The November 2022 election was certified by the Chair on November 30.

Remember to update your clerk contact information in WisVote

Changes are easy to make by submitting an EL-362 form

In the days and weeks after a General Election, it's not uncommon for municipal clerks' offices to experience staffing changes. And in the flurry of all that post-election activity, it can be easy to forget to submit updated clerk contact information to the WEC.

It's important to note that the clerk contact information the WEC has on file plugs directly into the MyVote website for voters to see. Outdated information can make it difficult for voters to reach their municipal clerk, which can lead to bigger issues in the future.

Please make sure your municipality's clerk contact information is up to date by looking up your jurisdiction in WisVote. For municipalities with no WisVote access, check with your provider jurisdiction regarding this topic. If anything needs updating, please submit an EL-362 form to the WEC's Help Desk. Thank you!

So long, November. Spring election season is already here

Filing for 2023 starts today!

As hard as it may be to believe, the 2023 spring election cycle is upon us! The Type A notices detailing the date of the spring election and the offices on the ballot on April 4, 2023 needed to be published by November 22.

Today, December 1, is the first day for candidates in the spring election to begin circulating nomination papers.

To assist with questions that clerks may field from candidates or would-be candidates, the WEC suggests visiting the "Candidates" tab on the home page of our website. There is a [Ballot Access manual](#) that addresses in detail many questions that candidates may bring forth.

Election Security Subgrant program for municipalities renewed for another round

Deadline to apply is December 31

Interested in getting up to \$1,200 to improve your municipality's election security environment? Of course you are!

Check out the [clerk communication](#) to learn more and watch the [Election Security Subgrant webinar](#) to learn more!

Reminder on Election Equipment Audits

Selected municipalities: Please work to complete the statutorily required post-election voting equipment audits
