WEC 12FEB2025 PM08:50

To: Wisconsin Election Commission

From: Scott McDonell, Dane County Clerk 

Subject: WEC Investigation of Uncounted Ballots in the City of Madison

Date: February 10, 2025

On December 18, 2024 the Madison City Clerk's Office reported to the Wisconsin Election Commission (WEC) that it had discovered 193 absentee ballots from the Fall 2024 General Election that were not counted. I am advised that WEC has commenced an investigation of this matter. I want to affirmatively state that I had no knowledge of this incident until after the conclusion of the Dane County Canvass and certification of the state wide vote. I did not hear of this incident until it was reported in the media after being reported to WEC. I am willing and available to cooperate with your investigation and provide any information that I have regarding this matter.
