## Background:

Prior to September 5, 2024, complaints filed pursuant to Wis. Stat. § 5.06 were decided by the Wisconsin Elections Commission (“the Commission”) via delegation of its authority to the Commission Administrator. However, on September 5, the Waukesha County Circuit Court, Branch 8<sup>1</sup>, issued an order holding that this delegation of authority was unlawful, and directing the Commission to decide all future Wis. Stat. § 5.06 complaints by a vote of the Commission.

There is one complaint and draft decision letter for the Commission’s review and consideration at today’s meeting, along with a recommended motion.

<sup>1</sup> Pellegrini v. Wisconsin Elections Commission, Case No. 2022CV001656, Decision and Order (September 5, 2024).

**EL 25–26 Angela Hansen-Winker v. Anthony Decker**

The complaint of Angela Hasen-Winker, President of the Wrightstown School District Board of Education, against Anthony Decker, the School District Clerk, was filed on March 20, 2025. The complaint alleges that the Respondent improperly found a recall petition against the Complainant to be sufficient and is effectively an appeal of the local decision. The recall election is scheduled for April 22, this coming Tuesday. The Commission asked the parties to expedite their filings if possible, and the Commission is hearing the complaint at the earliest meeting available.

Commission legal staff reviewed the complaint and underlying challenge materials, the response, and the reply. In short, and as detailed more extensively in the proposed draft decision letter, Commission legal counsel recommend that the Commission find that the Complainant did not show probable cause to believe that a violation of law or abuse of discretion occurred regarding the School District Clerk finding the recall petition sufficient.

**Recommended Motion for EL 25–26, Angela Hansen-Winker v. Anthony Decker:** The Commission has reviewed the proposed draft decision letter for EL 25–26, Angela Hansen-Winker v. Tony Decker, and summarily decides this matter pursuant to Wis. Stat. § 5.06(6) by adopting the proposed decision letter including any changes made by the Commission during this meeting. The Commission directs staff to immediately transmit a copy of this order to the parties.

In the Matter of: Angela Hansen-Winker v. Anthony Decker (EL 25–26)

Dear Clerk Decker and Ms. Hansen-Winker,

The Wisconsin Elections Commission considered this complaint at the earliest available meeting after both parties expedited their own filings. Due to the parties filing early and the Commission adding this item to the agenda, the Commission was able to issue this decision letter before the recall election was held. The recall election is scheduled for Tuesday, April 22, 2025.

This letter is in response to the verified complaint submitted by Angela Hansen-Winker (the Complainant) to the Wisconsin Elections Commission (Commission), which was filed to challenge actions taken by the school district clerk, Anthony Decker (the Respondent) for the Wrightstown School District concerning the finding of sufficiency for a recall petition directed against Ms. Hansen-Winker, who is currently a member of the Wrightstown Community School District Board of Education. The Commission has reviewed the complaint, response, and reply.

The Commission provides the following analysis and decision. In short, the Commission finds that the Complainant has not shown probable cause that the Respondent took any actions that were contrary to law or otherwise abused his discretion. Wis. Stat. § 5.06(1). Accordingly, the Commission issues this decision letter dismissing the complaint. The recall election scheduled for April 22 may therefore proceed.

As a preliminary matter, the Complainant asked the Commission to issue a stay of the recall election. The Commission does not believe it has the statutory authority to issue a stay of a local action, even while a Wis. Stat. § 5.06 complaint is pending. Nothing in Wis. Stat. § 9.10 mentions or even implies that the Commission has the authority to stay a recall election, even if the basis for the petition is being challenged through an administrative complaint. To the contrary, Wis. Stat. § 9.10(3)(b) expressly grants the ability to alter the timelines of a recall election to a circuit court for a state, county, congressional, legislative, or judicial recall under Wis. Stat. § 9.10(3)(b). The statutes governing local recall elections under Wis. Stat. § 9.10(4) do not mention stays or altering timelines at all. Therefore, the Commission will not issue a stay and has followed the standard complaint process for a Wis. Stat. § 5.06 complaint.

### Commission Authority and Role in Resolving Complaints Filed Under Wis. Stat. § 5.06

Under Wis. Stat. §§ 5.05(1)(e) and 5.06(6), the Commission is provided with the inherent, general, and specific authority to consider the submissions of the parties to a complaint and to issue findings. In instances where no material facts appear to be in dispute, the Commission may summarily issue a decision and provide that decision to the affected parties. This letter serves as the Commission’s final decision regarding the issues raised in this complaint.

The Commission’s role in resolving verified complaints filed under Wis. Stat. § 5.06, which challenge the decisions or actions of local election officials, is to determine whether a local official acted contrary to applicable election laws or abused their discretion in administering applicable election laws.

Complaints “...shall set forth such facts as are within the knowledge of the Complainant to show probable cause to believe that a violation of law or abuse of discretion has occurred or will occur.” Wis. Stat. § 5.06(1) (2023–24).<sup>1</sup> Probable cause is defined in Wis. Admin. Code § EL 20.02(4) to mean “the facts and reasonable inferences that together are sufficient to justify a reasonable, prudent person, acting with caution, to believe that the matter asserted is probably true.”

### The Complaint

The complaint alleges that on March 11, 2025, the Respondent found a recall petition offered for filing against Ms. Hansen-Winker to be sufficient with 1,264 valid signatures, 58 above the 1,206 required. The Respondent’s recall sufficiency determination was made after a local challenge, rebuttal, and reply were filed. The complaint incorporates the arguments raised in the initial local challenge. The challenge argued that most signatures on the petition were invalid due to:

fraud, undue influence, bribery, threats, misuse of school district property, manipulation of petition signers' data by the circulators (some of whom were school board members) and promotion by some school board members on private internet chatrooms in violation of Winker's First Amendment rights—all in violation of Wis. Stat. § 8.40(1) and (2), Wis. Stat. § 9.10(2), Wis. Stat. § 12.05 and Wis. Stat. § 12.13.

This decision letter summarizes the main arguments raised in the complaint.

1. The complaint alleges that the Respondent relied on material guidance from WEC staff in finding the petition sufficient. It argues that such guidance cannot be given unless voted on by the Commission, and that this guidance was not approved by the Commission in a rule or in any published material.
2. The complaint requests a contested case hearing under Wis. Stat. § 5.06(1) and Wis. Stat. § 227.42(1). The complaint argues that an evidentiary hearing is appropriate “[g]iven the apparent fraud, vague allegations, and other serious misconduct by the Recall Petition circulators.” It argues that a hearing is required under § 227.42(1) even if a hearing is discretionary under § 5.06(1).

---

<sup>1</sup> All subsequent references to the Wisconsin Statutes are to the 2023–24 version unless otherwise indicated.

3. The complaint argues that the reason given for the recall was impermissibly vague, and that the reasons stated on the petition pages were materially different from the reasons given in the recall statement originally filed with the Respondent on December 18, 2024.

The complaint argues that the recall petition against the Complainant did not articulate an allegation regarding her official responsibilities as a school board member under Wis. Stat. § 9.10(2)(b). The Recall petition listed: “Disregard for board procedures. Lack of transparency and communication. Conflict of interest and ethical violations. Violation of district policies and code of conduct.” The complaint argues that this list does not allege any specific conduct related to the Complainant’s official responsibilities, is not supported by evidence, and amounts to only vague procedural allegations that would not have allowed signers to make an informed decision. The complaint alleges that the recall petition was instead motivated by a desire to prevent the Complainant from carrying out her responsibilities as a school board member.

4. The complaint argues that Wis. Stat. § 8.40(1) requires each signer to him or herself, unless unable due to a disability, to complete all required information on the petition line. It then alleges that 258 were altered regarding addresses and municipalities of residence and should not have been counted. The complaint alleges that addresses and municipalities of residence were pre-filled, rewritten, or changed, sometimes to make it appear that the signatory had a different residence. The complaint argues that each signature for which the residency cannot be determined is invalid under Wis. Stat. § 9.10(2)(e)4. and must be stricken. The complaint also alleges that the signatures may not be counted under Wis. Stat. § 9.10(2)(j) because someone other than the signer “chang[ed] and manipul[at]ed the signature information *after* the Recall Petition was signed.” Further, the complaint alleges that the individuals who edited this information have committed election fraud under 12.13(1)(b) by making a false statement to an election official. Pgs. 12–13.
5. The complaint alleges that 17 signatures were illegible under Wis. Stat. § 8.40(1) and should not have been counted.
6. The complaint alleges that the petitioner and circulators made “fraudulent use of official District logos and branding to gather signatures” on an internet site, r4wcsd.com, as well as on a private Facebook page, and that electors who viewed this information and signed the petition as a result “falsely believed the District had endorsed or supported the recall against Winker.” The complaint alleges that this amounted to a violation under Wis. Stat. § 12.05 and that pages circulated while this information was published should not have been counted. The complaint alleges that circulators who are also school board members knowingly made false claims about the Complainant on these sites while also gathering signatures, and misrepresented the nature and purpose of the recall petition. The complaint argues that all of the pages circulated by board members Van Vreede and Warner should be struck. The complaint also alleges that school property and resources, including lists of emails, were used in obtaining petition signatures, and that pages were circulated at school events and functions, and that resulting signatures should be stricken. It alleges that such actions violated school district policies and gave the impression that the district was formally supporting the recall petition.
7. The complaint alleges that some signatures were obtained in bars from electors who had been drinking and watching a Packers game, and that such signatures should be rejected.

The complaint alleges that “the electors did not, and in many cases still may not, know that they signed the Recall Petition nor even what they were signing.” The complaint argues that these signatures should not be counted because these petitions were not circulated in a manner that protected against fraud and ensured that the signers knew what they were signing.

8. The complaint alleges that signers were misled by circulators regarding the allegations against the Complainant, and also that signers were bribed—specifically with monetary payments or threats at a party and by food offered to teachers—to induce them to sign. The challenge, like the complaint, alleges that circulator Trisha Vande Hay was the individual mentioned in exhibit G of the challenge, and that her threat was in violation of Wis. Stat. § 12.11(1m). Statements, some of which were formal affidavits, were submitted by signatories alleging that they were deceived about the purpose of the recall petition or signed while under the influence of alcohol. The complaint alleges that requests to remove signatures obtained from fraudulent devices were ignored.

### The Response

The response mainly explains the Respondent’s review of the underlying challenge, and argues that the challenge and complaint:

- Did not prove that the reasons provided for the recall were vague, and that Wisconsin law does not require any specific grounds for a recall petition.
- Did not or show evidence of fraud.
- Did not show that specific signatures were induced or coerced.
- Did not show that bribery occurred.
- Did not show evidence of threats or coercion.
- Did not show that specific signatures were gathered due to the r4wcsd.com website or the Residents For Wrightstown Community School District Facebook page.
- Did not show that signatures obtained in bars are invalid.

The response also argues:

- That signatures gathered on school property in violation of school policy were voluntarily withdrawn.
- That signatures were not rejected when the municipality could be determined based on the information provided.
- That the first amendment allegations were outside of the filing officer’s authority to determine.
- That WEC staff did not advise that the petition be certified.
- That school logos and branding were removed once the Respondent became aware of them.
- That individuals were provided with a means to remove their names from the recall petition if they believed they were misled, and that 13 signatures were removed for this reason.

The response also includes an email from Commission staff stating that electors do not need to initial next to a correction, that voters can have someone complete the rest of the petition or receive assistance in completing the form. Overall, the response argues that the recall petition was

reviewed “in a consistent, objective, and credible manner” and that it was properly found to be sufficient after considering the challenge raised against it.

### The Reply

The reply argues that the response failed to rebut the material allegations made in the complaint, and that the Commission must stay the recall election, investigate statutory violations, and grant a contested case hearing. It reiterates the argument that the reasons given for the recall are “generic, subjective, unsubstantiated, and unmoored from any factual basis relating to Winker's official duties.” It also states that the response does not deny that fraud occurred when signatures were altered without indication that the alterations were by the signers, and that the Respondent relied on Commission staff guidance when making this determination, as opposed to guidance approved by the Commission as a body. The reply argues that these altered signatures cannot be verified and must be struck. The reply argues that substantial compliance requires that signatures were collected with the signers knowing the contents of the petition, and that signatures failing this requirement cannot be counted.

### Discussion

The Commission will examine each major argument raised in the complaint in the same order presented above in the complaint summary.

#### 1. *Guidance from Commission Staff*

The complaint alleged that the Respondent relied on material guidance from Commission staff, and that the guidance was not formally approved by the Commission. The fact that a staff member provided guidance to an individual asking election-related questions does not bind the Commission to any decision within a complaint. The Commission is required to provide general election information to individuals who contact the agency. Wis. Stat. § 5.05(13)(a).

In this instance, considering that changes were not made after the petition was offered for filing, a staff member stated that an elector does not need to initial next to a correction, and that a voter can receive assistance in completing a line on a petition without indicating that they have received assistance. Whether a voter who is not disabled can have someone else complete information on a form is less clear and needs to be reviewed on a case-by-case basis. Information entered with the consent of the elector or information clarifying but not materially changing the information on the page should be considered differently from information entered without the consent of the elector or materially changing what the elector provided, which would likely be cause to strike if evidence is presented showing that this took place.

The Commission has reviewed the allegations regardless of whether the Respondent's actions were influenced by Commission staff and addresses them on the merits in the sections below.

## 2. *Contested Case Hearing*

The Complainant requested a contested case hearing under Wis. Stat. § 5.06(1) and Wis. Stat. § 227.42(1) and argued that the Commission is required to hold one due to the Complainant meeting the requirements of § 227.42(1). The Commission does not believe that a contested case hearing is required under Chapter 227. Under Wis. Stat. § 227.42(3), “[t]his section does not apply . . . to actions where hearings at the discretion of the agency are expressly authorized by law.” This complaint process falls under Wis. Stat. § 5.06, and subsection (1) states in relevant part that the Commission “may conduct a hearing on the matter in the manner prescribed for treatment of contested cases under ch. 227 if it believes such action to be appropriate.” This is an express authorization granting the Commission the discretion to hold a hearing, and therefore it retains that specific discretion as authorized by both § 5.06(1) and § 227.42(3). In other words, the Commission may decide that a contested case hearing under Chapter 227 is necessary, but it is not required to do so by any provision of Chapter 227.

In the case cited by the Complainant in support of her argument, *Milwaukee Metropolitan Sewerage District v. DNR*, the Wisconsin Supreme Court agreed that individuals had an independent right to a contested case hearing under a nearly identical statute to Wis. Stat. § 227.42, and that a party did not need a preexisting hearing right under another statute. However, the court did not examine the identical subsection (3) of that statute, and even mentioned another case in which a petitioner was not entitled to a contested case hearing because the DNR had discretion in deciding whether to grant a hearing. *Id.* at 70. The Commission does not believe that this case requires it to hold a contested case hearing because of the exceptions in statute, mentioned in the case, which exempts agencies that are specifically granted the discretion whether to hold a contested case hearing under their own statutes.

In this case, the Commission does not believe that a contested case hearing is appropriate or necessary under Wis. Stat. § 5.06(1). This complaint is an appeal from a challenge that was carried out at the local level, during which all parties had the opportunity to provide any facts or arguments in support of their positions. The Commission is reviewing the decision that the Respondent made given the challenge and arguments for striking signatures that were presented to him. This complaint argues that the Respondent made the wrong decision in the face of the arguments and evidence presented to him. Given this context, the complainant has not presented to the Commission what the need would be for a contested case hearing. There was also not a request to call specific witnesses or to gather facts that were not already provided in the record. From what has been presented, the Commission has all the information needed to make a decision, and thus a contested case hearing would merely delay the resolution of the complaint, which would also delay the ability of the Complainant to appeal this decision to a circuit court for review before the recall election is held.

## 3. *Reason for the Recall on Petition Pages*

The complaint alleges that the reason provided for the recall on the petition pages was impermissibly vague under Wis. Stat. § 9.10(2)(b). The reason provided for the recall in the registration form submitted to the school district clerk contains specific claims regarding the complainant, but the complaint is correct that the statements provided on the

petition pages are much shorter and appear to be abbreviations of what appeared on the registration statement. The Commission, though it agrees the statements are vague, does not find them to be impermissibly vague, and finds that they are related to the official responsibilities of the Complainant.

Under, Wis. Stat. § 9.10(2)(b) “[a] recall petition for a city, village, town, town sanitary district, or school district office shall contain a statement of a reason for the recall which is related to the official responsibilities of the official for whom removal is sought.” Prior versions of the statute had established a more demanding standard to provide specific grounds and cause for removal that would be reviewed by a circuit court. *See* Wis. Stat. § 9.10(2)(b) (1987–88). Now, there is not a requirement to provide grounds and show cause, but only to connect some reason for the recall to the official responsibilities of the official. The Commission has previously examined the two elements of this requirement, and believes, first, that each petition page must contain a statement of the reason for the recall, and, second, that the reason must be connected to the official job duties of the officer as opposed to a personal grievance against the individual. *See* EL 24–74 *Sloan v. Cowling*.<sup>2</sup> Both elements are met. Each page of the petition contains a reason statement, and the statement relates to the responsibilities of a school district officer.

Merriam-Webster’s online dictionary defines “reason” as “a statement offered in explanation or justification,” “a rational ground or motive,” “the thing that makes some fact intelligible,” and “a sufficient ground of explanation or of logical defense.” The statements given meet these definitions. The petition pages state as the reason: “Disregard for board procedures. Lack of transparency and communication. Conflict of interest and ethical violations. Violation of district policies and code of conduct.” These are general allegations not tied to any specific actions, but they nonetheless relate to standards that would bind a school district officer and appear to relate to the complainant only in her position as a school board member rather than as a private citizen. It is not up to the school district clerk or the Commission to determine whether these statements are true or fair, but only to determine that they are reasons and that they relate to the official responsibilities. This low bar has been cleared in this case.

#### 4. *Modifications to Signature Lines*

The Complaint alleges that 258 signatures were altered in violation of Wis. Stats. §§ 8.40(1), 9.10(2)(e)4. and 9.10(2)(j). Under Wis. Stat. § 8.40(1):

Each signer of such a petition shall affix his or her signature to the petition, accompanied by his or her municipality of residence for voting purposes, the street and number, if any, on which the signer resides, and the date of signing. In addition, each signer shall legibly print his or her name in a space provided next to his or her signature. No signature is valid under this subsection unless the signer satisfies the requirements under this subsection.

Notably, the statute is very specific that each signer affix his or her signature and legibly print his or her name. However, the statute is also less directive and states only that the signature be “accompanied by” the other information. Had the Legislature intended a strict

---

<sup>2</sup> The Commission is not necessarily bound to follow similar conclusions reached in different cases, but here, this complaint is referenced to illustrate the Commission’s reasoning from a recent complaint which dealt with similar issues.

requirement that all information be entered by the same person, it likely would have specified that all of this information be legibly printed by the signer. This does not mean that information can simply be changed without the signer’s consent, but this statute does appear to differentiate between the signature and the written name and the other information.

Regardless of whether Wis. Stat. § 8.40(1) may expressly permit more lenience in the entering of address, municipal, and date information, the Commission finds that the presumption of validity must apply to these signatures and that the school district official did not violate or abuse the discretion granted when finding these signatures sufficient. No evidence has been provided from a signatory stating that they did not make or authorize any corrections to their signature line, and, further, there are no allegations in the complaint that the information on the page is inaccurate regarding residency or that any signer did not reside within the district or did not voluntarily sign the petition, with or without assistance. The Commission does not believe that a firm basis to strike these signatures was presented in the complaint or in the underlying challenge. Mere speculation is not enough to overcome the presumption of validity afforded to election petitions.

First, any information that appears on a petition page is entitled to a presumption of validity under Wis. Admin. Code §§ EL 2.05(4) and 2.09(1). The information on the challenged signature lines mostly shows one municipal name crossed off and another written in, though sometimes the other municipal name is not crossed off. A presumption of validity requires that information to be accepted unless a challenge establishes clear and convincing evidence that the information is invalid. *See* Wis. Admin. Code § EL 2.07(4). Generally, this would be done by providing affidavits or evidence that information failed one of the standards established in Wis. Stats. §§ 8.40, 9.10, or Wis. Admin Code EL 2. In this case, no affidavits were provided from individuals claiming that any part of their signature line was altered without their consent or that the information was inaccurate. While it may be a reasonable theory to speculate that information was altered by someone other than the signer in many of these instances, absent specific, credible allegations or supporting evidence that establishes that someone else altered or added to the information with the signatory’s consent, speculation alone is not enough to overcome the presumption of validity.

Second, the complaint argues that Wis. Stat. § 9.10(2)(e)4., which states that signatures cannot be counted if the “residency of the signer of the petition sheet cannot be determined by the address given,” prevents all such signatures from being counted. However, it does not appear that there was an argument before the filing officer in the challenge or before the Commission in the complaint that any such altered residence location could not be determined. It appears that, regardless of the municipal name provided, the same physical location was indicated. Instead of arguing that the residency could not be determined, the complaint argues that the filing officer cannot consult extrinsic sources to verify the accuracy of information on the petition pages. This is not correct. Wis. Admin. § EL 2.09(1), in a cross reference to § EL 2.05, allows a filing officer to consult extrinsic sources to determine the sufficiency of signatures on election-related petitions. Further, Wis. Stat. § 8.40(3) expressly requires the Commission to promulgate rules that shall be used to determine the validity of election-related petitions, and Wis. Admin. Code EL 2.09 and 2.11 are provided as links in the notes under that section. While it is not clear in the record to what extent the filing officer consulted extrinsic sources to verify individual addresses,

the Commission presumes that if any of these residences were located outside of the school district, or if any simply did not exist, those arguments would have been raised in the challenge before the school district clerk. The Commission cannot overturn a decision that simply was not made at the local level.

Third, Wis. Stat. § 9.10(2)(j) states that “[i]f a challenger demonstrates that someone other than the elector signed for the elector, the signature may not be counted, unless the elector is unable to sign due to physical disability and authorized another individual to sign in his or her behalf.” The reason to strike under Wis. Stat. s. 9.10(2)(j) applies to the signature itself, and no evidence or arguments have been presented that anyone but the elector, with or without assistance, added his or her own signature to the petitions. The Commission does not have any reason to conclude that the electors whose names and signatures appear on the petition pages did not themselves, with or without assistance, add their own signatures.

