Hello again!

We have a late addition that seems to have fallen through the cracks somehow, probably a slip-up on my part.

I would like to add Faye Buchberger to the list, if possible. I added her to the attached spreadsheet.

Thank you,

Dear Municipal Clerk,

I am writing to follow up on the Marathon County Republican Party Election Inspectors nominations which I submitted to your municipality.

Your preparation of the agenda for the upcoming December meeting of your municipal board/council is probably well underway. I would like to request that all the nominations I submitted in accordance with Wis.Stat. 7.30(4) (b) be appointed to the office of election official by your municipal governing body at that meeting. Please contact me immediately if this is not your intention.

As I am sure you are aware, unless non-appointment is authorized by the Wisconsin Elections Commission, according to Wis.Stat. 7.30(4) (e), your governing body is obligated to appoint the nominees submitted by the Marathon County Republican Party to election inspector positions.

It is my understanding if you would like further clarification on the appointment process, the Wisconsin Elections Commission and/or your municipal attorney could be of assistance to you.

Thank you for your work in election administration and I look forward to partnering with you in staffing our polling locations.

Kind regards,

They evidently they sent the list out before they heard by message. As I had notify you previously, I am not going to do poll work this cycle.

Bobbi:

We do advise the parties of the statutory requirement. Here is an excerpt of our letter to them in October:

The county or local party official submitting the lists must certify that all nominees on the list have been contacted and have agreed to serve as an election official. Wis. Stat. § 7.30(4)(b). The certification must be placed on the list and signed by the official submitting the list.

Would you like to file a complaint? Here is the link on our website to do so: <https://elections.wi.gov/filing-sworn-complaint?page=1&q=node/3196>.

Good Morning:

We had the Republican party supply us with a list of names for the election inspector term 2024-2025. There were 5 people on that list that either told the republican party personally they did not want to be on it or the people did not know their names were even on the list. I spoke to the previous clerk and she said they happened repeatedly in the past. The democratic lists all appear to have been correct and the previous clerk confirmed that as well.

Is there anything that can be done or said to the Republican party to double check before sending the list to the clerks and to make sure the people they have on their list is 100% committed and accurate?

Subject: Inconsistent Party Lists
Attachments: IMG_8725.jpg; REPUBLICAN ELECTION INSPECTOR LIST.pdf

Good Afternoon,

I wanted to share the below chain of emails with you and bring up a huge concern I have with the Republican party list of names I was given via postal mail to use for the 2024-2025 term. If you read the below email from Trustee Ken Charneski, he accused me of omitting names from the resolution during our village board meeting. He finally sent me a copy of the list he was referring to.

My concern is, why would the Republican party supply him (Charneski) a list and compare our resolution list of election inspectors and write "used 17 of 22 submitted" and in turn, send me a different list of names via postal mail? This DOES, indeed, make me look as if I omitted names from their list. I have attached the information sent to me, via postal mail, for your review as well as the list Mr. Charneski was given by someone from the Republican party. Why is there a variance of names on the excel spreadsheet?

As well, names were placed on the lists of individuals whom either did not know they were on the list, did not want to be on the list, or previously told the republican party they did not want to be on the list and were placed on the list anyways. Before the list in question arrived here at the village, the previous clerk called and warned me to check my list of names prior to making my resolution because of passed year lists having the same issue.

I will wait for your reply,

Bobbi Birk-LaBarge

Subject: [External] Final Estimate of the January 1, 2023 Population for the Village of Kronenwetter in Marathon County

Dear Municipal Clerk:

The final estimate of the January 1, 2023 population for the Village of Kronenwetter in Marathon County is 8,539.

Approximately 6,529 of the estimated population for the Village of Kronenwetter are of voting age. This approximation is a courtesy estimate that helps you comply with Wisconsin Statute 5.66, which requires municipal clerks to approximate the number of electors prior to elections. The voting age population was calculated by applying the 2020 Census proportion of persons age 18 and over to the final January 1 estimate, and then multiplying the result by a state-wide factor to account for the general aging of the population. Please note that, if you have an adult correctional facility in your municipality, its population is included in this voting-age estimate.

Ok, let me reply to your paragraph one comment.

I was not notified of the three parties that either told you they didn't want to be on the list or chose not to be on the list until AFTER receiving the final list from you. I would have not known the names without reviewing your final list. It was my understanding that there is only one list and that's the list I utilized to contact the parties listed to assure they indeed wanted to be election inspectors prior to presenting to my village board. Now the issue should be clear.

Paragraph 2: Mark Hoffman was an election Inspector name on the finalized list you sent to our village and he was utilized the term prior by our village. He is the gentleman that sent the email to me, NOT A MIKE HOFFMAN as you indicated. Did you even read the email I had attached to my previous reply to you?

Paragraph 3: I never once mentioned James Wysocki or Dan Joling. That information came from conversations in some form Ken Charneski and yourselves.

Paragraph 4: You submitted Audrey Greys name months after the list was submitted and approved by our village board. Therefore, when there is a need for her, I will follow protocol per state statutes.

