A partisan primary is held the second Tuesday of August in even-numbered years to qualify candidates for the November General Election and requires voters to cast their ballots by party. This webinar will discuss counting votes in a partisan primary, the impact of selecting a party preference and the impact of crossover and overvoted ballots. Materials will be posted Tuesday.

You can now access the live webinars from The Learning Center (TLC), under the EA Webinar Series tile for automatic recording of your participation there and to download a meeting reminder to your calendar. Instructions for accessing the webinars in TLC follow the webinar schedule. The webinars can also be joined without accessing TLC through the link posted with the webinar schedule. Tracking is not possible if you join the webinar using this method.

We will continue to post Live Webinar access information and related materials under “Recent Clerk Communications” no later than the Monday prior to each webinar. You must be able to view videos on your computer using your computer’s speakers and use a media application such as Windows Media Player.

The webinar recording, related materials, and a list of frequently asked questions, will be posted shortly after the webcast in TLC. The posted webcasts will include indexing links to allow clerks to go directly to a specific topic covered during a webinar. The programs and materials are free for you to access from TLC or a disc may be ordered for a small fee: <https://elections.wi.gov/node/6554>. The live or recorded webcasts may be counted toward the hours clerks and election officials need for recertification purposes.

We look forward to you joining us for the webinar on Thursday. If you have any questions, please contact allison.coakley@wi.gov or (608) 261-2033. Thank you.