In nomination paper review, the Commission has considered the issue of circulators filling in other information for electors to be an irregularity worthy of noting and has cautioned candidates against this practice, but it has approved the signatures for reasons consistent with this discussion. Even if someone altered the municipality name, that does not mean that the signature itself was forged or that the alteration was done without the elector’s consent.

It appears that the petition pages were turned in as they appear now, and thus that the presumption of validity applies. Nothing presented in this complaint has shown that an alteration was made without an elector’s consent, that a residence could not be determined from the information provided, or that the named individual did not sign the page, with or without assistance. Lacking this evidence, the Commission will not overturn the filing officer’s determination regarding these signatures.

The Commission also notes that even if it had decided that the rewritten municipal names could not be accepted, it may have determined that the original municipal names written in met the substantial compliance standard under Wis. Admin. Code EL 2.05(5). Again, it appears that the residence is the same and is identifiable using either municipal name. Under this standard and under Wis. Stat. § 9.10(2)(e)4. it appears that the correct municipality for voting purposes could be identified using the information provided on the page, even if the municipality listed was instead a mailing address or a prior address due to municipal boundary changes. The intent of the signers to provide their residence does not seem to be in question. This reasoning is consistent with that explained by the court in the *In re Recall of Redner* complaint, at 392, cited in the complaint.

Commission staff reviewed each signature that is alleged to have been altered in the graph on pages 12 and 13 of the complaint. In almost all cases, the municipality of residence name has been crossed off and a different name appears to have been added. Importantly, in only one case, page 88 line 10, was a street name or number also crossed off within the same signature line showing a modification of the municipality of residence. Even in this case, that line should still receive a presumption of validity unless challenged to show that the elector whose name appears does not reside at the rewritten address, did not sign the page, or did not intend that address to be written on the page. Other specific instances reviewed in this challenge are briefly noted below:

- On page 41, for example, it appears that two municipal names have been included, one in the street and number box and another in the municipality box for several lines, with neither being crossed out, but the street and number appear only once and do not appear altered. Numerous challenged signatures show this pattern, where one municipal name was written in the street and number box, and a different name was written in the municipality box.
- On page 48 on line 1, the date is also challenged, but the date appears to be either January 24 or 25, and either date would be on or before the page was signed, and within the allowable circulation period.
- On page 51 line 2, part of the address appears to be rewritten, and in this instance the handwriting appears the same in the address line and the word appears to be “bear” in the original and the rewrite.
- On page 70 on lines 9 and 10, it appears a phone number was crossed off and replaced with a street number and name, the new writing does appear different from the original, but a presumption of validity applies unless there is specific reason to believe that these signatories did not reside at the address given, or did not intend to provide that address. The Commission does not agree that the other street names and numbers on page 70 appear to be written by the same person, and there are differences between the entries.
- On page 91, it is somewhat unclear if the signature on line 7 has been crossed off, but there is or was a signature present on that line, and the Commission does not find conclusive evidence that the line was intended to be crossed off prior to submitting the recall petition, and will not overturn the filing officer’s determination without evidence that the signer or circulator intended to remove this signature. Generally, if a signature is struck by a signer or circulator, the entire line is struck, which is not true in this instance.
- On page 92, Commission staff used Google maps and believe the street address and number appearing on lines 2 and 3 identify a residence near Morrison, Wisconsin, though the proper address is likely Greenleaf. It is not clear what the specific determination was by the filing officer for these signatures, but the Commission would have found them to be substantially compliant if they are in fact within the district and would not overturn the filing officer’s decision to count them.

##### *5. Illegible Handwriting*

Regarding the allegations of illegible handwriting, Commission staff reviewed each allegation provided on page 15 of the complaint. Staff found that in each case, a possible name can be discerned, though the handwriting is indeed difficult to read in some cases. The Commission will not overturn the filing officer’s decision to count these names under Wis. Stat. § 8.40(1) because it appears possible to discern an elector’s name. The names below may not be entirely correct, but appear discernable as:

- Page 3 lines 6 and 7: Sherry and John Braeger
- Page 4 line 2: Lindsay Joanis
- Page 5 line 10: Nicole Halse
- Page 33 line 10: Ed Man
- Page 34 line 3: Paul Thiesen Bowker

- Page 36 lines 2–4: all appear clearly as Jon, Nicholas, and Breanna Gerrits. The arrows appear to indicate only that the subsequent address is the same as the previous address.
- Page 40 line 8: Greg Vande Hey
- Page 52 line 4: Kevin Frelich
- Page 57 line 3: Bud Bowers
- Page 77 line 10: Tim Hackel
- Page 84 line 5: Brian Klister
- Page 94 line 2: Mathew Zarter
- Page 122 line 1: Nicole Burban
- Page 141 line 1: Jack Hew

#### 6. *School District Policy and False Information*

The complaint alleges that many signatures were obtained in violation of school district policies, after allegedly false information was shared on private forums in conjunction with logos and branding indicating overall support by the district, and from circulators who were board members that had been making allegedly false statements about the Complainant.

First, the Commission takes no position on whether any actions violated school district policy because those policies are not administered by the Commission. More importantly, whether a school district policy was violated has no bearing on whether a signature on a recall petition is valid. If circulators or signers violated school district policy, the school district may take whatever action it believes appropriate in response. Nothing in Wis. Stat. § 9.10 prevents signatures from being gathered on school grounds, at school events, or allows signatures to be stricken because they were obtained in violation of the policy of another governmental body. If local policies were violated, the district may impose consequences, but the Commission cannot find that the school district clerk abused his discretion in not striking signatures that were allegedly obtained in violation of the district's own policies.

Second, to the extent that the Complainant believes logos, branding, and false statements were shared with an intent to influence an election, such claims could be brought to local law enforcement, filed as a Wis. Stat. § 5.05 complaint with the Commission, or pursued civilly. While there could potentially be consequences for those making false statements, the complaint has not shown that individual signatures were obtained through specific false statements. Regarding individuals who have not asked that their names be removed for this reason, the Commission will not alter the filing officer's decision to accept signatures generally challenged to have been obtained while allegedly false information was being disseminated. There is simply not a strong enough connection between statements and particular signatures for any action to be taken.

Finally, the complaint has not provided sufficient reasons as to why board members who were also circulators should have all of their petition pages stricken. The Commission fully agrees that petitions need to be circulated in a manner that protects against fraud and that assures that signers know the content of the petition, but nothing alleged in this complaint or underlying challenge shows that signatures were fraudulently obtained or that signers did not know what they were signing. There are not sufficient allegations or evidence presented showing that the board members fraudulently added signatures or misled specific

people who then signed the petitions. Regarding statements from signers that have been provided in this challenge, the Commission discusses those below.

#### 7. *Signatures Obtained in Bars*

Regarding signatures that were challenged because they were obtained in a bar while a Packers game was playing, the Commission will not overturn the filing officer's decision to count these signatures. None of the reasons to invalidate a signature under Wis. Stat. § 9.10 have been presented regarding this allegation. Under Wis. Stat. § 9.10(2)(m), "[n]o signature may be stricken on the basis that the elector was not aware of the purpose of the petition, unless the purpose was misrepresented by the circulator." What was presented to the filing officer and to the Commission are allegations that petitions were likely signed by electors who may have been drinking alcohol and who may have been watching a Packers game. Neither issue invalidates any signatures, and it is clear that even if the signer was not aware of the purpose of the petition, a signature could only be removed if the purpose of the petition was misrepresented. Specific allegations that individuals were misled were, for the most part, not provided to the Commission, and these claims are far too general and disconnected from specific signatures to overturn the filing officer's determination.

#### 8. *Bribes and Threats*

Regarding allegations of circulators misleading specific signatories and offering bribes or making threats, the Commission will not overturn the decisions of the filing officer.

First, the allegations concerning bribes are not well supported. It appears that two individuals who also circulated recall petitions brought desserts for middle school staff members and were thanked for doing so online by someone who mentioned and supported the recall petition. However, there is no allegation that the circulators had recall petitions available for signing at that time, or that receipt of a dessert was in any way conditioned on signing the recall petition. Without any specific allegation that a specific signer was induced to sign the petition by an offer of food, the Commission will not overturn the filing officer's determination that no signatures should be stricken due to bribery. The allegation that one or more signers were told that they could stay at a house party if they signed the petition or pay \$10 if they were not signing but wanted to stay is concerning. However, the allegation is not supported by any named individual who claims that they were personally coerced into signing the petition.

Second, it appears that some specific individuals did allege that they were misled about the petition by the circulator when signing and asked that their names be struck. Looking at the statements provided in the challenge and also the Respondent's statement in the response concerning how such requests were addressed, the Commission believes that the Respondent acted reasonably. It appears that 13 names were removed by the filing officer under Wis. Stat. § 9.10(2)(m) due to signatories alleging they had been misled. Other names were not removed due to not being found on the petition, not alleging that the individual had been misled, or not following the Respondent's instructions for removing the names. The Complainant's reply does not dispute that these names were removed. Neither the complaint nor the reply provides additional affidavits from individuals asking to have their names removed for this reason. The Commission therefore finds that the filing

officer followed Wis. Stat. § 9.10(2)(m) where an appropriate request was made and does not order further relief under this section.

### Commission Decision

Based upon the above review and analysis, the Commission finds that the Complainant did not show probable cause to believe that a violation of law or abuse of discretion occurred with relation to the recall petition and challenge. The Commission hereby dismisses the complaint, and the recall election may therefore be held on the scheduled date.

### Right to Appeal – Circuit Court

This letter constitutes the Commission's resolution of this complaint. Wis. Stat. § 5.06(2). Pursuant to Wis. Stat. § 5.06(8), any aggrieved party may appeal this decision to circuit court no later than 30 days after the issuance of this decision.

If any of the parties should have questions about this letter or the Commission's decision, please feel free to contact the Commission at 608-266-8005 or [elections@wi.gov](mailto:elections@wi.gov).

Sincerely,

**THE WISCONSIN ELECTIONS COMMISSION**

## DELIVERED VIA EMAIL

March 20, 2025

Wisconsin Elections Commission  
201 W. Washington Avenue  
Madison, Wisconsin 53703

To Whom it May Concern:

We represent Ms. Angela Hansen-Winker, elected member and President of the Wrightstown, Wisconsin School District Board of Education.

Attached is an **official complaint and supporting exhibits** filed under Wis. Stat. § 5.06 by Ms. Winker against Mr. Anthony Decker, member and Secretary of the Wrightstown School District Board of Education **for wrongful and illegal certification of a recall petition** against her. Mr. Decker certified the recall on March 11, 2025 and this complaint is filed within the allowed ten days of certification.

Please acknowledge receipt of this complaint via return email and contact me if you need any additional information.

Sincerely,

Daniel J. Eastman  
Attorney at law  
Wis. Bar No. 1011433

In re: the Matter of:

March 11, 2025 Recall Petition Filed Against  
Wrightstown School District Board Member  
Angela Hansen-Winker

---

**WRIGHTSTOWN COMMUNITY SCHOOL DISTRICT  
BOARD PRESIDENT ANGELA HANSEN-WINKER’S  
VERIFIED COMPLAINT TO APPEAL  
THE CERTIFICATION OF THE RECALL PETITION**

---

**INTRODUCTION**

Complainant Angela Hansen-Winker (Winker) brings this complaint against Wrightstown School District Clerk Anthony Decker (Decker) for violating Wisconsin election statutes and administrative rules by certifying the Recall Petition brought by Petitioner Wrightstown School Board Member Rayn Warner. Winker resides at 2140 School Road, Greenleaf, Wisconsin 54126. Decker’s address is 351 High Street, Wrightstown, Wisconsin 54180.

On March 11, 2025, Decker certified the Recall Petition against Winker as “sufficient” and declared 1,264 valid signatures – 58 more than the required 1,206 signatures. (*See Ex. 1 - Certificate of Sufficiency/Insufficiency*). In certifying this recall, Decker has ignored violations of Wis. Stat. § 8.40(1) and (2) and Wis. Stat. § 9.10(2) and has ignored gross violations of the election fraud protections set forth in Wis. Stat. § 12.05 and Wis. Stat. § 12.13. As such, Winker is injured in her capacity as an elected public official and has probable cause to bring this action before the Wisconsin Elections Commission (WEC) under Wis. Stat. § 5.06(1).

Winker now demands an investigation into Decker's actions and an evidentiary hearing under Wis. Stat. § 5.06(1) and Wis. Stat. § 227.42(1) to determine whether Decker acted ultra vires and in contravention of state law.

### **BACKGROUND**

On February 17, 2025, the Recall Petition against Winker was filed with Decker for his review. Winker then filed a challenge to the Recall Petition on February 21, 2025 under Wis. Stat. §9.10(4)(a) claiming that the “reason” for the recall printed on the face of the Recall Petition was impermissibly vague and was materially different from the reasons given in the Official Recall Statement Petitioner filed with Decker. *See Ex. 2 (Winker Challenge & Exhibits)*. Winker also showed that a majority of the signatures collected during the recall effort were invalid due to fraud and multiple violations of election statutes. *Id.* The circulation of the Recall Petition was riddled with fraud, undue influence, bribery, threats, misuse of school district property, manipulation of petition signers' data by the circulators (some of whom were school board members) and promotion by some school board members on private internet chatrooms in violation of Winker's First Amendment rights – all in violation of Wis. Stat. § 8.40(1) and (2), Wis. Stat. § 9.10(2), Wis. Stat §12.05 and Wis. Stat. § 12.13. *Id.*

Petitioner rebutted Winker's challenge on February 25, 2025 but offered no sworn affidavits in support nor provided any verification or signature for his rebuttal. (*See Exhibit 3 - Rebuttal*). Winker then filed a reply to Petitioner's rebuttal on February 27, 2025 responding to the issues raised by Petitioner in his rebuttal that clearly showed multiple statutory violations and fraud in the circulation of the Recall Petition. (*See Exhibit 4 - Reply*). The allegations and claims set forth in *Ex. 2* and *Ex. 4* are incorporated herein and made a part of this complaint.

Despite all the clear evidence of fraud, vagueness, and other statutory violations presented in Winker's challenge, Decker still found the Recall Petition to be "sufficient" and certified the recall on March 11, 2025. Decker then admitted in public email that he relied upon guidance from WEC staff in making his decision. (*See Exhibit 5 - Decker Email*). In certifying the Recall Petition, Decker ignored multiple statutory and regulatory violations which should have prohibited him from finding the Recall Petition "sufficient." As such, there is probable cause for Winker to bring this complaint under Wis. Stat. §5.06(1) because Decker acted ultra vires and in contravention of multiple state statutes and WEC regulations.

Winker demands WEC investigate Decker's conduct and actions in certifying the Recall Petition and ordering the recall election. In light of the fact that WEC staff advised Decker to certify the Recall Petition, Winker also demands a contested case hearing as authorized under both Wis. Stat. §5.06(1) and Wis. Stat. § 227.42(1) to determine whether Decker acted ultra vires and in violation of state law and regulations or was otherwise influenced by WEC staff to violate Wisconsin statutes and regulations in his certification of the Recall Petition.

### **JURISDICTION**

The Wisconsin Elections Commission has jurisdiction under Wis. Stat. § 5.06(1) and Wis. Stat. § 227.42(1) to hear this complaint.

### **ARGUMENT**

#### **I. Winker is entitled to an evidentiary hearing under Wis. Stat. § 5.06(1) and Wis. Stat. § 227.42(1).**

Wis. Stat. § 5.06(1) allows WEC to investigate this complaint but does not guarantee Winker an evidentiary hearing on the merits which would allow Winker to present clear and substantial evidence of Decker ignoring in his decision vagueness of reason under Wis. Stat. § 9.10(2)(b) and evidence of fraud, undue influence, bribery, threats, misuse of school district

property, manipulation of petition signers' data by the circulators and others, and violation of Winker's First Amendment rights under Wis. Stat. § 8.40 (1) and (2) and Wis. Stat. § 12.05 and § 12.13. Winker has been injured by these actions in her capacity as an elected public official and is entitled to a hearing.

Wis. EL §20.06 allows WEC to conduct an evidentiary hearing on a recall petition challenge under Wis. Stat. § 5.06(1). Given the apparent fraud, vague allegations, and other serious misconduct by the Recall Petition circulators, an evidentiary hearing is appropriate. In *Matter of Recall of Redner*, 153 Wis. 2d 383, 394 n.6, 450 N. W.2d 808 (Ct. App. 1989), the court noted "one instance where it may be proper to hold an evidentiary hearing is when significant fraud or misrepresentation is alleged by the challenger..." In her challenge, Winker has produced voluminous evidence of fraud and misrepresentation by the Petitioner and the circulators of the Recall Petition that required Decker to strike a majority of the signatures collected. At minimum, an evidentiary hearing is necessary under EL 20.06(1)(a) to protect Winker's due process rights and assure this matter is heard in a fair forum.

Winker also demands, and is entitled to, an evidentiary hearing before WEC under Wis. Stat. § 227.42(1) to protect her due process rights. Under Wis. Stat. § 227.42(1) any person filing a written request with an agency for a hearing shall have the right to a hearing which shall be treated as a contested case if:

- a. A substantial interest of the person is injured in fact or threatened with injury by agency action or inaction;
- b. There is no evidence of legislative intent that the interest is not to be protected;
- c. The injury to the person requesting the hearing is different on kind or degree from injury to the general public caused by the agency action or inaction; and
- d. There is a dispute of material fact.

Winker has established all elements required under Wis. Stat. § 227.42 because the recall is specific to her substantial interest in her unique elected position and she has a significant interest in retaining her elected position. See: *In re Petition for Recall of Jensen*, 360 N.W.2d 535 (Wis. Ct. App. 1984). Wis. Stat. § 5.06(1) allows WEC, in its discretion, to call a hearing in matters such as this, and there is no state legislative provision or intent that denies a hearing to any party in a recall dispute. The injury to Winker is specific to her as an elected public official, and there is a dispute of material facts surrounding the circulation of the Recall Petition.

Next, WEC is prohibited from issuing any official guidance unless such guidance is voted upon and approved by the six WEC commissioners. See: *Pellegrini v. WEC, Case No.: 22-cv-1656 (Waukesha)(2024)*. But here, WEC staff advised the Recall Petitioner (Rayn Warner) and Decker on material elements of the certification review that directly influenced Decker's decision to certify the Recall Petition. See Ex. 5. This influencing WEC staff guidance was never approved by the WEC commission or written in WEC administrative rules or the published WEC recall guidelines. (See *Recall of Local Elected Officials*, Wisconsin Elections Commission, August 2020). WEC's unofficial guidance to Decker that influenced his decision, in violation of state law, and the Petitioner, leading to the multiple flaws in the petition, mandates an evidentiary hearing to protect Winker's rights. See Ex. 5.

In *Milwaukee Metropolitan Sewerage District v. DNR*, 126 Wis 2d 63, 375 N.W. 2d 649, the court determined that any person who satisfies the conditions of Wis. Stat. § 227.42(1) is entitled to a contested case hearing regardless of whether another legal right to a hearing exists. As such, Winker is entitled to a contested case hearing under Wis. Sta. § 227.42(1) notwithstanding WEC's discretion to conduct a hearing under Wis. Stat. § 5.06(1).

**II. The Recall Petition is insufficient because it fails to state a legitimate claim and is impermissibly vague.**

A recall petition “shall contain a statement of a reason for the recall which is related to the *official responsibilities* of the official for whom removal is sought.” Wis. Stat. § 9.10(2)(b) (emphasis added). The Recall Petition against Winker was the only information seen by the electors when presented with the Recall Petition and so failed to meet this legal standard. Instead of articulating any specific allegation regarding the performance of her *official responsibilities* as a school board member or as president of the school board, the Recall Petition merely asserted:

“Disregard for board procedures. Lack of transparency and communication. Conflict of interest and ethical violations. Violation of district policies and code of conduct.”

None of these allegations are supported by any factual evidence or even touch on Winker’s specific conduct, behavior or performance in her capacity as an elected public official. In fact, it is just the opposite. Winker is an advocate for open, transparent and honest school board governance. She has exposed fraud and maladministration in school district operations, which incidentally occurred just prior to this recall effort. The promoters of the Recall Petition failed to state on the Recall Petition any specific act suggesting any action by Winker that reflects the performance of *her* official responsibilities. They offer mere opinions and misstatements of her character, driven by long-simmering political animosity, revenge and fear of her investigation into school board corruption and potential misuse of public funds. This recall is not about the constitutional right to recall an elected official for actual misconduct. It is about trying to prevent Winker from performing her duties as a school board member. Decker accepted the Recall Petition filed in his office, with these glaring inconsistencies in violation of Wis. Stat. 9.10(2)(b).  
*Ex. 2.*

The lack of specificity in the Recall Petition made it impossible for signers to understand the nature of the allegations so electors who signed the Recall Petition were not able to make an

informed decision as to whether Winker has performed her official responsibilities. The Petitioner failed to state even the most rudimentary reasons why she has failed in her official responsibilities. Electors have a right to understand the accurate allegations raised in a recall election from the face of the Recall Petition. Vague allegations of “mere procedural violations” are not sufficient to support a recall under Wisconsin law. Wis. Stat. § 9.10(2)(b). *Id.* As such, Decker should not have certified the Recall Petition, and WEC staff should not have advised Decker or the Petitioner to certify the recall petition with these glaring violations.

Because of these vague allegations, electors who signed the Recall Petition were misled by Petition circulators on multiple occasions who used such vague statements to misrepresent the nature of the recall in whatever way they needed to harvest signatures, including offering money or threatening people who did not sign it. *See e.g.* Ex. 2 (*Winker Challenge, Ex. G*). Circulators relied on and used the vague “allegations” on the petition to provide any litany of false or fictitious information they could to garner signatures. In fact, over a dozen electors have requested to have their names removed from the Recall Petition for this very reason—even though Winker had only a mere couple weeks to try and respond to the litany of false information that had been circulated orally about her. Under Wisconsin law, the Recall Petition must clearly state the allegations as they relate to her official responsibilities. Mere criticism of her character is not enough to meet this burden. Wis. Stat. § 9.10(2)(b). *Id.*

The absence of any factual specificity in the Recall Petition is not enough to meet the statutory standard. Because the Recall Petition reason is impermissibly vague and does not establish a legally sufficient cause for removal, the Recall Petition should have been rejected by Decker on its face under Wis. Stat. § 9.10(2)(b).

