including municipality, can be determined from another section of the petition page, the signatures on that page should be counted.
  - b. State and zip code are not required.
3. Date (month/day/year) – All signatures must be dated within the circulation period. No signatures should be counted on a page where any portion of the date is missing.
4. Signature of circulator – Signatures on the page should be counted if the circulator signed on the line that should have the printed name.

### **Step 3: Review the Body of the Petition**

Required information:

1. Signature of elector
  - a. Signature does not need be legible.
  - b. Electors may sign with an “X” or other mark if that is their usual signature.
  - c. Signature does not need to be cursive.
2. Printed name of elector
  - a. A printed name must be present in addition to the signature of the elector.
  - b. If a possible printed name can be determined, the signature should be counted.

- c. If a printed name cannot be determined, the signature should be struck from the petition.
3. Residential Address
- a. Street name and street number or rural route are required.
  - b. Rural address must also include box or fire number.
  - c. P.O. boxes are only allowed if they are listed in addition to the residential address information. Signatures where only a P.O. box has been provided should be counted if the municipality of residence is entirely in the district. Mark with a question mark.
  - d. Ditto marks are allowed if they follow a valid address and the signer is using those marks to indicate they also reside at that address.
  - e. If all or part of the required address information of a signer is missing but residency can be determined by information found in another section of that specific petition page, that signature should be counted. This generally occurs when the signer is also the candidate and/or the circulator and the missing information is in the header or the certification section. Indicate on the petition page where that information is located.
4. Municipality of Residence
- a. Municipality listed must be within the district represented by the candidate.
  - b. Abbreviations are allowed (e.g. “FDL” for Fond Du Lac or “Milw” for Milwaukee).
  - c. Ditto marks are allowed if they follow a valid municipality and the signer is using those marks to indicate they also reside in the municipality.
  - d. The Town/Village/City check box does not need to be checked.
  - e. If the municipality of residence was provided in the Residential Address field, the signature should be counted.
  - f. If the municipality information of a signer is missing but residency can be determined by information found in another section of that specific petition page (most likely in the header or the Certification of Circulator), that signature should be counted. Indicate on the petition page where that information is located.
5. Date of Signing
- a. A complete date includes the month/date/year.
  - b. Date must be within the circulation period.
  - c. Date must be on or before the date the page was certified by the circulator.

- d. Ditto marks are allowed if they follow a valid date and the signer is using those marks to indicate they also signed on the same date. If ditto marks are used for the date of the last signer, the signature can be counted if it follows a valid date.
- e. A missing date can be bracketed ([ ]) if valid and complete dates appear on the line above and the line below the signature line with the missing date.
- f. If the date of the first or last signer is incomplete, it cannot be bracketed, and that signature should not be counted.

#### **Step 4: Count the Signatures**

- 1. Sort the petition by the number of valid signatures on each page before determining the final number of valid signatures.
- 2. Place the pages with 10 counted signatures on top, followed by the pages with 9, etc.
- 3. Use a tally sheet or calculator to determine the number of valid signatures on the petition.
- 4. Determine if the number of valid signatures is sufficient for the office sought. Use the appropriate Ballot Access Checklist to determine the signature threshold for the office sought:

TO: WISCONSIN ELECTIONS BOARD

The affiant, Ann N. Knox-Bauer, having been duly sworn on an oath, states as follows:

1. That I am the incumbent candidate for Taylor County Circuit Court Judge, in an uncontested election. Furthermore, I am exempt from filing reports, as indicated on the form.
2. That on December 15, 2020, I spoke with the WI Elections Board and the WI Ethics Commission and obtained an updated password for my Campaign Finance Registration Statement.
3. On the same day, December 15, 2020, I used the new log in information to electronically amend my registration statement to include the new election date for the spring election 2021. I believe it was a drop down box to select a new election. I also amended the statement to list a new financial institution.
4. I received verification of my amended Campaign Registration Statement on the same date, December 15, 2020. It was thereafter listed on the State Elections Board candidate tracker.
5. On January 4, 2021, I called the State Elections Commission and left a message to verify that I had completed all paperwork and that all was in order for my name to appear on the ballot for the April 2021 election.
6. An election specialist, Allison, called and left a detailed message with my office indicating that the Commission had everything it needed in order for my name to appear on the ballot. Also on January 4, 2021, I checked the on-line tracker to make sure that I had everything in order, and my tracker indicated that my status was "Approved."
7. Today, Friday, January 8, 2021 at approximately 4:30 p.m., I received a call from Nathan Judnic from the Elections Board indicating that my Campaign Finance Registration Statement had not been updated with the new election date of April 6, 2021, but rather, listed the last election date in 2015.
8. Mr. Judnic indicated that therefore, his staff could not indicate to the Elections Board that my name should properly be placed on the ballot. This evening, I have amended the Campaign Finance Registration Statement to reflect the proper election date.
9. This affidavit is made to indicate that I disagree with the Commission's determination that my name should not appear on the ballot for the Spring 2021 election. It is my belief that I changed the date of the election on the updated form by clicking on the drop down box, and that somehow when the form was then submitted electronically, it reverted to the old election date.

10. I believe it is a matter of form over substance and the fact that the Campaign Finance Registration Statement was updated and submitted on December 15, 2020, well before the deadline, that the form is in substantial compliance with the requirements of the election process.

Subscribed and sworn before me  
this 8<sup>th</sup> day of January, 2021.
