SUBJECT: Election Administration Training webinar series schedule
(June 2022 – March 2023) **Note: New webinar added!**

To supplement our current training program and outreach efforts, we have developed a new election administration training webinar series, scheduled to begin in June and continue into the 2023 Spring Election cycle. Election administration webinars are focused on providing all types of election workers with information about their duties before, during and after an election.

You can now access the live webinars from [The Learning Center \(TLC\)](#), under the EA Webinar Series tile for automatic recording of your participation there and to download a meeting reminder to your calendar. Instructions for accessing the webinars in TLC follow the webinar schedule. The webinars can also be joined without accessing TLC through the link posted with the webinar schedule. Tracking is not possible if you join the webinar using this method.

We will continue to post Live Webinar access information and related materials under “Recent Clerk Communications” no later than the Monday prior to each webinar. You must be able to view videos on your computer using your computer’s speakers and use a media application such as Windows Media Player.

The webinar recording, related materials, and a list of frequently asked questions, will be posted shortly after the webcast in [The Learning Center \(TLC\)](#). The posted webcasts will include indexing links to allow clerks to go directly to a specific topic covered during a webinar. The programs and materials are free for you to access from TLC or a disc may be ordered for a small fee: <https://elections.wi.gov/node/6554>. The live or recorded webcasts may be counted toward the hours clerks and election officials need for recertification purposes.

We hope you enjoy this series and feel that the webinars contribute to your education and that of your election officials. Please send any questions or comments you have to us: allison.coakley@wi.gov or (608) 261-2033.