Substantial compliance with Wis. Stat. §8.40(2) requires the Recall Petition to be circulated in a manner that protects against fraud and that assures the signers knew the reason for the Recall Petition. And substantial compliance with recall procedures is necessary because of the significant interest of the office holder in retaining her position. *In re: Petition for Recall of Jensen*, 360 N.W.2d 535 (Wis. Ct. App. 1984). It is the law in Wisconsin that:

“There must be substantial compliance with legally required recall procedures. But substantial compliance is all that is necessary. Nevertheless, it has been ruled that noncompliance with a statutory provision intended to safeguard the operation of constitutional recall procedures is fatal to the validity of a recall petition.” *Beckstrom v. Kornsi*, 63 Wis. 2d 375; 217 N.W.2d 283 (1974).

As such, Decker was required to reject the Recall Petition as facially insufficient because it expressly violated Wisconsin state law requiring specific allegations relating to the official responsibilities of the official (Winker). Decker is required to consider both Winker’s and the general public’s rights who elected her to her current position. See *State ex rel. Baxter v. Beckley* 192 Wis. 367, 370, 212 N.W. 792 (1927).

### **III. Recall Petition signatures that were accepted contained numerous false and fraudulent addresses by unknown third-party edits of elector information without consent.**

It is the exclusive duty and obligation of Recall Petition signatories to complete the required information *themselves* unless allowed by statute to have assistance due to physical disability.

Wis. Stat. § 8.40(1).

“Each signer of such a petition *shall* affix his or her signature to the petition accompanied by *his or her municipality of residence for voting purposes*, the street and number, if any, on which the signer resides, and the date of signing... No signature is valid under this subsection unless the signer satisfies the requirements under this subsection.” Wis. Stat. §8.40 (1) (emphasis added).

The plain language of the statute requires the signer to disclose his or her *municipality of residence* for purposes of voting. *Id.* The signer, herself, “shall” write the required information

on the Recall Petition when deciding to participate in the process. *Id.* Electors capable of signing the Recall Petition are presumed to know the municipality in which they reside and vote.

Yet, here, over 258 Recall Petition signatures (over 80% of the signature sheets presented as the Recall Petition) contain third party alterations of elector addresses and municipality information. *Ex. 2 (Winker Challenge, at Ex. A)*. Because the Recall Petition was edited, without verification, to create two or more municipalities of residence, neither Decker nor Winker can determine which residence is the accurate residential address of the voter. Certainly, where the edits are clearly not in the signatories' handwriting with no apparent consent or verification initialing by the elector signatories. As such, Decker should not have accepted these signatures. Wis. Stat. § 9.10(4)(a). *See id.*

The recall of a public official is an extraordinary proceeding with serious implications. The right of an elected official to complete the term for which he was elected is a substantial one, and statutes providing for recall must be complied with substantially. Substantial compliance with recall procedures is necessary because of the significant interest of the officeholder in retaining his position. *In re Petition for Recall of Jensen*, 360 N.W.2d 535 (Wis. Ct. App. (1984).

Substantial compliance requires that petitions be circulated in a manner that protects against fraud and that assures that signers know the content of the petition. See *Montoya v. Lopez*, 659 P.2d 900, 901-02 (N.M. 1983). Therefore, it is imperative that the circulation of recall petitions be done in the absence of fraud. A review of the Recall Petition has uncovered widespread **improper alterations** made by circulators. Specifically:

- Signers' addresses and municipalities of residence were **pre-filled, rewritten or changed** by circulators without the signer's consent or knowledge.
- Municipality names were **changed** by circulators to make it appear that signers resided in the district when, in fact, they did not. Circulators are obligated to know the municipality of each signer at the time the signer signs the petition. Wis. Stat. §8.40(2).

- Some circulators **crossed out information and replaced it in clearly different handwriting**, which violates Wis. Sta. § 8.40(1) and (2).

Under **Wis. Stat. § 9.10(2)(e)(4)**, all such modified signatures are invalid if the residency of the signer cannot be determined. Because circulators altered the municipal information of over 258 signatures who show two or more residence locations all such signatures that have been modified by the circulators or others must be **stricken**. As this number exceeds 258 signatures, the Recall Petition falls short of the 1,206 signatures necessary to order a recall election.

If someone other than the elector signed for the elector, the signature may not be counted. Wis. Stat. § 9.10(2)(j). Here, we have over **258 examples** of someone other than the signer changing and manipulating the signature information *after* the Recall Petition was signed. *Id.* Despite this, each of these signatures were counted with Decker's decision to certify the Recall Petition. But they should have been voided for violation of state law. Wis. Stat. § 8.40(1) and (2) and Wis. Stat. §91.10(4)(a).

While technical defects in the Recall Petition alone may not warrant dismissal, defects that rise to the level of facilitating misrepresentation can be grounds for rejection of the Recall Petition. See *Matter of Recall of Redner*, 153 Wis2d 383 (1989). Similarly, in *Stahovic v. Rajchel*, 122 Wis.2d 370 (1984), the court implied fraud can be a reason for a clerk to reject recall signatures. In *Friends of Scott Walker v. Brennan*, 340 Wis.2d 499 (2012), the court determined that recall petitions containing patently fictitious names or *illegible addresses* may be challenged and the clerk may be directed to eliminate such signatures during their review of the recall petition. *Id.*

The perpetrators of these edits have not only denied the signer their constitutional right to recall but have harmed Winker, the electorate, and the school district by fraudulent abuse of the recall process. The persons editing or modifying information given by the Recall Petition

signers have committed election fraud under Wis. Stat. § 12.13(1)(b) by making a false statement to an election official. Manipulation of over 258 signers' information to trigger a statutory recall is a criminal offence. *See e.g.* Wis. Stat. §12.13. As Decker is not only the school district clerk but also a sitting elected school board member, he has a duty to protect the school district and school board members from fraudulent and illegal acts by recall promoters. This is especially true where the Petitioner Rayn Warner, and another main circulator, Tiffany Van Vreede, are both current School Board members facilitating such violations and fraud on their electorate to target a fellow Board Member with whom they politically disagree.

The circulators have no authority under state law to edit or change any information on the Recall Petition inscribed by the signer. Wis. Stat. § 8.40(1) and (2). Yet, here, multiple circulators edited the Recall Petition to mislead Decker into believing the Recall Petition signatures contained accurate information. All of these edited signatures must be excluded because, *on its face*, Decker could not determine the correct address of these signers on the Recall Petition based on such ambiguities and varying handwriting. *See In re Petition for Recall of Jensen*, 360 N.W.2d 535 (Wis. Ct. App. (1984)). None of these 258 signatures should have been counted, certified, or accepted without, at a minimum, some verification or opportunity to correct.

The obligations of recall petition circulators are clearly set forth in statute. Wis. Stat. § 8.40(2). Circulators are required to know that petition signers are electors of the jurisdiction or district in which the petition is circulated and that they signed the Recall Petition with full knowledge of its content. The circulator must know **“their respective residence given”** and falsifying the certification without elector consent is punishable under wis. Stat. §12.13(3)(a). Wis. Stat. § 8.40(2) (emphasis added).

It is long-settled law in Wisconsin that circulators are obligated to know the respective residences of electors signing the Recall Petition. *State v. Beckley*, 192 Wis. 367, 212 N.W. 792 (1927). Here, over 258 municipality entries signed by electors were changed post hoc by the circulators or other third parties without the consent or permission of the signers. *Id.*

Accordingly, over 258 signers now have multiple addresses and municipalities listed on the Recall Petition signature sheets shown by page, row, and number in the chart below. Therefore, the Recall Petition, on its face, is insufficient.:

<u>Recall Petition PAGE</u>	<u>Row(s)</u>	<u>Recall Petition PAGE</u>	<u>Row(s)</u>
7	1,2,4	68	9, 10
10	7	70	9,10 (entire street address written by circulator – not elector)
11	4,7,8	71	4,3,2
12	8,9	75	7
14	6	81	3,4
17	2,6	83	1,2
25	2,3	85	9,10
28	10	88	10
32	10	91	7 (appears that signature of elector was crossed out)
38	3	92	2,3 (address does not exist)

39	5,6	93	2,5,7,9
40	2,6,7,8,9,10		
41	2,3 (no cross out but different signature than the elector)	101	3,4,5,6
42	4,7,8,9	103	5
44	9	110	8
45	8,9	118	2,3
47	8,9	121	8
48	1 (cross and date)	125	1,2
49	3,4	126	1,2
51	2 (cross address), 3	127	2,3,4

53	8	129	8,9
59	10	132	6
61	3, 4	133	1,2,4,5,6
63	1	137	3, 4, 5
65	1,2	145	3,4 (unknown handwriting – likely other circulator)
66	9	146	4,5,7,9
67	2 (strike w/ different pen)	147	4,7,8

The circulators' conduct in using false representations to coerce information relating to the Recall Petition proves that certain circulators are not above using false identifications or pseudonyms to induce signatures, information, and otherwise blemish the sacred election process. *See infra* pt. V. Decker should have investigated this obvious fraud before certifying the Recall Petition. *Id.* At a minimum, Decker should have required the Petitioner and other circulators implicated to obtain verifications from the signers to these fictitious edits. Neither occurred prior to certification.

There is ample precedent and statutory justification that permits and requires Decker to reject the Recall Petition based solely on the foregoing. Indeed, recently, WEC rejected a recall petition against Wisconsin State Assembly speaker Robin Vos and nullified 188 names that either had crossed out addresses, insufficient addresses, names and address information added without the elector's consent, and other implications of fraudulent and violative circulation measures.<sup>1</sup>

Finally, the law requires that each signer "shall *legibly* print his or her name in a space provided next to his or her signature. No signature is valid... unless the signer satisfies the requirements under this subsection." Wis. Stat. § 8.40(1) (emphasis added). Certain signatories have names that cannot be reasonably read so Winker has no way of knowing the identity of the signer. As such, she could not verify the signer's identity, signature, name, or address. These seventeen (17) entries should not have been counted or certified. Indeed, Winker could not decipher names, and thus, did not have sufficient information to assess whether these electors were valid or otherwise forged:

**IV. Recall Petition signatures were circulated and induced in violation of multiple policies, rules and laws, and, on that basis, should be stricken.**

Using district logos and branding on recall-related websites, a recall-related Facebook page, and materials to create an appearance of official endorsement by the school district is an egregious violation of Wrightstown School District Policy, state law, and public policy regardless fraudulent inducement of officially endorsed actions—especially where such fraudulent representations are to induce election related signatures. This tactic has been a consistent and ongoing practice with the Recall Petition circulators maintained solely to gather signatures from the electorate. Decker is not only school district clerk but also an elected school board member. Neither Decker, nor the School District, should have allowed the Petitioner and circulators the fraudulent use of official District logos and branding to gather signatures. Neither Decker nor the District released any public statement condemning the fraudulent use of their logo that feigned endorsement of the recall efforts. No statement was made or published

informing the misled electorate that the District did not condone or support or endorse the recall of Winker. The Petitioner's shallow rebuttal that "we changed the logo in January" does nothing to correct the fraudulent representation of District endorsement of the Winker recall.

First, Recall promoters and circulators used the school district logo on a private website – Residents for Wrightstown Community School District (r4wcsd.com) that was created to promote the recall and the Recall Petition in an effort to gain more signatures. *See* Ex. 2 (Winker Challenge, at Ex. E). The same official logo was used on a restricted Facebook page that neither Winker, nor many other citizens, were allowed to access. This is a blatant violation of the law and public policy to fraudulently induce signatures using official governmental logos to feign "official endorsement" by the Wrightstown Community School District itself. Persons who signed the Recall Petition as a result of reading the content of this website and Facebook page falsely believed the District had endorsed or supported the recall against Winker.

Statements on the website and the Facebook page (or regarding the Facebook page) were intentionally made to appear to the public as if the Wrightstown School District was authorizing, sponsoring, or otherwise "involved" in "getting this information to the public" about Winker and the recall. *See e.g.* Exs. 7 & 8. This misappropriation of the logo, in direct violation of school board policy, was a fraudulent attempt to gain signatures in violation of Wis. Stat. §12.05. In their rebuttal, the petitioners stated that the use of the official logo ceased around mid-January 2025. This required Decker to reject *all* petition signatures that were induced or coerced prior to this date. At a minimum, Decker was required to ask that all prior petition pages be recirculated with published information that the School District does not, and has never, endorsed the website, Facebook page, or the recall of Winker. None of this occurred. Indeed, the circulators

misappropriations *did, in fact*, confuse and make electors think that the Recall Petition was being done officially by the school district. *Id.*

Second, multiple circulators induced signatures at local bars after electors had been drinking, were distracted with Packer games, and were otherwise unaware of what they were signing. *See e.g.* Ex. 2 (Winker Challenge, at Ex. F). Circulators Tricia Vande Hay, Carrie Van Vreede, Rayn Warner, and Kyle or Jason Gerend were observed engaging in this practice on December 21, 2024 (Vande Hay), December 28, 2024 (Gerend and Warner), and January 5, 2025 (Van Vreede). These were concerted efforts to obtain signatures from people who did not know what they were signing. *See id.* Decker must immediately reject all Recall Petition pages from the above circulators on the dates above because electors may, to this day, not even know they signed any recall petition. Wis. Stat. § 8.40(2).

As one example of the amount obtained from persons drinking at a bar, Tricia Vande Hay alone got total **21 signatures** on the date she engaged in this conduct all on December 21:

- Recall Petition page 137 (Rows 9 and 10).
- Recall Petition page 130 (in full – 10 signatures).
- Recall Petition page 129 (Rows 6 and 7).
- Recall Petition page 93 (Rows 1, 2, 3, and 4).
- Recall Petition page 47 (Rows 5, 6, and 7).

All of these signatures should have been rejected by Decker—specifically because the electors did not, and in many cases still may not, know that they signed the Recall Petition nor even what they were signing. Wis. Stat. 8.40(2). *Id.* The law is clear that “Substantial compliance requires that petitions be circulated in a manner that protects against fraud and that assures that signers

know the content of the petition. *In re Petition for Recall of Jensen*, 360 N.W.2d 535 (Wis. Ct. App. (1984).

Third, far worse, Recall circulators offered bribes and threats to electors via monetary payments, threats, and food gifts to teachers to persuade them to sign the Recall Petition. Decker is aware of this information and district officials are aware that teachers were bribed, induced, and other electors threatened to sign the petition—particularly in late December 2024 – early January 2025. Decker, and the school district, were required to reject those signatures. At a minimum, Decker was required to publicly announce through official district channels that such methods were improper and that the School District condemns the use of its facilities, resources, teacher emails/identities, and logos to support the Recall effort.

This never occurred. In one alleged instance, circulator Vande Hay brought the Recall Petition to young electors at a party at her home over Christmas break saying they would have to pay her \$10 if they did not sign the recall petition and did not want to be forced to leave the party. *Ex. 2* (Winker Challenge, Ex. G). Wis. Stat. § 12.11 (1)(m) prohibits any consideration or thing of value paid or given to another to participate in the election process. Such violations are a Class I felony. Although the elector who raised this concern is very afraid of retaliation because of the bullying and harassment by the circulators, (and thus did not want to come forward in any way), the circulator was willing to identify the Recall Petition page that resulted from this conduct as page 25. *Id.* Winker’s challenge asked that all names from this date and specific circulator be removed, but the District accepted all of these signatures.

To the extent that signatories and witnesses believed the School District condoned and supported the Recall and such actions, many people were, and remain, reasonably scared of retribution from government officials at the District—including potentially, Mr. Decker himself.

These tactics, bullying, fraud, threats, and bribes are clearly violations of state law, public policy, and the First Amendment's provisions against compelled speech.

The use of the school board logo to promote the recall created the misleading appearance of endorsement from the Wrightstown Community School District which, by law, is not allowed to take sides in any recall effort. This abuse of the school board facilities, events and logo are illegal under § 12.05 and a Class I felony. All signatures obtained this way should be stricken from the count. Winker estimates that nearly all signatures obtained in December 2024 and January 2025 were induced from the website, Facebook page and postings, and school events using Wrightstown logos and carefully crafted language to create an appearance of District sponsorship. The District intentionally failed to make any announcement (nor require the circulators) to correct and make clear that the District has never endorsed the recall of Winker.

Third, the use of school property and events in violation of anti-political activity prohibitions is a fraudulent act that allows all such signatures gathered to be stricken—not merely 1 page from one circulator who “felt like correcting it.” These actions were a gross misuse of public resources and are clearly prohibited by school board policy and should have been grounds enough for Decker to reject the Recall Petition, or *at the very least*, officially address these serious violations and require compliance or correction of all of these pages at issue. This did not occur.

Rather, the Recall Petition was circulated multiple times at school events and functions on school property in direct violation of school district policies. As examples, the week of January 8, 2025, Board members Tiffany Van Vreede and Jonathan Curtis were seen circulating recall petitions to electors on school property at school activities—solely to solicit recall signatures. *See e.g.* Ex. 2 (Winker Challenge, at Ex. D). These actions violated po2430

(regulating political activity in school settings) and the school district staff handbook, which expressly prohibits the use of district resources for political campaigns. While the Petitioner's rebuttal showed that Mr. Curtis re-circulated one page from this, the petitioners provided no information showing that Tiffany Van Vreede and Rayn Warner's violations were otherwise corrected from use of school property or events—including use of District resources to obtain parent and teacher emails. *See e.g.* Ex. 7. Further, there was no correction regarding circulators sending bribery gifts to District teachers in efforts to induce them into signing the petition. *Id.* Circulators have passed around the Recall Petition at school games and functions while on school district property. *See e.g.* Ex. 2 (Winker Challenge, at Ex. D). Because these policies were violated, all signatures collected under these circumstances must be invalidated. Even with only one page of Mr. Curtis's signatures being allegedly "re-circulated," the page still should have been rejected because the names and signatories were originally approached in violation of these policies, using District resources.

Circulators of the Recall Petition publicly, and blatantly, violated other sections of school district policy in the circulation of the Recall Petition, including:

- **po2430** (regulating political activity in school settings).
- **po9700** (prohibiting unauthorized use of district materials for political purposes/relations with non-school affiliated groups).
- **po3210** (governing ethical conduct of district employees).
- **po0144.5** (regulating board members' political involvement).
- **Page 29 of the school district staff handbook**, which expressly prohibits the use of district resources for political campaigns.

To the extent that any teachers, staff, or officials with the school district violated these policies to induce signatures, all signatures collected by circulators under these circumstances must be **invalidated and rejected** by Decker.

**V. The Recall Petition Signatures were fraudulently induced by knowing and intentional false statements and representations by current School Board Members.**

In Wisconsin, recall petitions must be circulated in a manner that protects against fraud and assures that signers know the contents of the petition. *Matter of Recall of Redner*, 153 Wis. 2d 383, 450 N.W.2d 808 (1989); **see also** *In re Petition for Recall of Jensen*, 360 N.W.2d 535 (Wis. Ct. App. (1984)). Here, circulators openly and intentionally misrepresented the nature and purpose of the Recall Petition to entice signatures—made easy by their vague recall “reasons” on the face of the petition.

Circulators knowingly misrepresented Winker’s positions and actions. False claims against Angela, repeated and condoned by *current school board members* Warner, Van Vreede, and Melinda Lemke (who knew they were false) included allegations that Winker used district legal counsel for her personal objectives, and that he secretly started an investigation into the (now) former district administrator. Neither of these statements were true. Winker had no knowledge that these allegations were being made by fellow board members, with the authority of the District and the Board, until mid-January 2025 when persons that were granted access to the “restricted” Facebook page informed her of what her fellow Board members (and petitioner/circulators) were saying to many third persons—using their official position on the Board.

Ms. Winker has not challenged the false statements (through facially vague petition allegations) circulated by private citizens who may have relied on the “official positions” of Rayn Warner and Tiffany Van Vreede—both School Board members with Winker. But Winker aptly challenged all pages circulated by Rayn Warner and Tiffany Van Vreede for multiple reasons—notably because Mr. Warner and Ms. Van Vreede both had direct, express, and written information that their statements about Winker’s misuse of legal counsel and alleged “secret”

investigation were unequivocally false. AS Board members, circulators Warner and Van Vreede knew this, and instead, made up these and other false statements about Winker using their official position with confidential (yet false) Board information to fraudulently induce signatures. *See Wrightstown Community School District Board, Special Meeting, February 13, 2025, available at <https://youtu.be/MGOUzexwnE0>.*

Because these signatures were fraudulently induced by Warner and Van Vreede with potentially far worse false information that even Winker was aware, while using their official position on the Board with Winker, all of these pages should not have been counted by Decker. *See Beckstrom v. Kornsi*, 63 Wis. 2d 375, 383, 217 N.W.2d 283 (1974) for the proposition that “equity may determine a charge of fraud in securing signatures to the recall petition.” Specifically, Warner and Tiffany Van Vreede’s pages should not have been counted because there was *no statement or publication ever issued by the District* clarifying that the District did not officially endorse the recall nor have anything to do with the Recall against Winker.

Indeed, school board petitioners (Rayn Warner and Van Vreede) were so aware of their fraudulent oral representations that they turned in their petition prior to the deadline solely to avoid the official public meeting from the District Board where information was published that Winker never used any resources for personal gain and did not secretly start any investigation into the former administrator.<sup>2</sup> Warner and Van Vreede knew this Board meeting would include these publications exposing their false oral statements, so they quickly turned in their petitions to ensure that *no voters could request to strike or cross out their name*.

---

<sup>2</sup> *See Wrightstown Community School District, Board Meeting, February 13, 2025, available at [https://youtu.be/MGOUzexwnE0?si=2SH1BYJ5Z9k\\_z8-X](https://youtu.be/MGOUzexwnE0?si=2SH1BYJ5Z9k_z8-X).*

Winker was forced to issue a **public statement** to correct false statements she learned from a few citizens who had access to the restricted Facebook recall page that contained official and closed session “statements” from current Board members Rayn Warner, Tiffany Van Vreede, and Melinda Lemke. *Current* fellow Board Members Rayn Warner, Tiffany Van Vreede, and Melinda Lemke—all had access and authority and control to restrict access to Winker and others from their “recall Facebook page” in violation of the First Amendment, leaving Winker almost no information about the false information they were spreading about her until after signatures were gathered. However, despite this **publicly available clarification** from the falsehoods Winker became aware of, circulators and school board members **continued to knowingly spread falsehoods** to secure additional signatures without referencing Winker’s personal statements. *See* Wis. Stat. § 9.10(2)(m).

