**Subject:** Residents for WCSD

Dear Wrightstown School District Residents,

I hope this message finds you well. I am writing to inform you about the ongoing recall petition regarding the current school board president, Angela Hansen-Winker. Recent events may have raised questions or concerns, and I would like to provide additional context about the petition and its purpose.

The recall petition has been initiated due to concerns about President Hansen-Winker's actions, which many feel have undermined the interests of our community. Notably, one issue of concern is the investigation into the previous superintendent, which was initiated in July without the full knowledge of the school board. Additionally, the announcement of the interim superintendent was made public before a contract was voted on by the school board. Once voted on a common practice is to inform parents and staff ahead of the press release in the local paper which did not happen. These decisions reflect a broader pattern of actions that many believe have lacked transparency and proper community

previous superintendent, which was initiated in July without the full knowledge of the school board. Additionally, the announcement of the interim superintendent was made public before a contract was voted on by the school board. Once voted on a common practice is to inform parents and staff ahead of the press release in the local paper which did not happen. These decisions reflect a broader pattern of actions that many believe have lacked transparency and proper community input.

In order to move forward with the recall election, we need your support by gathering signatures. Our goal is to submit the required **signatures by February 14th**, so we encourage you not to delay if you wish to be part of this important effort. A recall election would give our community the opportunity to vote on the position in question.

Students and staff deserve a stable and supportive environment, where the school board leads by example. Unfortunately, under Angela Hansen-Winker's leadership as president, this has not been the case. Her actions have created instability and a lack of transparency, which ultimately affects our community's trust in the board.

Please think about the well-being of our students and staff, both today and in the future. By signing the recall petition, we have

president, who has not seen the case. Her actions have created instability and a lack of transparency, which ultimately affects our community's trust in the board.

Please think about the well-being of our students and staff, both today and in the future. By signing the recall petition, we have the opportunity to restore the positive, supportive environment that our district has always been known for and get back to doing what's best for our community.

If you are interested in signing the petition or would like more information about the process or the reasons behind the recall, please do not hesitate to reach out. I would be happy to stop by and provide further details.

Additionally, feel free to forward this message to others who may be interested. I have attached a document with additional information related to actions in question.

Thank you for your time, and I look forward to hearing from you.

Warm regards,

Rayn Warner

Hello neighbors. Happy holidays to you all!

I'm not sure if you are informed of what has been going on with the school board, but there is a recall petition going around to sign regarding removing the board president from office for multiple reasons. I am in favor of this petition and seeking signatures. Please reach out to me for more information or stop over if you are interested in signing. I am happy to stop at your house or meet up to discuss further if you prefer. Thank you!

Thank you for replying Tina!

I've also contacted a friend on the board to learn more.