Hopefully this clears things up. You have a great rest of your weekend.

Ms. Birk-LaBarge,

In reference to your response .

I have clearly answered your April 10th questions in my response. (Paragraph One) Statutes were indicated, you did not notify the political party , therefore they remained on our lists until that information was noted on our final list to you, sent November 17,2024 . Issue Resolved.

Mike Hoffman, not Mark, is the state party Election Integrity officer. I am not involved with his conversations

with you, therefore I will not comment.

I nor the Republican Party are involved with Mr Charneski, you brought his Name to this conversation April 10th , [2024.in](#)
your email to me.

I am still waiting for confirmation of Audrey Grey as a confirmed appointee, emailed to you March 26th,2024.

I noticed you included your legal representation in your second request, if you have further questions I can direct you to our legal team for further clarification.

Thank you for your work in election administration !

Ms. Hadley,

I do have concerns. Concerns with your reply email. You indicated, “We did speak with several people that felt the Clerks call was less than congenial, they then decided they would not continue working at the polls.” No party names were ever called by telephone by me. If a call was made, it was made after I received their emails indicating they were not interested in becoming a poll worker or they indicated they told your party they were not interested and placed on the list regardless of their decision. So indicating these party names changed their mind due to my calling and them feeling I was less than congenial is not at all truthful and I take offense to that.

The resolution I drafted indicated all names that were submitted to me, via postal mail, by your party minus the three emails I received and attached indicating they did not wish to be on the list of election inspectors for the Republican party.

I will get back to MY concerns as indicated in my original email. I never once mentioned any incidents with Dan Jolin or the Wysocki family indicating your response to my email is based on a conversation you have had with Trustee Ken Charneski. My concern was the Republican party list Trustee Charneski had gotten from your party was not a match to the

finalized list your party sent to myself and President Chris Voll in November 2023. The list you supplied Trustee Charneski included more names than what was sent to myself and President Chris Voll. I have again attached what I received in the mail versus what you supplied Trustee Ken Charneski with. You also indicated to me in your reply email, "We do not include people that do not want to work at the polls, have told us No ,and we include them anyway or are placed on our list without their knowledge. It simply does not happen." The email sent from Mark Hoffman on December 01, 2023, reads otherwise.

You indicated you sent your submission out by post out on November 17 and I should have received it earlier than the date I stamped it received on November 30, 2023. It was stamped the date I opened it for receipt which was December 30, 2023. I am not sure why that was an issue that you had to point out.

I ask you rely your information and answers to me based on my questions and not what Trustee Ken Charneski has supplied to you or questioned to you. Wording you included in my reply did not even match anything I asked from your party in the first email sent on April 10, 2024.

If you have any concerns, I request you contact myself and not Trustee Ken Charneski as he obviously does not have all of the correct information.

Subject: [External] Inconsistent Party Lists

Ms. Birk-LaBarge

Chairman Hermening has received your email and has asked that I respond .

Your first question regarding Mr. Charneski.

Mr.Charneski sent me a copy of resolution 2023-016 appointing 2024-2025

election inspectors. That list contained 32 names both Republican and Democrats.

The Republican party submitted 21 names , your resolution indicated 18 Republican inspectors. Prior to sending our submissions we called each election

inspector, all 21 agreed to work. The Election Administration Manual indicates the Clerk contacts each party's nominees to confirm willingness to serve before submitting names to the governing body for appointment. Which you indicate you did. You did not Document nominees not willing to serve and provide that information to the Republican party. (Page 126 Election Administration Manual) We would have removed them from our list. The list that Ken sent to you was an early list in the making , not the final that was sent to you. We begin our calls in September,our lists change many times before they are submitted in final form.

All persons on our final submission to you were called. Everyone on our list was aware they were committed to the 24-25 election cycle. We do not place people on our lists without approval. We did speak with several people that felt the Clerks call was less than congenial , they then decided they would not continue working at the polls.

Wisconsin Statute 7.30(4)(e) indicates if a governing body has good cause not to appoint an individual whose name is submitted as a nominee, it may request the WEC to authorize a non-appointment and may Not decline to appoint such individual until receiving the WEC authorization. If you are removing people from our lists ,per statute, it must be reviewed by WEC.

I believe Mr. Charneski's concerns are based on incidents with Dan Joling and the Wysocki family. The Republican Party is not involved with that situation. We do not include people that do not want to work at the polls, have told us No , and we include them anyway , or are placed on our list without their knowledge. It simply does not happen.

Our submission was sent by post on November 17th, you should have received it prior to the November 30th date indicated on your letter of instruction. That letter indicates per Wisconsin Statute 7.30(4)(b) if you do not intend to

Appoint all nominations you were to contact Chairman Hermening, that did not happen.

I also sent via email ,March 26,2024 ,an addition to our submission

Audrey Grey, you have not confirmed that appointment to date.

Please do so.

I will send an updated Election Inspectors Listing for your records

Should you have any further questions or concerns , Please feel free to contact me.

Thank you