Circulators, including *current Board Members Tiffany Van Vreede and Rayn Warner*, told the public, parents, and teachers that Winker was using district legal counsel and resources for personal gain which was knowingly false information. Wis. Stat. § 9.10(2)(a); *see* Ex. 7 & Ex. 8. Far worse, Van Vreede and Warner used their official positions to obtain all the email addresses and contact information of School District *parents and teachers* to send out emails supporting the recall against Winker. *Id.* All of this without District staff or parental consent for such contact information use. *See* Ex. 7.

In fact, Warner and Van Vreede (as well as Melinda Lemke who echoed the allegations to the Green Bay Press Gazette) received direct notification and evidence that Winker never used any legal counsel for any personal matters in September 2024. *See* Ex. 6. Despite having this information Warner and Van Vreede circulated multiple Recall Petition pages for signatures

using their official status as current board members to fraudulently induce the electorate to sign. *See* Ex. 7 and Ex. 8; *see* Wis. Stat. § 9.10(2)(a).

Recall Petition signatures can be stricken by Decker if the purpose of the Recall Petition was misrepresented by the circulator. Wis. Stat. 9.10(2)(m). It is clear from the facts and documents available that many, *if not nearly all*, electors' signatures were gained through misrepresentation and the fraudulent action of the circulators.

Numerous electors have come forward with affidavits and statements saying that they were **deceived** about the purpose of the recall petition or solicited for their signatures under false pretext or while under the influence of alcohol at social events. *See* Ex. 2(a). Some were led to believe they were signing a general support petition for local education initiatives, while others were falsely told their signatures would support nonpartisan school policies. Several individuals formally requested that their signatures be removed upon discovering the **true intent** of the Recall Petition. *Id.* However, these requests were ignored by the circulators, rendering those signatures **fraudulently obtained and void**.

Many signatories are frightened of retaliation because the main circulators, Tiffany Van Vreede and Rayn Warner, are current government officials serving on the school board. Ex. 8. Far worse, members of the public strongly fear retribution from the circulators and recall supporters because they have maintained a campaign of fear, intimidation, bribery, coercion, threats, bullying, cyber harassing, petty accusations, and other highly inappropriate conduct. *See* Exs. 2 & 4, 7. This coercion and undue influence by public officials makes the Recall Petition, on its face, insufficient. Under these extreme circumstances, Decker had a duty to protect the electorate and an elected official Ms. Winker from fraud-induced recall proceedings and should not have certified the Recall Petition or scheduled the recall.

Decker should have wholly rejected every Recall Petition pages that was circulated by both Warner and Van Vreede, but these repeated and intentional false statements about Winker from current board members, using their official status about official board matters, clearly violate Wis. Stat. § 12.05 and 12.13. These actions and false statements by circulators show **intentional, knowing misrepresentation**. Because signers of the Recall Petition were **deceived and manipulated by Board members acting and speaking with knowledge from their official capacity**, their signatures should have been **removed and every page they circulated rejected**. Wis. Stat. §9.10(2)(m). The Recall Petition pages that were circulated by Tiffany Van Vreede and Rayn Warner are:

- Warner petition pages: 3, 4, 6, 14, 15, 16, 18, 19, 20, 23, 26, 38, 79, 94, 95, 98, 114, 117.
- Van Vreede petition pages: 10, 13, 17, 28, 29, 30, 32, 39, 41, 49, 58, 59, 60, 65, 66, 81, 118, 136, 139.

If Decker had rightfully rejected these pages, it renders the total signature count to well below 700 total – far short of the 1,206 signatures needed to certify the recall. Further, because of the vague and improper reasons for the recall set forth in the text of the Recall Petition, signatories had no solid or factual information to make a decision - which allowed circulators to provide false and misleading information to electors outside of the official stated reasons for the recall. *Id.* In short, Decker reviewed and certified this recall in plain view of a myriad of fraudulent and illegal activities surrounding the circulation of the Recall Petition.

### **CONCLUSION**

The recall efforts against Angela Hansen-Winker are permeated with impermissible vagueness which led to false information, fraudulent activity, policy and serious law violations by circulators (including public officials) that have fatally tainted the Recall Petition. On its face,

the Recall Petition lacks the requisite number of *qualified* and lawful signatures to allow the recall effort against Winker to move forward. WEC should direct Decker to carefully examine the face of the Recall Petition and reject the Recall Petition as **insufficient** and should state the particulars creating the insufficiency which include the lack of a sufficient number of legitimate signatures, the number of defective signatures, the fraudulent and misleading statements made by circulators in the solicitation of signatures and the payment of bribes and misuse of school board property, facilities and events all used to induce electors to sign the Recall Petition. Wis. Stat. §9.10(4)(a). Based on the **above-documented violations**, WEC must order Decker to:

1. Reject the Recall Petition as impermissibly vague under Wis. Stat. § 9.10(2)(b).
2. Remove all signatures obtained through fraudulent misrepresentation. Wis. Stat. § 9.10(2)(m).
3. Invalidate all signatures that contain addresses which were altered by circulators without verification in violation of Wis. Stat. § 9.10(2)(e).
4. Strike all signatures collected in violation of district policies and other laws and public policy. This includes all signatures collected under duress or at bars or from intoxicated or distracted persons. Wis. Stat. § 9.10(2)(m).
5. Reject all signatures from electors who requested removal and those that are unintelligible. Wis. Stat. § 8.40(1) and Wis. Stat. § 9.10(2).
6. Invalidate all petition pages circulated by current board members Rayn Warner and Tiffany Van Vreede who had prior evidence that their oral statements to electors about Winker regarding an internal investigation and district legal resources were unequivocally false. And used that false information in their official capacities to fraudulently induce elector signatures. Wis. Stat. § 9.10(2)(m).
7. Decline to certify the Recall Petition in its entirety and stay the scheduled recall election.

For the reasons set forth herein, the Wisconsin Elections Commission must stay the recall election and remand the Recall Petition to Decker to find - on its face - the Recall Petition to be insufficient and to **reject the Recall Petition** in accordance with Wisconsin election law.

Dated: March 20, 2025

BEFORE THE ELECTIONS FILING OFFICER OF THE  
WRIGHTSTOWN COMMUNITY SCHOOL DISTRICT IN THE MATTER OF  
THE RECALL PETITION OF SCHOOL BOARD MEMBER  
ANGELA WINKER-HANSEN

CERTIFICATE OF SUFFICIENCY / INSUFFICIENCY

WHEREAS, on MARCH 11, 2025, a petition to recall Wrightstown Community School District Board Member Angela Winker-Hansen containing 156 petition sheets and 1308 signatures was filed with the School District Clerk;

WHEREAS, I examined the petitions, consulted with the District's Legal Counsel, and reviewed the information shared by residents of the District, including petitioner Rayn Warner;

WHEREAS, after reviewing the petitions, considering the information shared by District residents, and applying the presumptions required by law, I have found that there are 1264 valid signatures to support the petition to recall Angela Winker-Hansen.

NOW, THEREFORE, I hereby declare the petition to recall Angela Winker-Hansen is sufficient pursuant to Wis. Stat. § 9.10, and related administrative code provisions.

[If the petition is found to be insufficient, the certificate must state the particulars creating a insufficiency. A petitioner may amend the petition by filing affidavits or other proof correcting certain insufficiencies within 5 days following the attachment of the original certificate by the filing officer. Wis. Stat. § 9.10(4)(a).]

Anthony Decker  
Anthony Decker, School District Clerk

In re: The Matter of:

Recall Petition of Wrightstown School Board President  
Angela Hansen-Winker

---

**WRIGHTSTOWN COMMUNITY SCHOOL DISTRICT BOARD  
PRESIDENT ANGELA HANSEN-WINKER'S VERIFIED  
CHALLENGE TO THE RECALL PETITION**

---

**INTRODUCTION**

The recall Petition filed against Angela Hansen-Winker is defective on its face, legally insufficient and derived from fraudulent practices and violations of school board policy that require its rejection by the Wrightstown Community School District. The Petition must be rejected for the following reasons:

1. The Petition was impermissibly vague and failed to state a *reason for the recall which is related to Angela's official responsibilities* making all signatures insufficient on its face.
2. Electors have requested their signatures be removed from the Petition prior to filing because they were misled by circulators, yet, not all elector signatures that so requested have been removed.
3. Circulators altered over 258 addresses or municipality names that were written on the Petition by electors thereby making them ineligible to be counted.
4. Circulators fraudulently induced electors to sign the Petition using and making false statements about Angela, including the wonton and intentional misuse of district logos on private solicitation materials.
5. The Petition was circulated multiple times on school district property and during school district events, violating numerous written school district policies including po2430, po9700, po3210, po0144.5, and p. 29 of the staff handbook.

6. Circulators who are also government officials restricted public access to recall allegations made on a private Facebook page in violation of Federal and Wisconsin open records laws and Angela's First Amendment rights.
7. School board members and circulators induced and coerced signatures from unsuspecting electors using false statements and bribes, despite knowing the truth from Angela's public press release.

Specifically, the petition is far short of the 1,206-signature minimum threshold. Although the submitted petition included 1,308 signatures, the Petitioner's review has whittled down those numbers significantly based on multiple and flagrant violations of Wis. Stat. 9.10, state law, policy violations, and public policy concerns to, *at a maximum*, 1,156. However, Petitioner believes that an additional 20 rows of electors that did not know what they were signing, as well as all pages circulated by current officials who intentionally used their official positions to defraud the public, should be rejected as well. For these reasons, the Clerk must rule the Petition to be insufficient on its face because the number of legitimate signatures gathered by the circulators is below the threshold number necessary to proceed to a recall election against Angela and that the circulation of the Petition was riddled with and tainted by fraud and multiple violations of policies and laws.

**I. The Recall Petition is insufficient because it fails to state a legitimate claim and is impermissibly vague.**

A recall petition "*shall contain a statement of a reason for the recall which is related to the **official responsibilities** of the official for whom removal is sought.*" Emphasis added. Wis. Stat. § 9.10(2)(b). The recall petition against Angela fails to meet this legal standard. Instead of articulating any specific allegation regarding the performance of her **official responsibilities** as a school board member or as president of the school board, the petition merely asserts:

"Disregard for board procedures. Lack of transparency and communication. Conflict of interest and ethical violations. Violation of district policies and code of conduct."

None of these allegations are supported by any factual evidence or even touch on Angela's conduct, behavior or performance as an elected public official. In fact, it is just the opposite. Angela is an advocate for open, transparent and honest school board governance. The promoters of the Petition have failed to state on the Petition any specific act suggesting any action by Angela that reflects the performance of her **official responsibilities**. They offer mere opinions and misstatements of her character, driven by long-simmering political animosity, revenge and fear of her investigation into school board corruption. This recall is not about the constitutional right to recall an elected official. It is about trying to prevent Angela from performing her duties as a school board member.

The lack of specificity in the recall petition made it impossible for signers to understand the nature of the allegations so electors who signed the petition were not able to make an informed decision as to whether Angela has performed her official responsibilities. The recall petitioners failed to state even the most rudimentary reasons why she has failed in her official responsibilities. Electors have a right to understand the accurate allegations raised in a recall election. Mere allegations of poor job performance or unpopularity is not sufficient to support a recall under Wisconsin law. Wis. Stat. § 9.10(2)(b).

Voters who signed the Petition were misled by recall promoters on multiple occasions who often misrepresented the nature of the recall itself to harvest signatures. In fact, over a dozen electors have requested to have their names removed from the Petition for this very reason—even though the Petitioner had only a mere couple weeks to try and respond to the litany of public fraud, inducement, and coercion. Under Wisconsin law, the Petition must clearly state the allegations as they relate to her official responsibilities. Mere criticism of her character is not enough to meet this burden. Wis. Stat. § 9.10(2)(b).

The absence of any factual specificity in the recall petition is not enough to meet the statutory standard. Mere dislike of a school board member for exposing public corruption is not adequate grounds for recall. Because the recall petition is impermissibly vague and does not establish a legally sufficient cause for removal, the recall petition must be rejected.

Substantial compliance with Wis. Stat. § 8.40 requires the Petition to be circulated in a manner that protects against fraud and that assures the signers knew the contents of the petition. And substantial compliance with recall procedures is necessary because of the significant interest of the office holder in retaining her position. *In re: Petition for Recall of Jensen*, 360 N.W.2d 535 (Wis. Ct. App. 1984). It is the law in Wisconsin that: There must be substantial compliance with legally required recall procedures. But substantial compliance is all that is necessary. Nevertheless, it has been ruled that noncompliance with a statutory provision intended to safeguard the operation of constitutional recall procedures is fatal to the validity of a recall petition. *Beckstrom v. Kornsi*, 63 Wis. 2d 375; 217 N.W.2d 283 (1974).

As such, the Petition should be ruled insufficient on its face for lack of substantial compliance with the statutory requirement to set forth a statement of a reason for the recall which is related to the official responsibilities of the official for whom removal is sought.

**II. The Recall Petition Signatures contain numerous false and fraudulent address information and show fraudulent edits of signatory information by the circulators without the electors apparent consent.**

It is the exclusive duty and obligation of the signers of the Petition to complete the required information themselves unless allowed by statute to have assistance due to physical disability.

Wis. Stat. § 8.40(1).

*“Each signer of such a petition shall affix his or her signature to the petition accompanied by **his or her municipality of residence for voting purposes**, the street and number, if any, on which the signer resides, and the date of signing... No*

*signature is valid under this subsection unless the signer satisfies the requirements under this subsection.” Emphasis added. Wis. Stat. §8.40 (1).*

It is clear from the plain language of the statute that the signer of the Petition **shall** accompany his or her signature with disclosure of his or her **municipality of residence** for purposes of voting. It is the duty of the signer to write the required information on the Petition when deciding to participate in the process. Electors capable of signing the Petition are presumed to have, at minimum, some cognitive understanding of the municipality in which they reside and vote. The law assumes that the signer personally and intentionally fills in his or her correct address and municipality when signing an official election form. In short, the law assumes signers of the Petition know where they live when they signed the Petition.

An examination of the Petition signatures reveals that in over 258 instances (over 80% of the signature sheets presented as the Petition, the municipality data has been modified by persons other than the signers. As the Petition has been edited to create two or more municipalities of residence, the Clerk cannot, on its face, determine which residence is the accurate residential address of the voter. As such, the signatures cannot be counted.

The signers’ disclosure of their actual municipality was edited or changed by either the circulators or other unknown persons, thus making the signatures void. Only the signer has the right to fill in the Petition and neither the circulator nor other people have any right to edit or change the information given by the signer.

If someone other than the elector signed for the elector, the signature may not be counted. Wis. Stat. § 9.10(2)(em)(j). Here, we have over 258 examples of someone other than the signer changing and manipulating the signature information AFTER the signer signed the Petition. As such, none of these signatures can be counted. They were altered by the circulators or others and are void.

While technical defects in the Petition alone may not warrant dismissal of a recall petition, defects that rise to the level of facilitating misrepresentation can be grounds for rejection of the Petition. See: *Matter of Recall of Redner*, 153 Wis2d 383 (1989). Similarly, in *Stahovic v. Rajchel*, 122 Wis.2d 370 (1984), the court implied fraud can be a reason for a clerk to reject recall signatures. In *Friends of Scott Walker v. Brennan*, the court determined that recall petitions containing patently fictitious names or illegible addresses may be challenged and the clerk may be directed to eliminate such signatures during their review of the recall petition. 340 Wis.2d 499 (2012).

The perpetrators of these edits have not only denied the signer their constitutional right to recall but have attempted to harm Angela, the electorate, and the District by fraudulent abuse of the process. The persons editing or modifying information given by the Petition signers have committed election fraud under Wis. Stat. § 12.13(1)(b) by making a false statement to an election official. Manipulation of over 258 signers' information in an attempt to trigger a statutory recall is a criminal offence.

The circulators have no authority under state law to edit or change any information on the Petition inscribed by the signer. Yet, here, multiple circulators edited the Petition in an attempt to mislead the Clerk into believing the Petition signatures are accurate. All of these edited signatures must be excluded because, on its face, the Clerk cannot determine the correct address of the signer.

The obligations of Petition circulators are clearly set forth in statute. Wis. Stat. § 8.40(2). Circulators are required to know that petition signers are electors of the jurisdiction or district in which the petition is circulated and that they signed the Petition with full knowledge of its content. The circulator must know "their respective residence given" and the circulator is aware that falsifying the certification is punishable under Wis. Stat. § 12.13(3)(a). Wis. Stat. § 8.40(2).

It is long-settled law in Wisconsin that circulators are obligated to know the respective residences of electors signing the Petition. *State v. Beckley*, 192 Wis. 367 (1927). In the instant matter, over 258 municipality entries made by signers were changed by the circulators without the consent or permission of the signers. At minimum, and in the best light, the circulators failed in the duty to know the signers' respective residence as is required by law. One can be wrong about a street address but wrong about a municipality is not credible. All such signatures that have been manipulated and now show two or more Municipalities of Residence must not be counted and the Clerk has no capacity to determine from the face of the Petition which municipality is correct.

As such, circulators have no authority to "correct" or "edit" any information recorded by the signers. In over 258 instances, Petition signature information was edited by the circulators or other parties to change the municipality of the signer – creating confusion as more than one municipality now exists for these signers. On its face, the Petition is ambiguous so these signatures may not be counted. *In re Jensen*, 121 Wis.2d 467 (1984).

Wisconsin courts have ruled that persons circulating recall petitions be circulated in the absence of fraud. "Nevertheless, substantial compliance with recall procedures is necessary because of the significant interest of the officeholder in retaining his position. See *Beckstrom v. Kornsi*, 63 Wis.2d 375, 387, 217 N.W.2d 283, 290 (1974). Substantial compliance requires that petitions be circulated in a manner that protects against fraud and that assures that signers know the content of the petition. See *Montoya v. Lopez*, 659 P.2d 900, 901-02 (N.M. 1983). Therefore, it is imperative that the circulation of recall petitions be done in the absence of fraud. A review of the Petitions has uncovered widespread **improper alterations** made by circulators. Specifically:

- Signers' addresses and municipalities of residence were pre-filled, **rewritten or changed** by circulators without the signer's consent or knowledge.

- Municipality names were **changed** by circulators to make it appear that signers resided in the district when, in fact, they did not. Circulators are obligated to know the municipality of each signer at the time the signer signs the petition. Wis. Stat. §8.40(2).
- Some circulators **crossed out information and replaced it in clearly different handwriting**, which violates Wis. Sta. § 8.40(1) and (2).

Under **Wis. Stat. § 9.10(2)(e)(4)**, all such modified signatures are invalid if the residency of the signer cannot be determined. Because circulators altered the municipal information and because over 258 signatures now reflect two or more residence locations, the Clerk cannot determine from the FACE of the Petition where the signers actually live. All such signatures that have been modified by the circulators or others must be **stricken**. As this number exceeds 258 signatures, the Petition falls short of the 1,206 signatures necessary to order a recall election.

Next, many circulators, including *current board member* Tiffany Van Vreede also crossed out address information on multiple signature pages and filled in new information herself in her own handwriting without the signatory's knowledge or consent. This is patently illegal. Wis. Stat. §8.40(1) requires the signer and the signer alone to sign the Petition and fill in the requisite data. Here, Van Vreede modified the signer's municipal data without any authority to do so and, in some examples, actually pre-filled Municipality and other data on signature sheets in gross violation of law. All required information must be written on the Petition by the actual signer. No other person is authorized by law to edit, add or delete ANY information provided by the signer (except as allowed under Wis. Stat. § 9.10 (2)(j) for disability accommodation.) All signatures where portions of the address are crossed out must be stricken from the Petition as fraudulent and may not be counted. Wis. Stat. §9.10((2)(m).

As over 258 signers now have multiple addresses and municipalities listed on the Petition signature sheets, the Petition - on its face – is insufficient. As the Clerk cannot tell the exact municipality of residence of these signers, the signatures cannot be counted and the recall effort

fails for lack of valid, unaltered signatures. *See* Exhibit A. The following table contains the Recall Pages and rows where a circulator or clearly different handwriting has altered, stricken, or otherwise edited information about an elector without their knowledge or consent. Given elector concerns about falsifying information without an elector's consent or otherwise filling in information without the elector's consent, the District must reject these signatures set forth below:

<b><u>Recall Petition</u></b> <b><u>PAGE</u></b>	<b><u>Row(s)</u></b>	<b><u>Recall Petition</u></b> <b><u>PAGE</u></b>	<b><u>Row(s)</u></b>
7	1,2,4	68	9, 10
10	7	70	9,10 (entire street address written by circulator – not elector)
11	4,7,8	71	4,3,2
12	8,9	75	7
14	6	81	3,4
17	2,6	83	1,2
25	2,3	85	9,10
28	10	88	10
32	10	91	7 (appears that signature of elector was crossed out)
38	3	92	2,3 (address does not exist)
39	5,6	93	2,5,7,9
40	2,6,7,8,9,10		
41	2,3 (no cross out but different signature than the elector)	101	3,4,5,6
42	4,7,8,9	103	5
44	9	110	8
45	8,9	118	2,3
47	8,9	121	8
48	1 (cross and date)	125	1,2
49	3,4	126	1,2
51	2 (cross address), 3	127	2,3,4
52	9	128	1,2
53	8	129	8,9
59	10	132	6
61	3, 4	133	1,2,4,5,6

63	1	137	3, 4, 5
65	1,2	145	3,4 (unknown handwriting – likely other circulator)
66	9	146	4,5,7,9
67	2 (strike w/ different pen)	147	4,7,8

Next, as recently as February 19, 2025, circulator Nicole Gerend sent an email to Petitioner’s personal attorney using a fake pseudonym “Nicole Better” in efforts to obtain information about evidence Petitioner had and demanding to know what Petitioner was going to do. *See* Ex. B. Additionally, a citizen created a website for concerned electors that had been misled to cross out their signatures (and Petitioner linked to this on her website). But, on February 7, 2025, one of the circulators contacted that website under the pseudonym “Dingleberry McDicklicker.” In an odd twist, Dingleberry proceeded to accuse the Petitioner and her supporters of “acting like children” because Petitioner was helping electors who were misled or coerced into signing the Petition. *See* Ex. C.

Petitioner is uncertain whether Dingleberry McDicklicker is another pseudonym for Ms. Gerend or another Recall Petition circulator. However, such blatant fraudulent identifications to induce information from Angela’s legal counsel or taint the electoral process by threatening those who would deign to “escape” from their fraudulent inducement of signatures is concerning. In fact, these bullying and harassing tactics to electors, especially to the extent they are from current City official circulators, should also be considered by the District in its necessary rejection of this petition.

All of this only demands the District reject this insufficient petition even more. These antics, along with the litany of other policy and law violations addressed herein regarding the circulators’ conduct in using false representations to coerce information relating to this Recall

Petition proves that certain circulators are not above using false identifications or pseudonyms to induce signatures, information, and otherwise blemish the sacred election process.

There is ample precedent and statutory justification that permits and requires the District to reject the Recall Petition based solely on the foregoing. Indeed, the Wisconsin Election Commission rejected a recall petition against Wisconsin State Assembly speaker Robin Vos and nullified 188 names that either had crossed out addresses, insufficient addresses, names and address information added without the elector's consent, and other implications of fraudulent and violative circulation measures.<sup>1</sup>

Next, the District should reject page 107 of the petition because the circulator failed to provide a street address as required by state law and just stated County Hwy UU. Ex. A at p. 107. Finally, the law requires that each signer *"shall LEGIBLY print his or her name in a space provided next to his or her signature. No signature is valid... unless the signer satisfies the requirements under this subsection."* Wis. Stat. § 8.40(1) (emphasis added). Certain signatories have names that cannot be reasonably read so Angela has no way of knowing the identity of the signer. As such, she cannot verify the signer's identity, signature, name, or address of the signatory. These seventeen (17) entries may not be counted. Petitioner is unable to decipher the following elector signatories sufficient to assess their information and, thus, challenges these signatures on the petition because it is unfair and Petitioner did not have sufficient information to assess whether these electors were valid or otherwise forged:

<u>Recall Petition</u> <u>PAGE</u>	<u>Row(s)</u>	<u>Recall Petition</u> <u>PAGE</u>	<u>Row(s)</u>
3	6, 7	33	10

122	1 (name)	94	2

### III. Recall Petition Signatures were circulated and induced in violation of multiple policies, rules, and laws, and, on that basis, should be stricken.

Using **district logos and branding** on recall-related websites, Facebook page, and materials to create an **appearance of official** endorsement by the school district is an egregious violation of Wrightstown School District Policy. This tactic has been a consistent and ongoing practice used solely to gather signatures from the electorate.

The recall petition was circulated **multiple times at school events and functions** on school property in direct violation of school **district policies**. As examples, the week of January 8, 2025, Board members Tiffany Van Vreede and Jonathan Curtis were seen circulating recall petitions to electors on school property at school activities—solely to solicit recall signatures. *See e.g.* D. These actions violated po2430 (regulating political activity in school settings) and the school district staff handbook, which expressly prohibits the use of district resources for political campaigns. Circulators have passed around the Petition at school games and functions while on school district property. Because these policies were violated, all signatures collected under these circumstances must be **invalidated**.

Circulators of the recall petition herein publicly, and blatantly, violated other sections of school district policy in the circulation of the Petition, including:

- **po2430** (regulating political activity in school settings).
- **po9700** (prohibiting unauthorized use of district materials for political purposes/relations with non-school affiliated groups).
- **po3210** (governing ethical conduct of district employees).
- **po0144.5** (regulating board members' political involvement).
- **Page 29 of the school district staff handbook**, which expressly prohibits the use of district resources for political campaigns.

To the extent that any teachers, staff, or officials with the District violated these policies in order to induce signatures, all signatures collected by circulators under these circumstances must be **invalidated and rejected**.

Promoters of the Petition have also used the school district logo on a private website – Residents for Wrightstown Community School District (r4wcsd.com) that was created to promote the recall and the Petition in an effort to gain more signatures. This is a blatant violation of the use of the school district logo by a political group and was misleading to the public. *See* Exhibit E. Persons who signed the Petition as a result of reading the content of this website were led by the recall promoters to falsely believe the school board had endorsed or supported the recall. Statements on the website and the Facebook page (or regarding the Facebook page) were intentionally made to appear to the public as if the Wrightstown School District was authorizing, sponsoring, or otherwise “involved” in “getting this information to the public” about the Petitioner and the recall. *See id.* This misappropriation of the logo, in direct violation of school board policy, was a fraudulent attempt to gain signatures in violation of Wis. Stat. §12.05. The District should reject *all* petition signatures that were induced or otherwise coerced as a result of the flagrant and fraudulent misuse of the Wrightstown Community School District logo. Indeed, the circulators misappropriations *did, in fact*, confuse and make electors think that the recall petition was being done officially by the District. *Id.*

Outrageously, multiple circulators induced signatures at local bars after electors had been

drinking and were otherwise unaware of what they were signing. The circulators knew this and made concerted and repeated efforts to obtain signatures from bars from people that were under the influence of alcohol and unaware of their actions. Witnesses showed this was done by circulators Tricia Vande Hay on December 21, Rayn Warner on December 28, Carrie Van Vreede on January 5, and either Kyle or Jason Gerend on December 28, at a minimum. *See* Ex. F. The District must immediately reject all petition pages from the above circulators on the dates above because electors may, to this day, not even know they signed.

Tricia Vander Hey brought petitions late at night to a bar, and in one example, elector DeCleeese was concerned about this and requested the removal of his name because he was approached by Tricia Vander Hey late at night at a bar on December 21, 2024, after a few drinks and was not fully aware what he was signing. *Id.* See also Ex. A at p. 130. Given the recall circulators' use of the Wrightstown School District official logo, as well as circulators, including a current board member, inducing signatures while inebriated from Bar patrons, the District must reject this Petition—or, at a minimum, all signatures obtained from the above persons on December 18, 28, and January 5. As one example of the amount obtained from persons drinking at a bar, Tricia Vande Hay alone got total **21 signatures** on the date she engaged in this conduct all on December 21:

- Recall Petition page 137 (Rows 9 and 10).
- Recall Petition page 130 (in full – 10 signatures).
- Recall Petition page 129 (Rows 6 and 7).
- Recall Petition page 93 (Rows 1, 2, 3, and 4).
- Recall Petition page 47 (Rows 5, 6, and 7).

All of these signatures should be rejected—specifically because the electors did not, and in many cases, still may not know that they signed the petition nor even what they were signing.

More serious, however, are allegations Petitioner has received that the promoters of the recall offered bribes to electors and food gifts to teachers to persuade them to sign the Petition. To

the extent that the District has any information about teachers or staff being bribed or otherwise induced to sign the petition, the District should reject those signatures. In one alleged instance, to Petitioner's knowledge, a Circulator brought the recall petition to electors saying they would have to pay her \$10 if they did not sign the petition. See Ex. G. Wis. Stat. § 12.11 (1)(m) prohibits any consideration or thing of value paid or given to another to participate in the election process.

Here, the promoters of the Petition offered monetary and pecuniary compensation to electors to sign the Petition in violation of Wisconsin's election bribery law. A violation of this law is a Class I felony. Although the elector who raised this concern is very afraid of retaliation because of the bullying and harassment by the circulators, (and thus did not want to come forward in any way), the circulator was willing to identify the Petition page that resulted from this conduct as page 25. The District should reject this page and contact law enforcement.

It is clear under Wisconsin election law that signatures may be stricken from the Petition when the purpose of a recall petition was misrepresented by the circulator. Wis. Stat. §9.10(2)(m). Here, circulators openly and intentionally misrepresented the nature and purpose of the Petition to entice signatures. The use of school property and events in violation of anti-political activity prohibitions is a fraudulent act that allows all such signatures gathered to be stricken. These actions were a gross misuse of public resources and are clearly prohibited by school board policy.

Also, the use of the school board logo to promote the recall created the misleading appearance of endorsement from the Wrightstown Community School District which, by law is not allowed to take sides in any recall effort. This abuse of the school board facilities, events and logo are illegal under 12.05 and are a Class I felony. All signatures so obtained should be stricken from the count. Petitioner estimates that nearly all signatures were induced from the website,

Facebook page and postings, and school events using Wrightstown logos and carefully crafted language to create an appearance of District sponsorship. These should be rejected.

**IV. The Recall Petition Signatures were fraudulently induced by knowing and intentional false statements and representations by current School Board Members.**

Evidence has emerged that circulators knowingly misrepresented Angela's positions and actions. False claims included:

- Making provably (and proven) false statements about Angela using the district's legal counsel for personal matters, including, but not limited to, an email Angela personally wrote to Rayn Warner on her own time, and the investigation of Mr. Space.

In Wisconsin, recall petitions must be circulated **in a manner that protects against fraud and assures that signers know the contents of the petition**. *Matter of Recall of Redner*, 153 Wis. 2d 383, 450 N.W.2d 808 (1989). Because these signatures were **fraudulently induced**, they may not be counted.

A. Board Members and Circulators coerced signatures using knowing and intentional false statements due to the vague and undefined nature of the Petition allegations.

Angela was forced to issue a **public press release** to correct false statements made about her by the circulators and other school board members long after the Petition had already started being circulated for signatures and published on websites and private Facebook pages with the District's logo. However, despite this **publicly available clarification**, circulators and school board members **continued to knowingly spread falsehoods** to secure additional signatures without referencing Angela's press release. Notwithstanding that the Recall Petition itself contained overly vague allegations that were wholly insufficient for any elector to know the purpose of the recall, Angela could only defend herself from the false statement's on the "intent to circulate the petition" which was mirrored on the website and Facebook pages and posts of the circulators. Even there,

the only allegation sufficient for a recall would be Angela's used of district legal counsel for personal purposes. But this was, and remains, unequivocally false.

Circulators told the public, parents, and teachers that Angela was using district legal counsel and resources for personal gain which was knowingly false information. This was stated by Angela as false and further verified by the Board's legal counsel on February 13, 2025 at a public school board meeting confirming that Angela never used the school district's legal counsel for any personal matter. *See Wrightstown Community School District Board, Special Meeting, February 13, 2025, available at <https://youtu.be/MGOUzexwnE0>.*

Circulators also told electors that Angela started an investigation of the former superintendent without board knowledge or out of spite. This statement was untrue. *Id.*

Of vital importance, however, is that Recall Petitioner, School District Board Member Rayn Warner, as well as Board Member Tiffany Van Vreede, were *well aware that these allegations against Petitioner were false* far before the February 13 special Board meeting. In fact, Warner and Van Vreede (as well as Melinda Lemke who echoed the allegations to the Green Bay Press Gazette) received direct notification and evidence that Angela never used any legal counsel for any personal matters on September 26, 2024. Despite having this information, not only did Warner commence the recall with his intent form, but he and Van Vreede circulated multiple petitions for signatures using their official status as current board members to fraudulently induce the electorate to sign. These are knowing and intentional false statements relating to an election in violation of Wis. Stat. § 12.13 and many other policies including collecting signatures at school events and using District logos on recall-related platforms that they published official Board matters about (also in violation of Wisconsin open records laws and the First Amendment). Warner and Van Vreede appear to have been fully aware of their false statements that they quickly rushed

to file the Recall Petition signatures *before* the special Board meeting to prohibit any unwitting elector victims from asking that they be removed from the petition.

Not only must the district wholly reject every Petition page that was circulated by both Warner and Van Vreede, but these repeated and intentional false statements about Ms. Winker from current board members, using their official status about official board matters, should be provided to law enforcement. These actions and false statements by circulators show **intentional, knowing misrepresentation**. Because signers of the Petition were **deceived and manipulated**, their signatures must be **removed and every page they circulated rejected**. Wis. Stat. §9.10(2)(m). The Recall Petition pages that were circulated by Van Vreede and Warner are:

- Warner:
  - o 3, 4, 6, 14, 15, 16, 18, 19, 20, 23, 26, 38, 79, 94, 95, 98, 114, 117.
- Van Vreede:
  - o 10, 13, 17, 28, 29, 30, 32, 39, 41, 49, 58, 59, 60, 65, 66, 81, 118, 136, 139.

The District rightfully rejecting these pages renders the total signature count to well below 700 total. Further, because of the vague and improper reasons for the recall set forth in the text of the Petition, signatories had no solid or factual information to make a decision - which allowed circulators to provide false and misleading information to electors outside of the official stated reasons for the recall.

**B. Due to the fraudulent and misleading information from past and current Board Members, multiple electors were forced to request their signatures be removed.**

Petition signatures can be stricken by the Clerk if the purpose of the Petition was misrepresented by the circulator. Wis. Stat. 9.10(2)(m). It is clear from the facts and documents

available that many, *if not nearly all*, electors' signatures were gained through misrepresentation and the fraudulent action of the circulators.

Numerous electors have come forward with affidavits and statements saying that they were **deceived** about the purpose of the recall petition or solicited for their signatures under false pretext or while under the influence of alcohol at social events. *See* Ex. C. Some were led to believe they were signing a general support petition for local education initiatives, while others were falsely told their signatures would support nonpartisan school policies. Several individuals formally requested that their signatures be removed upon discovering the **true intent** of the recall petition. However, these requests were ignored by the circulators, rendering those signatures **fraudulently obtained and void**.

Angela tried to communicate these fraudulent activities with the public and tried to permit signers to strike out their name based on false information from circulators Mr. Warner, Van Vreede, and other circulators, but many signers did not see Angela's statements or website because Angela did not have sufficient information from the recall petition to object to the dozens of (largely impermissible) allegations against her. And Angela did not have enough time nor were signatories watching websites or articles nor aware of how to sign.

Petitioner has been made aware that some of the electors who had signed the Petition asked the circulators if they could unsign their name prior to the signatures being turned in to the Clerk, but they were told by the circulators they could not unsign their name. This was false information. Signatures can be removed from recall petitions prior to the time they are filed with the Clerk. Wis. Stat. §9.10(2)(d). Additionally, Rayn Warner threatened to complain to the Wisconsin Elections Commission because electors wanted to strike out their names prior to the Petition filing. Some persons supporting the elector's choices to remove themselves prior to the filing deadline

were accused of “election interference” and bullied by the circulators. (See e.g. “Dingleberry” information above).

Many signatories are frightened of retaliation because the main circulators, Tiffany Van Vreede and Rayn Warner, are current government officials serving on the school board. Far worse, members of the public strongly fear retribution from the circulators because they have maintained a campaign of fear, intimidation, bribery, coercion, threats, bullying, cyber harassing, petty accusations, and other highly inappropriate conduct. This coercion and undue influence by public officials makes the Petition, on its face, insufficient. *See* Ex. G.

On February 12, 2025, the District Superintendent and the Board called a special meeting to address concerns of the community about the recall matter herein. The current Board member circulators, Rayn Warner and Tiffany Van Vreede, potentially believed that their knowing and intentional false statements about Angela Hansen-Winker would be published based on the public’s concern about their exclusive statements of legal misconduct by the District and Angela. In light of their fears that such intentional fraud would be disclosed to the public, Mr. Warner and/or Ms. Van Vreede ensured the Recall Petition signatures were submitted several days prior to the deadline presumably to ensure that electors would be unable to cross off their names under statutory requirements. This suggests that the circulators knowingly and intentionally induced elector signatures by fraud including, but not limited to, their use of the Wrightstown School District logos and likeness on their recall pages and their false and misleading material statements about Angela.

- V. The District must reject this Recall Petition because the implications undermine the First Amendment, state laws and policies, and will be highly costly to the District.**

Signatures were obtained through practices that violated Wisconsin's Open Records Laws and First Amendment that refused access to the electorate of official school board matters from Board Members Warner and Van Vreede, with substantial support from Melinda Lemke through her family members. Several known circulators are current government officials. These individuals restricted public comment by silencing debate about the recall effort, violating open meeting laws, and restricting access to their communications about official board matters. Violations include:

- **Closed and private Facebook page that demanded citizen** “beliefs and opinions” prior to entry but included discussions of official policy and School board matters by current Board Members Warner, Van Vreede, and Lemke, and former School District officers Nicole Gerend and Carla Buboltz. Many citizens, including Petitioner, were never “invited” nor permitted to attend these discussions and posts.
- **Withholding or destroying information** about the recall allegations from open records requests.
- **Restricting discussions** at public meetings, preventing informed debate on the merits of the recall. This includes discussions from Board members Rayn Warner, Tiffany Van Vreede, Melinda Lemke, Carla Buboltz, and Nicole Gerend – all discussing official board matters (the latter two former district officials discussing official matters) on a Facebook page that members of public, including Petitioner, were not allowed to enter or comment on.
- **Coordinating recall efforts using government resources**, raising ethical and legal concerns. This includes the use of the School district's logo on a website supporting the Recall against Angela in violation of numerous policies. And this website had no language at any point discussing that the School District did not condone nor support or have any role in the recall – making citizens falsely believe the School District by its logo usage on the website were funding or supporting the recall.

These actions violate **Wisconsin Open Records Laws** and **First Amendment protections** against government suppression of speech. Any signatures collected under these conditions must be **invalidated**. This includes all signatures by electors that are current members of the Residents for Wrightstown Facebook page as of the date of this Petition. Further, Warner and Van Vreede's use of their official status to discuss official Board and District matters relating to this recall in such closed avenues, with Melinda Lemke, violates the First Amendment on multiple levels.

Public officials cannot restrict comment or engage in viewpoint discrimination in public forums when the discussion is about district or board matters—the entirety of the false recall allegations at issue here.

**Because** of the many public policy, constitutional and other legal considerations implicated in the circulators’ numerous violations of law, approving the Petition will cost the District and taxpayers potentially hundreds of thousands of dollars, potentially millions, not only to conduct a special election, but relating to the recall, and multiple potential lawsuits due to violations of law by Board Members Warner, Van Vreede, and Lemke all in their official and individual capacities—for which the District may be liable. Further, those who did choose to sign affidavits or come forward about their concerns may still fear retaliation from the recall circulators. This too will open the district to liability to the extent Warner, Van Vreede, and Lemke, officially and individually agree to target those who oppose them—just as they have done to Petitioner. All of this has cost the taxpayers and injured the electors in the Wrightstown Community.

A special election will cost the students, taxpayers, and district potentially 5 or 6 figures in expenditures with election staff, arrangements, training, advising, printing and election administration. On top of this, because the recall was commenced, perpetuated and published by *current board members* Rayn Warner, Melinda Lemke, and Tiffany Van Vreede, their knowing and intentional disregard of Wisconsin’s open records laws, the First Amendment, and false information may open the District to liability in their official and individual capacities because they used confidential and otherwise official school board matters, to the public, for political purposes while compelling and restriction protected speech. Indeed, many citizens were either induced into signing from current government officials who “Certainly” would know, but they were approached by these government officials at school events or on school property. In some

cases, citizens were prohibited from accessing public forums with these officials to discuss school matters without any dissent or other viewpoints.

Where the Board Member Circulators' violations of law now may have a negative effect on voters and electors that they induced through their fraudulent representations of district endorsement and materially false statements as well as First Amendment violations and open records violations, the District must reject this recall petition because of the high volume of litigation that may substantially injure the district due the violations of law by its current Board Members Warner and Van Vreede.

Further, in addition to the current legal vulnerabilities the District faces because of the official acts of Board Members Warner, Van Vreede, and Lemke, several witnesses willing to verify additional information in this challenge were afraid to come forward for fear of retribution. The blatant Chilling Effect that the threats, fraud, and coercion the Circulator officials have perpetuated further opens the district to liability. Indeed, if the District fails to reject the Recall Petition outright for its numerous violations, it should reject the Petition because of the implications for continued law violations, legal vulnerabilities to the students and community, and reward such egregious bullying tactics and violations with the fraudulent political retribution they seek.

Notably, at least one of the circulators and proponents of the Recall Petition, Nicole Gerend, is a former School Board member. The implications of, what seems like, retribution targeted at Angela Hansen-Winker—who replaced Ms. Gerend as School Board President—should be considered in honoring the will of the electorate who resoundingly voted Ms. Gerend out of office. Former officials who the voters *replace in elections* should not be rewarded for using

false and confidential board matters to mislead the public even if they are angry about the outcome of an election.

## CONCLUSION

The recall efforts against Angela Hansen-Winker are permeated with fraudulent activity, policy violations, and misleading statements made by circulators and public officials that have fatally tainted the Petition. The conduct of the recall circulators has, and will continue to, open the district to liability and heavy costs due to the harassment, bullying, and fraudulent representations by certain current public officials. On its face, the Petition lacks the requisite number of qualified signatures to allow the recall effort against Angela to move forward. The District should carefully examine the face of the Petition and reject the Petition as **insufficient** and should state the particulars creating the insufficiency which include the lack of a sufficient number of legitimate signatures, the number of defective signatures, the fraudulent and misleading statements made by circulators in the solicitation of signatures and the payment of bribes and misuse of school board property, facilities and events all used to induce electors to sign the Petition. Wis. Stat. §9.10(4)(a).

Based on the **above-documented violations**, the District must:

1. Reject the recall petition as impermissibly vague under Wis. Stat. § 9.10(2)(b).
2. Remove all signatures obtained through fraudulent misrepresentation.
3. Invalidate all signatures that contain addresses which were altered by circulators in violation of Wis. Stat. § 9.10(2)(e).
4. Strike all signatures collected in violation of district policies and other laws and public policy. This includes all signatures collected at bars or from intoxicated persons.
5. Reject all signatures from electors who requested removal and those that are unintelligible.
6. Invalidate all petition pages from current board members Rayn Warner and Tiffany Van Vreede who had prior evidence that the allegations about Angela regarding an internal investigation and district legal resources were unequivocally false. And used that false

information in their official capacities to fraudulently induce elector signatures—using their official status.

7. Decline to certify the recall petition in its entirety.

For these reasons set forth herein, the Wrightstown Community School District must find, on its face, the Petition to be insufficient and **reject the Petition** in accordance with Wisconsin election law.

Dated: February 21, 2025.

Respectfully submitted,

*Electronically signed by: /s/ Jennifer DeMaster*

**To:** Jen DeMaster; Jen DeMaster  
**Subject:** Affidavits

Good afternoon -

In Angela's post down below, she indicates that affidavits must be submitted by Tuesday, February 18, **2024**. Clearly she does not have the correct date in her post, however, I would like to find out the status of her contesting the recall petition. How many signed affidavits has she received thus far? How many does she need to continue to move forward with this? Can you please explain this process in detail to me?

Thank you!

**Angela Hansen-Winker for School Board, Wrightstown**  
2d · 🌐

CALL TO ACTION: I have formally contested the recall petition through my personal attorney Jen DeMaster LLC., based on the following:

1. People witnessed recall petition being circulated in violation of policies (games, school events, etc.)
2. People felt bribed or thought recall was an official school thing because use of school logo, school hashtag, or gifts offered. (e.g. they thought the school district was sponsoring the recall)
3. People were told specific false facts about angela regarding the petition in person or in email, text, or Facebook messenger/posts (even if people did not sign or signed).

If you were a witness and want to sign an affidavit to contest the recall petition, We just need general dates, times, and details and your signature.

YOU DO NOT NEED TO HAVE EVER SIGNED THE RECALL PETITION TO SIGN AN AFFIDAVIT.

My husband Aaron Winker is available to meet with you in person to sign an affidavit or speak with you over the phone to explain the process and answer any questions. His cell phone number is 715-499-0712. Call or text.

Affidavits must be submitted by this Tuesday Feb 18th, 2024 to support our challenge against the falsehoods and deceptive practices regarding the recall petition.

If you know of anyone that you think would like to sign and make a statement, please share.

Thank you, Angela Hansen-Winker

I am a citizen of the Wrightstown Community School District. About a week ago a schoolboard member, accompanied by a neighbor, came to our door asking my wife and me to sign a recall petition for Board President Angela Hansen-Winker. I did sign that petition, but I now wish to have my signature crossed off the petition. I feel that we were not given complete information regarding the reasons for the recall of Angela Hansen-Winker.

I am emailing you to ask you to cross my name and information off the recall petition for Angela Hansen-Winker. I understand that, as board clerk, you can do this.

Thank you very much,

Richard I. Geurts  
1563 Old School Pl  
Greenleaf, Wi 54126

**CAUTION:** This email originated from outside the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning, Jeni,

Thank you for reaching out to Rayn and I and supplying your information, but there is one other bit of required information we will need to process your request and that has to do with the "reason" for your name removal request.

Can you do me a favor and supply the reason for removing your name?

Typically, an acceptable reason may be something like or similar to "I felt I was misinformed/misled in some way shape or form."

BTW - Just changing your mind is not a valid reason to have your name removed.

Thank you again, Jeni.

Very respectfully,

Tony Decker

I don't feel I was fully informed of both sides at the time I signed the petition. I heard one side and when I dug into this further, I can't find sufficient information to warrant a recall election.

**CAUTION:** This email originated from outside the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning, Jeni,

Thank you for reaching out to Rayn and I and supplying your information, but there is one other bit of required information we will need to process your request and that has to do with the "reason" for your name removal request.

Can you do me a favor and supply the reason for removing your name?

Typically, an acceptable reason may be something like or similar to "I felt I was misinformed/misled in some way shape or form."

BTW - Just changing your mind is not a valid reason to have your name removed.

Thank you again, Jeni.

Very respectfully,

Tony Decker

I just wanted to extend a very sincere THANK YOU to Jon Curtis, and **Melinda Menting Lemke**! They brought in donuts and muffins for the staff at the middle school today, and had all sorts of fun stickers, and pins to go with it. (I apologize for the crappy photo- most of the donuts and muffins were gone by the time I got in there 🤪 🍩 🍪).

To say we appreciate your kindness would be an understatement. Little acts of kindness like this go a long way, and made our days a little brighter. Thank you both, as well as everyone else who is fighting for this recall around the clock. #TLC 🐕 ❤️

Hello Admin,

I want to make you aware of a situation occurring during sports events, particularly wrestling. Individuals, including Jon Curtis, have been seen on school property soliciting signatures for a recall petition. Additionally, pictures of parents being asked to sign the petition are being taken and shared on social media. This has led to complaints from parents who do not want their images used or associated with the recall effort.

Legal counsel has advised that our district should not allow individuals to solicit recall petition signatures on school grounds.

Please ensure staff and parents, school related events are informed of this. I have also communicated this to the recall petitioner, Rayn Warner, who is leading this effort.

Thank you for your attention to this matter.

Best regards, \_\_\_\_\_

Meet Jonathan Curtis. Jonathan is running for school board. Jonathan is on school grounds asking people to sign the recall petition for Angela Winker for allegedly breaking school policies. Yet Jonathan is blatantly breaking board policies by having people sign the petition on school grounds.

# AFFIDAVIT

State of Wisconsin

County of Brown

I, Daniel Vandewalle, hereby swear and affirm the following

under penalty of perjury:

1. My full legal name is Daniel Earl Vandewalle.

2. On or around approximately [date] December 2024 I was informed by  
[name/occupation] Jeff Nelson/business owner that Recall petitions were being circulated  
in violation of multiple policies by [names of circulators] multiple persons under direction of

3. Specifically, I learned the following detailed information that raised significant  
concerns about violations of school and state policies by the persons herein that circulated the

*Rayn Warner.  
I can provide  
a list if  
needed.*

Recall Petition against Angela Hansen-Winker in the following paragraph:

4.

① The website that was dedicated & created to inform the public of wrongdoings  
originally stated that it was "dedicated to informing the public what was going on behind  
closed doors at the school board"

- with 3 board members and 1 ex board member supporting this it seems  
to be official especially because the website was using the school logo on  
the top of every single page of the website at the time.

I later looked at it and those things were removed but they were  
there for quite a while through this campaign.

② Also there was a Facebook community page that they had set up that community  
members could not access and/or find on Facebook. It appeared to be by  
invitation only. They filtered who they didn't want in the group. They made  
the same claim on this site: telling people what was actually going on behind  
closed doors at the school board.

I was blocked from seeing their posts or from offering an opinion of agreement  
or disagreement

As a citizen, I feel my rights were violated because I was silenced, blocked out of a facebook page that was created by 2 school board members and the ex school board president? Again because they claimed to tell everyone what was going on behind <sup>closed</sup> schools doors. It seemed legitimate because of founding members and school logos. Why can some people participate and not others? If they are saying these are the "facts" and posting on facebook to come and sign the petition why was I not allowed to participate in the conversation?

(3) There were Facebook posts and the website used the school logo. Definitely it looked official, especially because Rayn Warner was the person initiating the recall, Melinda Lentke and Tiffany VanVreede set up the Facebook page that blocked community members, and Carla Buboltz, the previous superintendant was advocating for everyone to sign the petition. The involvement of these persons <sup>and logos</sup> made it appear to have support of the school

(4) There are facebook posts of one of their members getting signatures at a basketball game while taking tickets. A teacher posted, how grateful she was for this group to give them <sup>donuts</sup> <sub>(over)</sub>

5. Based on the foregoing, I have personal knowledge that electors were misled about the Recall Petition against Angela Hansen-Winker because information about the recall was provided to many electors on school grounds, at school events, and/or disseminated using school logos indicating that the Wrightstown Schools or School District was sponsoring and supporting the Recall against Angela Hansen-Winker.

Signed and dated on this 18<sup>th</sup> day of February 2025.

.... with a picture and a thank you card from the recall group. All of this sounds pretty official. It sounds like this school district was 100% on board with the recall petition.

Is there any doubt that this is 100% driven by School Board members, the district, and teachers and board members were breaking policy. This is absolutely disgusting. I'm glad I did not sign the petition.

I, Jessica Vandewalle, hereby swear and affirm the following under penalty of perjury:

1. My full legal name is Jessica Marie Vandewalle.

2. On or around approximately [date] December 2024, I was informed by [name/occupation] Jeffrey Nelson / business owner that Recall petitions were being circulated in violation of multiple policies by [names of circulators] Rayn Warner.

3. Specifically, I learned the following detailed information that raised significant concerns about violations of school and state policies by the persons herein that circulated the Recall Petition against Angela Hansen-Winker in the following paragraph:

4. \_\_\_\_\_

i. r4wiscd.com was a website created by the recall petitioners. It is a members only site and you had to be invited to join the group in order to see the information being shared. The information being shared with the public was one sided. Community members requested records from the schools in regards to investigations and allegations. These records requests were delayed and incomplete and ultimately resulted in our community not getting the information needed to make an informed decision as recall signatures were handed in on February 12th 2025.

2. petitioning to sign the recall was done on school property. There is a picture of Jonathan Curtis with a clipboard, petition and pen speaking to community members in school.
3. False allegations against Angela include accusing Angela of opening an internal investigation without school board knowledge. As per school policy, Angela acted within her authority, so as to avoid any interference with the investigations.
4. During a meeting held in July 2024 with Andy Spore, Angela Hansen-Winker, and Ryan Warner present, Angela was verbally attacked as police statements reflect.

5. Based on the foregoing, I have personal knowledge that electors were misled about the Recall Petition against Angela Hansen-Winker because information about the recall was provided to many electors on school grounds, at school events, and/or disseminated using school logos indicating that the Wrightstown Schools or School District was sponsoring and supporting the Recall against Angela Hansen-Winker.

Signed and dated on this 18 day of February 2025.

Above all, we want nothing but success for our students and staff within Wrightstown Community School District.

The Residents for Wrightstown Community School District Facebook page is being set up to enable community members to get accurate information shared and allow people to ask questions and get truthful answers, or post about personal experiences from board workshops and meetings. We want to have good people on our school board so that we can continue to keep our schools great.

Kimberly Denkins Admin

Great questions, Roland.

This is not an official school board page. This page is not administered or put out by the school district. It's a page created by and for the residents of our school district.

Meeting minutes, dates of meetings and agenda items can all be found on the school website, therefore, we will not be duplicating those efforts. Unfortunately, no closed session information can be shared.

The group is private at this time to create more discussion and share internally what is happening within our board. This page has been created to allow folks to share their personal experiences. It seems that only some of the information, that is being talked about... See more

This is just to reiterate my response to Roland's post.

This is not an official school board page. This page is not administered or put out by the school district. It's a page created by and for the residents of our school district.

Meeting minutes, dates of meetings and agenda items can all be found on the school website, therefore, we will not be duplicating those efforts. Unfortunately, no closed session information can be shared.

The group is private at this time to create more discussion and share internally what is happening within our board. This page has been created to allow folks to share their personal experiences. It seems that only some of the information, that is being talked about or happening at the school board meetings, is being reported to the community. It's important that we're all aware of what's actually going on, not just what's being reported in the paper or told to us by our neighbor.

Questions are encouraged. Our hope is that this will be an interactive page with open communication where we can share our experiences. Feedback is definitely welcomed. We do ask that you please avoid posting or commenting on hearsay.

<[sbyers@new.rr.com](mailto:sbyers@new.rr.com)> wrote:

Good afternoon, Angela. I am sorry to bring this to you at the end of a difficult year, but I have had enough and am writing to you as a resident and taxpayer.

Over the course of a couple of weeks, I received some screen shots of a private Facebook group that you had to have an invitation to join. Needless to say, I was not invited. But the matter is troubling as it involves three current board members, one former board president and her husband, as well as the former district administrator weighing in on the district. So initially, you had to be invited to join and if you tried to look up the FB page, it was not available. I think the group found out that a number of us had screen shots and knew what they are doing so now they have come out in the open and have a FB page everyone can see - link below.

[http://r4wcsd.com/?fbclid=IwY2xjawHg05tleHRuA2FlbQlXMAABHZ-IsJ1WkYNDZE4MPwvVVhTtS9ucEXqDsFNQgT68TRO-Q9LN-uREZgKjrA\\_aem\\_uBV\\_RkOWiY3\\_xadz7MgRJw](http://r4wcsd.com/?fbclid=IwY2xjawHg05tleHRuA2FlbQlXMAABHZ-IsJ1WkYNDZE4MPwvVVhTtS9ucEXqDsFNQgT68TRO-Q9LN-uREZgKjrA_aem_uBV_RkOWiY3_xadz7MgRJw)

This page now has Contacts as Kimberly Denkins and Nicole Gerend...not current board members. But the issues they bring up relate to grievances the three board members have and they have pdf's on the page listed above that talk about the transgressions of the board, specifically the President. If I had the time, I would be happy to dig through all of the pdf's to check their facts, but one stood out and needs to be corrected.

[http://r4wcsd.com/documents/General\\_Expectations\\_of\\_All\\_Board\\_Members.pdf](http://r4wcsd.com/documents/General_Expectations_of_All_Board_Members.pdf)

General Expectations of All Board Members points to your policy po0144.5 and specifically calls out the President for not attending the 5/15/24 board meeting... policy states to **attend, insofar as possible**, but they leave that off their bulleted complaint.

They also state the **average response time for emails or requests for information should be 24-48 hours.**

No where in your policy does it state a timeframe for response. The ~~very idea that they have dreamed this~~

General Expectations of All Board Members points to your policy po0144.5 and specifically calls out the President for not attending the 5/15/24 board meeting... policy states to **attend, insofar as possible**, but they leave that off their bulleted complaint.

They also state the **average response time for emails or requests for information should be 24-48 hours.**

No where in your policy does it state a timeframe for response. The very idea that they have dreamed this up out of the blue and posted it to a FB page that purports to be giving the real story is despicable. Ironically, this policy goes on to remind board members to conduct themselves with integrity, honesty and in a manner that reflects positively on the board.

So what I am asking for is a review of the information provided here regarding a policy and if it is deemed to violate policy, a statement can be issued regarding the false information. I am also asking that the pdf's they include be checked for inaccurate information. This page is up and running now and if there are additional misstatements, the public needs to know.

Angela, I know this is detailed and it's end of the year and this is an ugly mess...not of your making. But they have said you should reply to emails within 24-48 hours, which is not noted anywhere on this policy. Beyond that, my taxes pay for these people to create chaos!

I am attaching the screen shots I received so you can understand my level of concern. You are doing a wonderful job and you have three really committed partners. As I said before, you just need the people in the boat all rowing in the same direction. I understand difference of opinion in a group setting. This is not that...this is mean girls and board members.

<2720732883308052456.jpeg>

### Our Mission

This website is dedicated to informing the public about the actions and decisions taking place behind closed doors that affect our students, employees, and parents. We believe transparency is crucial for the well-being of our community. Our goal is to shed light on the behaviors of certain school board members who are not prioritizing the best interests of those they serve. We are committed to providing the facts and raising awareness to help facilitate the recall of these members, ensuring that our school system is led by individuals who truly advocate for the success and safety of everyone involved.

## HOME

Parents have a fundamental right to expect that the school board is prioritizing the needs of their children above all else. When school board members fail to represent the best interests of students, focusing instead on their own agendas or personal interests, it can jeopardize the educational experience for every child in the district. Parents, as the primary advocates for their children's well-being, recognize the importance of holding those in power accountable for decisions that directly affect their kids. If the board is making decisions that undermine the quality of education or the safety of students, it is the responsibility of parents to step up and demand change.

### Monday Morning Message

- As of January 26, 2025, we have 847 community residents that have SIGNED the petition! This is OUTSTANDING, but we still have a little bit of work to do before our deadline.
- At this point in time, we need a total of 18 or more signatures PER DAY in order to reach our goal of 1,206 signatures by February 15, 2025. THIS GOAL IS ATTAINABLE!
- If you are comfortable doing so, we kindly ask that if you run into a family member, friend, or neighbor that has not yet signed or has questions, to have them reach out to us so that we can answer any questions they may have.
- As a reminder, there will be a committee member available to collect signatures for the petition in the Dick's Family Foods Parking Lot (near the ATM Machine) this week Wednesday from 5:00-5:45 PM. The Board Meeting will be

Parents have a fundamental right to expect that the school board is prioritizing the needs of their children above all else. When school board members fail to represent the best interests of students, focusing instead on their own agendas or personal interests, it can jeopardize the educational experience for every child in the district. Parents, as the primary advocates for their children's well-being, recognize the importance of holding those in power accountable for decisions that directly affect their kids. If the board is making decisions that undermine the quality of education or the safety of students, it is the responsibility of parents to step up and demand change.

The role of a school board is to serve the district, not special interests. Parents rally to protect their children when they see board members prioritizing policies that benefit their own interests rather than creating an environment where students, teachers, and parents can thrive. Whether it's through budget mismanagement, undermining educational standards, or neglecting critical issues like student safety and mental health, parents are motivated to act when they feel that board members are out of touch with the real needs of the district. When parents see that decisions are being made behind closed doors without transparency, they know they must raise their voices to protect their children's futures.

A united parent voice can drive the change needed to restore a school board's focus on what matters most—the students. By rallying together, parents send a clear message that the district's priorities must be centered on the education, safety, and well-being of children, as well as the support of teachers and staff. Protecting students is not just about fighting against harmful policies but advocating for an environment where educational excellence, inclusivity, and respect for all stakeholders are the guiding principles. When parents take a stand, they help ensure that the school board's decisions reflect the community's true values, putting students first.

## Our Mission

This website is dedicated to informing the public about the actions and decisions taking place behind closed doors that affect our students, employees, and parents. We believe transparency is crucial for the well-being of our community. Our goal is to shed light on the behaviors of certain school board members who are not prioritizing the best interests of those they serve. We are committed to providing the facts and raising awareness to help facilitate the recall of these members, ensuring that our school system is led by individuals who truly advocate for the success and safety of everyone involved.

## WHY RECALL?

We have had several community members ask why this recall process has been started. To provide everyone with the same information at the same time, we gathered notes that have been taken by community members who have attended several workshops and board meetings over the last 6-9 months. We hope that you find this information useful and that you consider signing the petition to recall the current WCSD Board President. We have 60 days (from December 18, 2024) to gather signatures from residents who vote in WCSD. While this may seem like a long time, we'd like to gather these signatures as soon as possible to keep this initiative moving.

Please be advised that the information detailed below contains only information that has been shared or witnessed during the public portion of the meetings or in other interactions with the Board President. Due to legal restrictions, board members cannot share anything that was talked about or witnessed during the executive or closed portions of their meetings.

Please feel free to click on the links below to find out specific information regarding Board policies and codes that have been violated.

## MAJOR REASONS FOR RECALL

### How much do we want her to continue costing our district?

**Excess use of legal resources**

Historically, \$15,000 was budgeted per year. In July 2024, the budget was increased to \$25,000. Due to a projected increase in legal fees, the budget was increased again in Fall 2024 to \$40,000. Legal fees have SURPASSED \$38,000 since Angela Winker-Hansen became President of the Wrightstown Community School District Board of Education.

**Mishandling of retirement/severance agreements related to Mr. Andy Space**

Mr. Space was never informed of why he was being investigated, nor given the chance to correct any wrongdoing. The investigation was started two full months before the entire Board knew.

The school district is paying Andy Space a severance package which is costing the district.

In addition to that, we are now paying Mr. Ron Saari a salary for his contract period of January 20, 2025 – June 30, 2025, totaling \$90,000.

**Lack of Transparency/Failure to Communicate**

On January 15, 2025, it was announced in the Wrightstown Spirit, that Ron Saari would be the district's new Interim Superintendent. Our District Administrative Staff, Teachers, and Support Staff were not made aware of this until AFTER it was published in the paper and BEFORE Mr. Saari had a signed contract. The contract was not signed until the evening of January 15, 2025.

To sign the recall petition, please contact:

Tina Gitzlaff (920) 412-0184

or

Ashley Wallenfana (920) 393-0758

## AFFIDAVIT

State of Wisconsin

County of Brown

I, Carl Huss, hereby swear and affirm the following and would testify under oath if called:

1. My full legal name is Mr. Carl Lee Huss and my position with the Wrightstown School District is Parent. I have held this position for \_\_\_\_\_.

2. On or around approximately [date] 1-5-2025, I was informed by [name/occupation] Carrie Van Vreede that Recall petitions were being circulated in violation of multiple policies by [names of circulators].

3. Specifically, I learned the following detailed information that raised significant concerns about violations of school and state policies by the persons herein that circulated the Recall Petition against Angela Hansen-Winker in the following paragraph:

4. There was a lack of information  
givin to me at the time I signed plus  
the signing was during a Parker game  
so alcohol was a contributing factor  
If I was sober and had more clear  
knowledge of the situation  
I would of never signed  
that petition !!!

5. Based on the foregoing, I have personal knowledge that electors felt coerced or threatened or otherwise bribed to sign the Recall Petition against Angela Hansen-Winker because

Lack of information and being not sober.

Signed and dated on this 18 day of February 2025.

Carl Huss

County of Brown

I, Michael Mollen, being duly sworn to hereby swear and affirm the following under penalty of perjury:

1. My full legal name is Michael Patrick Mollen.
2. On or around approximately [date] Jan 1st 2025, I witnessed or learned that Rayn Warner and one of the Gerend brothers (Kyle or Jason) were in the local River Inn bar December 28<sup>th</sup>, pushing for recall signatures, while under the influence of alcohol. On the 1st of January, a friend informed me of these actions, his real concern though was that he was told that, Mike and Tony are next on the recall list, they started this whole problem.

3. The above information is based on and to the best of my personal knowledge.

Can you also provide information for people that were approached in the bar that signed but were NOT explained that need to have their names removed. What is the process to follow.

21m Like Reply

Can we get someone to comment on this with link to Tony's school email and the process

<b>Reason For Removal</b>
<ul style="list-style-type: none"><li>Other</li></ul>
<b>Please specify reason. (Simply changing your mind is not a valid reason to have your name removed.)</b>
I was drinking when I signed it, and did not know enough about the it. As I'm learning more, I do not want to get involved

CONFIDENTIALITY NOTICE -- This email is intended only for the person(s) named in the message header. Unless otherwise indicated, it may contain information that is confidential, privileged and/or exempt from disclosure under applicable law. If you have received this message in error, please notify the sender of the error and delete the message. Thank you.

One of my contacts who is 21 went through the list and she called one of her friends to ask her why and when she signed it, etc.

She was at a friend's house, and the mom approached them all and said if you guys wanna stay here, you can sign this or you can pay \$10 if you don't sign

The group all signed, [REDACTED] is afraid to come forward with an affidavit because [REDACTED]  
[REDACTED]

My contact is reaching out to this person and telling her her name can be redacted and nobody would ever find out

She was also told her name could not be taken off the list

# RECALL PETITION

TO: Tony Decker Wrightstown Community School District Board Clerk We, the undersigned qualified electors of the Wrightstown Community School District  
(official with whom nomination papers or declaration of candidacy for the office is filed) (jurisdiction or district of officeholder)  
 petition for the recall of Angela Hansen-Winker WCSD School Board President from office pursuant to Article XIII, Section 12 of the Wisconsin Constitution and §.9.10 of the Wisconsin Statutes.  
(name of officeholder to be recalled and office)

## STATEMENT OF REASON FOR RECALL

(The reason for recall must be stated on petitions for city, village, town, and school district officials. The reason must be related to the official responsibilities of the officeholder. No statement of reason is required to initiate the recall of state, congressional, legislative, judicial, or county officials.)

Disregard for Board Procedures. Lack of Transparency and Communication. Conflict of Interest and Ethical Violations. Violation of District Policies and Code of Conduct.

THE MUNICIPALITY USED FOR MAILING PURPOSES, WHEN DIFFERENT THAN MUNICIPALITY OF RESIDENCE, IS NOT SUFFICIENT. THE NAME OF THE MUNICIPALITY OF RESIDENCE MUST ALWAYS BE LISTED.				
SIGNATURES OF ELECTORS	PRINTED NAME OF ELECTORS	STREET & NUMBER OR RURAL ROUTE <small>Rural address must also include box or fire no.</small>	MUNICIPALITY OF RESIDENCE <small>Indicate Town, City, or Village</small>	DATE OF SIGNING

I, Randy Warner, certify: I reside at 800 Washington St Village of Wrightstown  
(name of circulator) (circulator's residence - include number, street, and municipality)

I further certify I am either a qualified elector of Wisconsin, or a U.S. citizen, age 18 or older who, if I were a resident of this state, would not be disqualified from voting under Wis. Stat. § 6.03. I personally circulated this recall petition and personally obtained each of the signatures on this paper. I know that the signers are electors of the jurisdiction or district represented by the officeholder named in this petition. I know that each person signed the paper with full knowledge of its content on the date indicated opposite his or her name. I know their respective residences given. I support this recall petition. I am aware that falsifying this certification is punishable under § 12.13(3)(a), Wis. Stats.

# RECALL PETITION

TO: Tony Decker Wrightstown Community School District Board Clerk We, the undersigned qualified electors of the Wrightstown Community School District  
(official with whom nomination papers or declaration of candidacy for the office is filed) (jurisdiction or district of officeholder)  
 petition for the recall of Angela Hansen-Winker WCSD School Board President from office pursuant to Article XIII, Section 12 of the Wisconsin Constitution and §.9.10 of the Wisconsin Statutes.  
(name of officeholder to be recalled and office).

## STATEMENT OF REASON FOR RECALL

(The reason for recall must be stated on petitions for city, village, town, and school district officials. The reason must be related to the official responsibilities of the officeholder. *No statement of reason is required to initiate the recall of state, congressional, legislative, judicial, or county officials.*)  
Disregard for Board Procedures. Lack of Transparency and Communication. Conflict of Interest and Ethical Violations. Violation of District Policies and Code of Conduct.

THE MUNICIPALITY USED FOR MAILING PURPOSES, WHEN DIFFERENT THAN MUNICIPALITY OF RESIDENCE, IS NOT SUFFICIENT. THE NAME OF THE MUNICIPALITY OF RESIDENCE MUST ALWAYS BE LISTED.

# RECALL PETITION

TO: Tony Decker Wrightstown Community School District Board Clerk (official with whom nomination papers or declaration of candidacy for the office is filed). We, the undersigned qualified electors of the Wrightstown Community School District (jurisdiction or district of officeholder) petition for the recall of Angela Hansen-Winker WCSD School Board President from office pursuant to Article XIII, Section 12 of the Wisconsin Constitution and § 9.10 of the Wisconsin Statutes. (name of officeholder to be recalled and office).

## STATEMENT OF REASON FOR RECALL

(The reason for recall must be stated on petitions for city, village, town, and school district officials. The reason must be related to the official responsibilities of the officeholder. No statement of reason is required to initiate the recall of state, congressional, legislative, judicial, or county officials.)  
Disregard for Board Procedures. Lack of Transparency and Communication. Conflict of Interest and Ethical Violations. Violation of District Policies and Code of Conduct.

THE MUNICIPALITY USED FOR MAILING PURPOSES, WHEN DIFFERENT THAN MUNICIPALITY OF RESIDENCE, IS NOT SUFFICIENT. THE NAME OF THE MUNICIPALITY OF RESIDENCE MUST ALWAYS BE LISTED.

# RECALL PETITION

TO: Tony Decker Wrightstown Community School District Board Clerk We, the undersigned qualified electors of the Wrightstown Community School District  
(official with whom nomination papers or declaration of candidacy for the office is filed) (jurisdiction or district of officeholder)  
 petition for the recall of Angela Hansen-Winker WCSD School Board President from office pursuant to Article XIII, Section 12 of the Wisconsin Constitution and §.9.10 of the Wisconsin Statutes.  
(name of officeholder to be recalled and office).

## STATEMENT OF REASON FOR RECALL

(The reason for recall must be stated on petitions for city, village, town, and school district officials. The reason must be related to the official responsibilities of the officeholder. *No statement of reason is required to initiate the recall of state, congressional, legislative, judicial, or county officials.*)  
Disregard for Board Procedures. Lack of Transparency and Communication. Conflict of Interest and Ethical Violations. Violation of District Policies and Code of Conduct.

THE MUNICIPALITY USED FOR MAILING PURPOSES, WHEN DIFFERENT THAN MUNICIPALITY OF RESIDENCE, IS NOT SUFFICIENT. THE NAME OF THE MUNICIPALITY OF RESIDENCE MUST ALWAYS BE LISTED.

# RECALL PETITION

TO: Tony Decker Wrightstown Community School District Board Clerk We, the undersigned qualified electors of the Wrightstown Community School District  
(official with whom nomination papers or declaration of candidacy for the office is filed) (jurisdiction or district of officeholder)  
 petition for the recall of Angela Hansen-Winker WCSD School Board President from office pursuant to Article XIII, Section 12 of the Wisconsin Constitution and § 9.10 of the Wisconsin Statutes.  
(name of officeholder to be recalled and office).

## STATEMENT OF REASON FOR RECALL

(The reason for recall must be stated on petitions for city, village, town, and school district officials. The reason must be related to the official responsibilities of the officeholder. No statement of reason is required to initiate the recall of state, congressional, legislative, judicial, or county officials.)

Disregard for Board Procedures. Lack of Transparency and Communication. Conflict of Interest and Ethical Violations. Violation of District Policies and Code of Conduct.

THE MUNICIPALITY USED FOR MAILING PURPOSES, WHEN DIFFERENT THAN MUNICIPALITY OF RESIDENCE, IS NOT SUFFICIENT. THE NAME OF THE MUNICIPALITY OF RESIDENCE MUST ALWAYS BE LISTED.

Rubuttal to Challenge Submitted by  
Angela Hansen-Winker and her attorney Jennifer  
DeMaster

Tuesday, February 25, 2025

Received 2/25/25 2:54pm  
Chelene Swire  
RECEIVED 2/25/25 2:59 pm  
Anthony Helms

## **Challenge -**

1. The Petition was impermissibly vague and failed to state a *reason for the recall which is related to Angela's official responsibilities* making all signatures insufficient on its face.

**Rebuttal** - Wisconsin does not require specific grounds for recall. Any elected official may be subject to recall for any reason. However, all petition sheets contained the statement "Disregard for Board Procedures, Lack of Transparency and Communication, Conflict of Interest and Ethical Violations, Violation of District Policies and Code of Conduct." The Official Statement of Intent to Circulate Recall Petition states specific reasons for the recall (**See Exhibit A**). Electors have a right to seek information and, in the event, someone feels they were mis-informed, there is a process for requesting removal of their signature.

## **Challenge -**

2. Electors have requested their signatures be removed from the Petition prior to filing because they were misled by circulators, yet, not all elector signatures that so requested have been removed.

## **Rebuttal -**

**Dingleberry McDicklicker** – Signature was never found on the recall petition sheets; therefore, it could not be crossed off (**See Exhibit B**).

**Mary Geurts** – Signature was crossed off on Page 35 of Recall Petition (**See Exhibit C**).

**Richard Geurts** – Signature was **NOT** crossed from Recall Petition because removal of name from petition instructions were not followed. Per Board Clerk, Tony Decker on 1/30/25, he specifically states "To remove your name from a signed recall petition, please email Rayn Warner at [raynw@yahoo.com](mailto:raynw@yahoo.com) and also email me at [decker@wrightstown.k12.wi.us](mailto:decker@wrightstown.k12.wi.us) (**See Exhibit D**). In this case, Richard Geurts only emailed Tony Decker, therefore, his name was NOT crossed from the Recall Petition (**See Exhibit E**).

**Matt DeCleene** – Signature was crossed off on Page 130 of Recall Petition. (**See Exhibit F**).

**Allan Lamers** - Signature was crossed off on Page 50 of Recall Petition. (**See Exhibit G**).

**Gunnar Hansen** – Signature was never found on the recall petition sheets; therefore, it could not be crossed off. (**See Exhibit H**).

**Ellen Uebele** – Signature was never found on the recall petition sheets; therefore, it could not be crossed off. (**See Exhibit I**).

**Jean Brandt** – Signature was crossed off on Page 24 of Recall Petition. (**See Exhibit J**).

**Gary Brandt** – Signature was crossed off on Page 24 of Recall Petition. (**See Exhibit J**).

**Mary Olbrich** – Signature was never found on the recall petition sheets; therefore, it could not be crossed off. (See Exhibit K).

**Jeni Ann Olson** – Signature was crossed off on Page 23 of Recall Petition. (See Exhibit L).

**Victoria Ropson** – Signature was crossed off on Page 6 of Recall Petition. (See Exhibit M).

**Nicole Franz** – This was **inadvertently missed**, please cross from the Recall Petition.

**Crystal Theunis** – Signature was crossed off on Page 50 of the Recall Petition. (See Exhibit G).

**Michael Theunis** – Signature was crossed off on Page 50 of the Recall Petition. (See Exhibit G).

**Stacy Trembl** – Signature was crossed off on Page 23 of Recall Petition. (See Exhibit L).

**Jacob Heezen** – This was **inadvertently missed**, please cross from the Recall Petition.

**Makenna Leick** – Signature was crossed off on Page 146 of the Recall Petition. (See Exhibit N).

**Jason Meulemans** – Signature was crossed off on Page 147 of the Recall Petition. (See Exhibit O). However, he asked to get back on the Recall Petition, so he signed again on Page 155 of the Recall Petition. (See Exhibit P).

## **Challenge -**

- 3. Circulators altered over 258 addresses or municipality names that were written on the Petition by electors thereby making them ineligible to be counted.**

**Rebuttal** - The claim that over 258 instances of petition signature information were edited by circulators or other parties to alter the municipality of signers is unfounded and lacks proper evidence. It is important to note that such changes, if they occurred, were the result of clerical errors or simple administrative oversights, rather than deliberate tampering. Furthermore, the process of collecting and verifying signatures is rigorous and closely monitored to ensure accuracy and transparency. Any confusion arising from multiple municipalities being listed for a single signer can be easily rectified through standard review procedures, which include careful cross-checking of records. Rather than undermining the legitimacy of the petition, these instances should be viewed as isolated cases that can be corrected without affecting the overall integrity of the petition process.

According to Wisconsin Elections Commission (WEC) employee Riley Willman, the address, municipality, and circulator information on petition sheets can be corrected by the circulator. The recent annexation of the Village of Greenleaf from the Village of Wrightstown has caused confusion regarding the municipality, as WCESD residents' taxes were issued by the Village of Wrightstown, and public search tools for looking up municipality information have not yet been updated. The WEC has suggested that the district clerk exercise some flexibility and allow for grace when reviewing municipality details, given this recent change. All cases in which the municipality has been modified, the residency of the signer of the petition sheet can be determined by the address given, therefore, they **SHOULD NOT** be stricken out

from the Recall Petition Sheets. **(See Exhibit Q)** which details out the Wisconsin Elections Commission Recall of Local Elected Officials Manual.

In addition to this, **all 258 signatures must be included in the signature count because their address can be determined to be within the jurisdiction or district from which the elected official (See Exhibit R)** being recalled is elected by visiting:

- <https://prod-landrecords.browncountywi.gov/GCSWebPortal/Search.aspx>,
- <https://ascent.outagamie.org/LandRecords/PropertyListing/RealEstateTaxParcel#/Search>, and/or
- <https://ascent.co.calumet.wi.us/LandRecords/PropertyListing/RealEstateTaxParcel#/Search>

Furthermore, it was noted to cross out all signatures obtained by Tricia Vande Hey (challenger incorrectly spelled it as Tricia Vande Hay, Tricia Vander Hey) from December 21<sup>st</sup>. Nowhere in the Recall Local Elected Officials Manual **(See Exhibit Q)**, does it identify acceptable or nonacceptable places to obtain signatures. There were several notifications sent out to the public via Face Book, local newspaper, Angela's personal Face Book pages and website which allowed petition signers to remove their signature if they felt compelled to do so **(See Exhibit D)**. The case noted in the challenge that elector DeCleene (challenger incorrectly spelled it as DeCleese) notified us of his wish to remove his name, and we followed through with his request **(See Exhibit F)**.

In Wisconsin, recall petitions can be circulated by any eligible voter, and there is no law explicitly prohibiting a fellow member of the same board from circulating a recall petition. However, the circulator must still comply with all relevant requirements for circulating petitions, such as ensuring that the petition includes the correct information, the signatures are properly gathered, and the petition is filed within the legal time frame.

Angela may have concerns regarding this petition when a fellow board member is involved in the recall process, but legally, there is no specific restriction against it. Keep in mind that all signatures must be gathered from registered voters within the appropriate district or municipality, and the circulator must make sure to follow the established procedures to ensure the recall petition is valid. Therefore, all signatures obtained by Rayn Warner and Tiffany Van Vreede **must be included** in the signature count.

If signers felt they were deceived or manipulated, they had the opportunity to remove their name from the recall petition **(See Exhibit D)**.

## **Challenge -**

- 4. Circulators fraudulently induced electors to sign the Petition using and making false statements about Angela, including the wonton and intentional misuse of district logos on private solicitation materials.**

**Rebuttal** - The petition signature sheets clearly stated the reason for the petition at the top of the sheet. Any suggestion of false statements about Angela is merely an opinion and does not constitute a valid reason to deem the petition insufficient. On January 4, 2025, it was brought to our attention that

r4wcsd.com and the Residents for Wrightstown Community School District Face Book pages were using the Wrightstown Community School District's logo. The school district's logos are **not trademarked**, however, the group changed both r4wcsd.com and Residents for Wrightstown Community School District Face Book page on January 4, 2025, to address this concern, avoid any additional legal fees, and to avoid further conflict. On January 11, 2025, the school district's legal counsel contacted the petitioner regarding concerns about the non-trademarked logo use, however, at that time, this concern was already rectified on the website and Face Book pages.

### **Challenge -**

- 5. The Petition was circulated multiple times on school district property and during school district events, violating numerous written school district policies including po2430, po9700, po3210, po0144.5, and p. 29 of the staff handbook.**

**Rebuttal** - The policies are vague and do not specifically address the circulation of recall petitions on school property. It is public knowledge, based on a social media post, that there was an isolated incident on January 8th where a petition was signed at a sports club event. The signatures collected on that date were stricken (**See Exhibit S**), and the circulator contacted the electors, notifying them that they would need to re-sign if they still wished to support the recall of Angela Hansen-Winker. The recall circulator also reached out to Board Clerk Tony Decker to inquire about how to handle the situation. Tony Decker informed the circulator that there was no need to strike and recollect the signatures. However, the circulator decided it was best to strike the signatures and ask electors to sign again. Jaret Farrell, Tim Nelson, Bryan Rosenbaum, Jennifer Farrell, Abby Raye, and Stuart Ninabuck were stricken out on Page 135 of the Recall Petition (**See Exhibit S**). Jaret Farrell, Jennifer Farrell, and Stuart Ninabuck re-signed on Page 52 of the Recall Petition (**See Exhibit T**), Tim Nelson re-signed on Page 80 (**See Exhibit U**), and Abby Raye re-signed on Page 149 of the Recall Petition (**See Exhibit V**).

### **Challenge -**

- 6. Circulators who are also government officials restricted public access to recall allegations made on a private Facebook page in violation of Federal and Wisconsin open records laws and Angela's First Amendment rights.**

**Rebuttal** — Circulators are not government officials they are private individuals who gather signatures to qualify an initiative of a recall petition. Recall allegations were published on the website R4WCSD.com. The Facebook page mentioned is administered by private community members. Restricting access to a Facebook page is not a violation of first amendment rights. The First Amendment right protects government restrictions of free speech. The Facebook page is not operated by a government official or agency therefore violation of First Amendment rights is not of concern.

## **Challenge -**

- 7. School board members and circulators induced and coerced signatures from unsuspecting electors using false statements and bribes, despite knowing the truth from Angela's public press release.**

**Rebuttal** - This statement is entirely unfounded and misleading. There is no evidence to support the claim that school board members or circulators induced or coerced signatures from electors through false statements or bribes. The circulators acted within the bounds of the law, and any claims about misleading electors are based on opinion rather than fact. Furthermore, Angela's public press release, while important, does not negate the fact that the petition followed all proper procedures, and those electors signed voluntarily. The accusations of coercion and dishonesty are simply not substantiated by the facts surrounding the petition process.

## **Other Challenges/Rebuttals:**

**Challenge** - r4wcsd.com and Residents For Wrightstown Community School District Face Book page did not state they were acting separate from Wrightstown Community School District, and several signers were confused as they thought the recall was being sponsored by WCSD.

**Rebuttal** - This statement is false. See **Exhibit W** where the Face Book page specifically states "this is not an official school board page. This page is not administered or put out by the school district. It's a page created by and for the residents of our school district." Furthermore, the r4wcsd.com page also has a disclaimer which can be viewed on **Exhibit X**.

**Challenge** - District should reject page 107 of the petition because the circulator failed to provide a street address as required by state law.

**Rebuttal** - Rayn Warner discussed this issue with Board Clerk Tony Decker on February 24, 2025 (See **Exhibit AA**). Tony Decker stated that Jen Vande Hey could properly fill out her portion as required by state law on a photocopy of the sheet that was originally submitted. This document is included behind the Exhibits provided. Therefore, all signatures on page 107 should be included in the Recall Petition count.

**Challenge** - Melinda Lemke and Tiffany Van Vreede held administrator roles for the Residents for Wrightstown Community School District page which is viewed as a conflict of interest.

**Rebuttal** - Per **Exhibit Y and Z**, both Melinda Menting Lemke and Tiffany Van Vreede were changed from administrator role to member role on December 4, 2024 which was well before the Intent to Circulate a Petition was submitted.

## STATEMENT OF INTENT TO CIRCULATE RECALL PETITION

THE UNDERSIGNED RECALL PETITIONER, Rayn Warner

(Print Name)

STATES HIS/HER INTENT TO CIRCULATE, PURSUANT TO Wis. Stat. § S.9.10

OF THE WISCONSIN STATUTES, A PETITION TO RECALL,

Angela Hansen-Winker School Board President of Wrightstown Community School District  
(Indicate the name of, and office held by, the official being recalled).

FOR THE FOLLOWING REASON OR REASONS RELATED TO THE OFFICIAL

RESPONSIBILITIES OF THE OFFICIAL SOUGHT TO BE RECALLED:

Disregard for Board Procedures and Policies. Failure to adhere to Robert's Rules of Order, specifically by limiting discussion after motions. Unauthorized access to confidential information, such as taking a column of election results containing personal information. Providing inaccurate information in public documents. Lack of Transparency and Communication. Refusal to respond to emails from fellow board members and directing all communication to legal counsel. Failure to follow the chain of command within the district. Withholding critical information from the board, such as the names of individuals involved in complaints or suspensions. Moving closed session business without prior notice or agenda approval. Conflict of Interest and Ethical Violations. Potential conflict of interest due to involvement with the New Britain and residing on behalf of the board. Inappropriate behavior during workshops and board meetings, including the treatment of fellow board members. Misuse of district funds for board fees without proper authorization or explanation. Initiating investigations without board approval or informing all board members. Compromising the district administrator's ability to perform their duties. Using legal counsel for personal agendas rather than utilizing free resources provided by WAFDU. Failure to address serious concerns, such as a potentially member receiving private communications and a board member's intent to harass the district administrator. Selective dissemination of information to certain board members. Limiting the ability of the district administrator and other board members to add agenda items. Violation of District Policies and Code of Conduct. Repeated violations of district policies and the board's code of conduct, leading to public discord without listening or consulting with fellow board members, which contained derogatory language and personal information. Refusal to communicate with the district administrator regarding important agenda items. These actions have created public trust in the school board and have negatively impacted the district's operations. We believe that a recall election is necessary to restore integrity and accountability to the board.

(This statement should be appended to the Campaign Registration Statement (ETHCF-1) filed with the filing officer.)

Dated this 18<sup>th</sup> day of December, 2024

### Recall Petition Signature Removal Process / FAQ

If you have signed a petition to recall Angela Hansen-Winker and wish to remove your name from that petition, there are a few items to keep in mind.

To remove your name from a signed recall petition, please email Rayn Warner at raynw@yahoo.com and also email me at [decker@wrightstown.k12.wi.us](mailto:decker@wrightstown.k12.wi.us)

- Include your name, address, and reason for removal. Typical removal reasons are something along the line that you felt the circulator of the petition misled you in some way shape or form. You don't have to go into detail. A simple "I felt I was misled about the recall reasons" statement will suffice. By the way, just changing your mind or claiming ignorance of the recall reason is not a valid reason to have your name removed.

Each person who signed a petition must email both Rayn and I. You may not list multiple names on a single email.

- Example - if a married couple wants to have their names removed, each person must email Rayn and I, and each email must contain name, address, and reason for removal. There cannot be multiple names on a single removal request. If there are multiple names listed, the person sending the email will be removed, but the other(s) listed must submit their own request.

You must request to have your name removed prior to the recall package being submitted. Any removal requests after recall package submission will not be processed.

- Rayn has up until 5:00 p.m. on February 16, 2025, to submit the recall package but can submit it any time before that.

After emailing me, I will confirm receipt of your removal request.

Once the recall package is submitted, I will verify all valid signature removal requests have been crossed out on the petition paperwork and will not be counted.

I hope the above is helpful.

If you have any questions, please feel free to reach out to me at [decker@wrightstown.k12.wi.us](mailto:decker@wrightstown.k12.wi.us) and I will do my very best to answer them.

Respectfully,

Tony Decker

WCSD Board Clerk

**To:** [decker@wrightstown.k12.wi.us](mailto:decker@wrightstown.k12.wi.us) <[decker@wrightstown.k12.wi.us](mailto:decker@wrightstown.k12.wi.us)>

I am a citizen of the Wrightstown Community School District. About a week ago a schoolboard member, accompanied by a neighbor, came to our door asking my wife and me to sign a recall petition for Board President Angela Hansen-Winker. I did sign that petition, but I now wish to have my signature crossed off the petition. I feel that we were not given complete information regarding the reasons for the recall of Angela Hansen-Winker.

I am emailing you to ask you to cross my name and information off the recall petition for Angela Hansen-Winker. I understand that, as board clerk, you can do this.

Thank you very much,

Richard I. Geurts  
1563 Old School Pl

10. <u>Maria DeChene</u>	<u>Maria DeChene</u>		<u>6802 Ledge Top Rd Greenleaf</u>		<input type="checkbox"/> Town <input type="checkbox"/> Village <input type="checkbox"/> City	<u>Wrightstown</u>	<u>12/21/24</u>

I, Trishc Vandekerk, certify: I reside at 1613 St. Village of Greenleaf  
(name of elector)  
I further certify I am either a qualified elector of Wisconsin, or a U.S. citizen, age 18 or older who, if I were a resident of this state, would not be disqualified from voting under Wis. Stat. § 6.03. I personally circulated this recall petition and personally obtained each of the signatures on this paper. I know that the signers are electors of the jurisdiction or district represented by the officeholder named in this petition. I know that each person signed the paper with full knowledge of its content on the date indicated opposite his or her name. I know their respective residences given. I support this recall petition. I am aware that falsifying this certification is punishable under § 12.13(3)(a), Wis. Stats.

(Signature of Circulator)  
 I further certify I am either a qualified elector of Wisconsin, or a U.S. citizen, age 18 or older who, if I were a resident of this state, would not be disqualified from voting under Wis. Stat. § 6.03. I personally circulated this recall petition and personally obtained each of the signatures on this paper. I know that the signers are electors of the jurisdiction or district represented by the official being recalled in this petition. I know that each person signed the paper with full knowledge of its content on the date indicated opposite this or her name. I know their respective residences given. I support this recall petition. I am aware that falsifying this certification is punishable under § 12.13(2)(a), Wis. Stat.

## RECALL PETITION

TO: Tony Decker Wrightstown Community School District Board Clerk Wrightstown Community School District  
(official with whom nomination paper or declaration of candidacy for the office is filed)  
 petition for the recall of Angela Hansen-Winkler WCSD School Board President from office pursuant to Article XIII, Section 12 of the Wisconsin Constitution and § 9.10 of the Wisconsin Statutes.  
(name of officeholder to be recalled and office)

### STATEMENT OF REASON FOR RECALL

The reason for recall must be stated on petitions for city, village, town, and school district officials. The reason must be related to the official responsibilities of the officeholder. No statement of reason is required to indicate the recall of state, congressional, legislative, judicial, or county officials.  
 Disregard for Board Procedures. Lack of Transparency and Communication. Conflict of Interest and Ethical Violations. Violation of District Policies and Code of Conduct.

THE MUNICIPALITY USED FOR MAILING PURPOSES, WHEN DIFFERENT THAN MUNICIPALITY OF RESIDENCE, IS NOT SUFFICIENT. THE NAME OF THE MUNICIPALITY OF RESIDENCE MUST ALWAYS BE LISTED.			STREET & NUMBER OR RURAL ROUTE		MUNICIPALITY OF RESIDENCE		DATE OF SIGNING	
SIGNATURES OF ELECTORS	PRINTED NAME OF ELECTORS		Rural address must also include box or lot no.		Indian, Town, City, or Village			
1. <u>[Signature]</u>	Ashley Vande Hey	6962 Elmvo Rd	Greenleaf WI	54126	Wrightstown		1	17/25
2. <u>[Signature]</u>	Tammy Verheyen	1929 County Rd. 22	Wt. St.	54126	Wrightstown		1	17/2025
3. <u>[Signature]</u>	Kevin Verheyen	1929 Cty Rd 22	Box W.		Wrightstown		1	17/2025

## Exhibit Q

# RECALL OF LOCAL ELECTED OFFICIALS

August 2020

**Wisconsin Elections Commission**

212 East Washington Avenue, Third Floor  
P.O. Box 7984  
Madison, WI 53707-7984

Phone: (608) 266-8005

FAX: (608) 267-0500

<https://elections.wi.gov>

## **Introduction**

Recall gives voters the right to reconsider their choice of an elected official; however, it does not automatically result in removal of an official from office. It provides an opportunity for voters to require an elected official to run for office again before the expiration of his or her term. The requirements for initiating recall efforts are very specific and must be carefully followed.

The statutory provisions for recalling local elected officials are provided in Wis. Stat. § 9.10 and Wis. Admin. Code EL Ch. 2. The requirements include filing a campaign registration statement and statement of intent to circulate a recall petition with the appropriate filing officer, and preparing, circulating, and filing a recall petition.

A *Glossary of Terms* used in the discussion of recall procedures is found on pages 10.

## **Recall of Local Elected Officials: Wis. Stat. §§ 9.10(1)(a) and 9.10(4)**

The qualified electors of any city, village, town, town sanitary district, or school district may petition for the recall of any incumbent elected official by filing a petition with the same official or agency with whom nomination papers or declarations of candidacy for the office are filed, demanding the recall of the officeholder. This is a statutory extension of the right to recall congressional, judicial, legislative, or county officials found in the Wisconsin Constitution since November, 1926. See *Wisconsin Constitution, Article XIII, Section 12*.

## **Recall of Congressional, County and State Officials**

The qualified electors of any congressional, judicial, legislative, county, or of any prosecutorial unit may also petition for the recall of any incumbent elected official. Please see the Wisconsin Elections Commission Manual "Recall of Congressional, County, and State Officials" for information on this process.

## **Who Can be Recalled?**

Any local elected officeholder who has served a minimum of one year of the term for which he or she was most recently elected, as of the date the recall petition is offered for filing, can be recalled. Wis. Stat. § 9.10(2)(s).

After one recall petition and recall election, no further recall petition may be filed against the same official during the term for which he or she was elected. Wis. Stat. § 9.10(6).

A recall election should not be held if the regular term of an elected officeholder's position is scheduled for re-election at a Spring Election to be held within six weeks of the date the recall petition is certified as sufficient by the local filing officer.

### **Who Can Petition for a Recall?**

Any qualified elector of the election district from which the officeholder was elected may petition for a recall. A qualified elector is a United States citizen, 18 years of age or older, who has resided in the district or jurisdiction for at least 28 days. Disqualification of electors is addressed in Wis. Stat. § 6.03. A disqualified elector under Wis. Stat. § 6.03, may not petition for a recall. The person who files the recall petition is referred to as the petitioner.

### **Registration of a Recall Committee: Wis. Stat. §9.10(2)(d)**

Before circulating a petition for recall the petitioner must register with the appropriate filing officer (See *Glossary of Terms* for definition of filing officer). Pursuant to Wis. Stat. § 9.10(2)(d), registration is accomplished by filing a Campaign Registration Statement under Wis. Stat. § 11.0902.

Pursuant to Wis. Stat. § 9.10(2)(d), a Statement of Intent to Circulate a Recall Petition (Form EL-170i) must be attached to the registration form indicating:

- Petitioner's intent to circulate a recall petition.
- Name of the officeholder for whom recall is sought.
- Reason for the recall which is related to the official responsibilities of the officeholder (the same reason must appear on the petition).

A sample Statement of Intent to Circulate Recall Petition form is included with this manual.

After the petitioner has filed the required registration documents with the filing officer, circulation of the petition may begin.

### **Circulating the Recall Petition: Wis. Stat. § 9.10(2)(d)**

Circulation of the recall petition must be completed within 60 days after the petitioner files a campaign registration statement and intent to circulate a recall petition with the filing officer. The completed petition must be offered for filing (submitted to the filing officer), no later than 5:00 p.m. on the 60<sup>th</sup> day after the date of registration. Any signature on a recall petition that is dated either before the date of registration or more than 60 days after the registration date is invalid.<sup>1</sup>

If the deadline for submitting the petition falls on a weekend or holiday, the petition must be filed by the next business day, but valid signatures may not be dated outside of the 60-day circulation window.

---

<sup>1</sup> Measuring 60 days from the date of registration results in 61 actual days during which petition signatures are valid.

### **Number of Signatures Required: Wis. Stat. § 9.10(1)**

The petition must contain the signatures of qualified electors equal to at least 25% of the vote cast for the office of Governor at the last General Election held within the same district or jurisdiction as that of the officeholder. The filing officer is required to determine, and inform any interested person upon request, the number of signatures required to recall an officeholder of that district or jurisdiction. To calculate the required number of signatures, refer to the election results page of the agency website: <http://elections.wi.gov/elections-voting/results>.

### **Petition Format Requirements: Wis. Stat. § 9.10(2)**

The format of a recall petition must meet the statutory requirements found in Wis. Stat. § 9.10(2). In addition, other requirements relating to preparation and form of the petition are governed by Wis. Stat. § 8.40 and Wis. Admin. Code EL Ch. 2. A sample Recall Petition (EL-170) is included with this manual.

Recall petition requirements:

- Every recall petition must have on its face, at the top of each petition page, in bold print, the words “**RECALL PETITION.**”
- The recall petition must identify the name of the officeholder. Only one officeholder can be named on a recall petition. If more than one officeholder is to be recalled, a separate petition must be circulated and filed for each.
- The petition must contain a statement of the reason for the recall which is related to the official responsibilities of the officeholder.

Each petition must provide a space for electors to:

- Sign their name.
- Print their name.
- List their municipality of residence, along with the post office address, including street and number, if any, or rural route (the address must be complete and clearly show that the signer resides in the district or jurisdiction represented by the officeholder).
- List the date of signing.
- Each separate sheet of a recall petition must contain a completed Certification of Circulator.

### **Individual Signature Requirements**

The specific requirements that apply to each signature on a petition to recall a local officeholder are listed here and can also be found in Wis. Stat. § 8.40 and Wis. Admin. Code EL § 2.09, which incorporates by reference the requirements of Wis. Admin. Code EL § 2.05.

- The signature listed must be that of a qualified elector of the jurisdiction or district represented by the officeholder.

- The legible, printed name of the signer.
- The full address, including municipality of residence, of each signer must be listed on the petition and must be within the election district or jurisdiction of the officeholder.
- Each signature must be dated when it is affixed to the petition.
- The date of the signature must be within 60 days from the date the recall petitioner registered with the filing officer. The date of the signature may not be before the date the recall petitioner registered with the filing officer.
- The date of the signature must not be later than the date of the circulator's signature in the Certification of Circulator.

**Certification of Circulator: Wis. Stats. §§ 9.10(2)(a) and 8.40(2)**

Each page of a recall petition must contain the Certification of Circulator. The language of the certification must comply with the requirements of Wis. Stat. § 8.40(2). The certification section on each page must be completed by the circulator, after the signatures are obtained.

Specific requirements of the circulator are:

- The circulator must list his or her full address, including municipality of residence, street and number, if any, or rural route. Other information, such as state of residence and zip code, is not required.
- The circulator must sign and date the certification after he or she has obtained the signatures.
- The person signing as circulator must have personally circulated the petition and personally obtained each of the signatures on the paper.
- The circulator must state that he or she is aware that falsifying the certification is punishable under Wis. Stat. § 12.13(3)(a).

**Review of Petition by Filing Officer: Wis. Stat. § 9.10(4)(a)**

The filing officer should notify the official subject to the recall that a petition has been offered for filing against him or her. This is not required by law, but is a recommended practice.

Within 31 days after the petition is offered for filing, the filing officer is required to determine the sufficiency of the petition. Wis. Stat. § 9.10(4)(a). (See also Wis. Admin. Code EL §§ 2.05 and 2.09, regarding the treatment and sufficiency of petitions.) A careful review of the petition must be completed by the filing officer to verify that:

- The format of the petition follows the requirements of Wis. Stat. § 8.40.
- The petition contains all the information required under Wis. Stat. § 9.10 and clearly informs the electorate of the intentions of the petitioner.

- Each signer is a qualified elector of the district represented by the officeholder.
- The address listed by each signer is within the district represented by the officeholder.
- The date of signing for each elector is within the 60-day circulation period, and not later than the date the certification was signed by the circulator.
- The circulator has properly completed the Certification of Circulator (See previous section for requirements of circulator.)

The information on the petition is presumed to be valid. The filing officer is not required to consult extrinsic resources in reviewing the petitions, but may do so if time permits.

**Certificate of Sufficiency/Insufficiency: Wis. Stat. § 9.10(4)(a)**

The filing officer's findings must be stated in a certificate attached to the petition within 31 days after the petition is offered for filing. The certificate must state the number of petition sheets filed with the filing officer and the number of valid signatures. If the petition is found to be sufficient, the filing officer shall file the petition and transmit the certificate and petition to the appropriate local governing body, subject to special note in next paragraph. The local governing body, school board, or board of election commissioners shall then promptly call a recall election. If the petition is found to be insufficient, the certificate shall state the specific items creating the insufficiency.

**Special Note:** The filing officer should allow at least 10 days after the petition has been offered for filing to issue a certificate of sufficiency to allow time for a challenge to the petition.

**Correcting an Insufficient Petition: Wis. Stat. § 9.10(4)(a)**

If a recall petition is found to be insufficient, the certificate shall state the specific items creating the insufficiency. A petitioner may amend the petition by filing affidavits or other proof correcting certain insufficiencies within 5 days following the attachment of the original certificate by the filing officer. Wis. Stat. § 9.10(4)(a).

**Correctable insufficiencies as prescribed by Wis. Stat. § 9.10(2)(e) and (r) include, but are not limited to:**

- The failure of the circulator to sign the certification or to include all required information.
- The person signing the petition omitted the date or wrote the incorrect date.
- The failure of the circulator to write his or her complete address on the certification.

Within 2 days after the amended petition is offered for filing, the filing officer shall again carefully examine the face of the petition to determine its sufficiency and attach an amended certificate stating the findings. Wis. Stat. § 9.10(4)(a).

If the filing officer makes a finding that the petition is sufficient, he or she shall immediately attach a certificate of sufficiency, file the petition, and provide it to the local governing body, school board, or board of election commissioners who shall then promptly call a recall election.

### **Challenges to a Recall Petition: Wis. Stat. § 9.10(4)(a)**

Within 10 days after a recall petition is offered for filing with the filing officer, the officeholder can challenge the sufficiency of the recall petition. The challenge must be made in the form of a written, sworn complaint and filed with the filing officer who received the recall petition. Wis. Stat. § 9.10(4)(a) and Wis Admin. Code EL Ch. 2.

The challenge must specify any alleged insufficiency in the petition. Wis. Stat. § 9.10(4)(a) and Wis. Admin. Code Ch. EL 2. Any challenge to the validity of signatures on a recall petition must demonstrate by affidavits or other supporting evidence a failure to comply with statutory requirements. The burden of proof is on the challenger. The information on a recall petition is presumed to be valid unless proven otherwise. Wis. Admin. Code EL Ch. 2.05(4).

Some of the grounds for challenge and the resulting effect are:

- Grounds: An elector has signed the recall petition more than once.  
Resulting Effect: The second and subsequent signatures are not counted.
- Grounds: A person signed the name of another elector.  
Resulting Effect: The signature shall not be counted, unless the elector was unable to sign due to physical disability and authorized the individual to sign on his or her behalf. In this case, a notation clarifying the situation should be made on the petition by the signer.
- Grounds: An individual is ineligible to sign the petition because he or she is not a qualified elector of the district or jurisdiction.  
Resulting Effect: The signature may not be counted.
- Grounds: A challenger establishes that the purpose of the petition was misrepresented by the circulator and the signer was not aware of the purpose of the petition.  
Resulting Effect: The signature may not be counted.
- Grounds: A signature is obtained before the first day for circulation, after the last day for circulation, or after the date of certification contained in the certificate of circulator.  
Resulting Effect: The signature may not be counted.

When a challenge is made, the filing officer must review the challenge, all rebuttals, and replies, and make a determination of sufficiency within 14 days after the expiration of time allowed for such challenges, rebuttals, and replies as set forth below. Wis. Stat. § 9.10(4)(a).

### **Rebuttals and Replies: Wis. Stat. § 9.10(4)(a)**

The filing officer is required to determine the sufficiency of the petition within 31 days after the petition is offered for filing. Wis. Stat. § 9.10(4)(a). If a challenge is filed within 10 days after the petition is offered for filing, the following schedule for a rebuttal, reply, and final sufficiency determination totals the maximum 31 days for determining sufficiency of the petition.

Within 5 days after a challenge is filed, the petitioner may file, with the filing officer, a written rebuttal to the challenge.

Within 2 days after the filing of a rebuttal, the officeholder may file a reply to any new matter raised in the rebuttal.

Within 14 days after the expiration of time allowed for the officeholder to file a reply to the rebuttal, the filing officer shall file the certificate of sufficiency/insufficiency.

**Appeal of Determination of Sufficiency: Wis. Stat. § 5.06(1)**

After a certificate of sufficiency/insufficiency has been issued by the filing officer, any elector of the jurisdiction or district dissatisfied with the determination (including the incumbent officeholder or the petitioner) may file a written sworn complaint with the Wisconsin Elections Commission. The complaint must be filed promptly (within 10 days of the date that the complainant knew or should have known of the determination) so as not to prejudice the rights of any other party.

The complaint must include statements of fact based on the knowledge and belief of the complainant that:

- The issuance of the certificate is contrary to law, or
- The filing officer abused his or her discretion with respect to the determination of sufficiency/insufficiency.

The complaint may be accompanied by relevant supporting documents and a request that the filing officer be required to correct his or her determination and issue a new certificate that is consistent with law. Wis. Stat. § 5.06(1). The Wisconsin Elections Commission will conduct an investigation and decide the matter. The Commission may affirm or reverse the decision of the filing officer and state its findings in an order which will be immediately sent to the filing officer. If the filing officer's decision is reversed, the Commission's order will require the filing officer to correct the determination, and issue a new certificate accordingly.

Any election official or complainant who is aggrieved by the Commission's order may appeal the decision of the Commission to the circuit court no later than 30 days after issuance of the order. The proper jurisdiction is the court for the county where the filing officer conducts business or where the complainant resides. The Commission's order remains in effect while the appeal is pending, unless the circuit court orders otherwise. Wis. Stat. § 5.06(8). The Wisconsin Elections Commission may issue a stay of the recall election, while it considers the officeholder's petition for review.

For more information about filing a complaint with the Wisconsin Elections Commission, please contact the WEC at (608) 266-8005 or review information found on the agency website at <http://elections.wi.gov>.

**Date of Recall Election: Wis. Stat. § 9.10(4)(d)**

The governing body shall call a recall election promptly after a certificate of sufficiency is filed. The recall election shall be held on the Tuesday of the 6th week commencing after the date on which the certificate of sufficiency is filed. If the 6<sup>th</sup> Tuesday is a legal holiday, the recall election shall be held on the first day after Tuesday which is not a legal holiday.

### **Recall Primary: Wis. Stat. §9.10(4)(f) and (g)**

If more than two persons compete for the office, a recall primary will be held on the date originally set for the recall election. The recall election will then be held on the Tuesday of the fourth week after the recall primary. If that day is a legal holiday, the recall election will be held on the first day after Tuesday which is not a legal holiday. Wis. Stat. § 9.10(4)(g).

The two candidates receiving the highest number of votes in the recall primary will be certified to appear on the ballot in the recall election. However, if the incumbent officeholder or any other candidate at the recall primary receives the *majority* of the total number of votes cast in the recall primary, that person shall be elected to serve for the residue of the unexpired term of the incumbent and the recall election will not be held. Wis. Stat. §9.10(4)(f).

### **Candidates at the Recall Election: Wis. Stat. § 9.10(4)(e).**

The officeholder against whom the recall petition is filed shall automatically appear on the ballot as a candidate at the recall election, or at the primary if a primary is required, unless the officeholder resigns within 10 days after the date the certificate of sufficiency is issued.

All other candidates must file a registration statement, circulate and file nomination papers (EL-169), and file a declaration of candidacy (EL-162) with the appropriate filing officer. A Statement of Economic Interest (SEI) may be required for certain offices. For more information regarding whether an SEI form must be filed, please contact the Wisconsin Ethics Commission at (608) 266-8123 or [ethics@wi.gov](mailto:ethics@wi.gov).

#### **1) Campaign Registration Statement**

Candidates at the recall election must register with the appropriate filing officer by filing a Campaign Registration Statement, as soon as they form the intent to be a candidate and before receiving contributions or making disbursements. The deadline for registration is 5:00 p.m. on the 4<sup>th</sup> Tuesday before the date of the recall election or recall primary.

#### **2) Declaration of Candidacy (EL-162)**

A Declaration of Candidacy (EL-162) must also be filed by candidates at the recall election no later than the deadline for filing nomination papers, which is 5:00 p.m. on the 4<sup>th</sup> Tuesday before the date of the recall election or recall primary. The candidates must designate on this form the same office title as appears on the nomination papers.

#### **3) Nomination Papers for Nonpartisan Office (EL-169)**

Candidates at the recall election for city, village, town, or town sanitary district offices must circulate and file nomination papers, regardless of the method used for nomination at other elections. Wis. Stat. § 9.10(4)(e). Candidates at the recall election for school district offices only file nomination papers if that is the method used for regular elections. The proper form is Nomination Paper for Nonpartisan Office (EL-169).

The nomination papers must contain at least the required minimum number of valid signatures of qualified electors and must be filed no later than 5:00 p.m. on the 4<sup>th</sup> Tuesday before the date of the recall election or recall primary. Candidates in the recall election may begin circulating

nomination papers after the governing body has scheduled the election. For the number of signatures required, check with the filing officer, or refer to Wis. Stat. § 8.10(3).

#### **4) Statement of Economic Interests (SEI)**

A Statement of Economic Interest (SEI) may be required for certain offices. For more information, please contact the Wisconsin Ethics Commission at (608) 266-8123 or [ethics@wi.gov](mailto:ethics@wi.gov).

Candidates for the recall election must designate, on their nomination papers, which position they are seeking, and in the case of multiple positions for at-large seats, which officeholder they are opposing. If more than one village trustee, town supervisor, or school board member is being recalled, the nomination papers must clearly state which of the officeholders the candidate is opposing. For example, for at-large seats such as school board member, the nomination papers must state "School Board Member for the position currently held by (insert officeholder's name)."

If a candidate fails to file any of the required forms by the filing deadline of 5:00 p.m. on the 4<sup>th</sup> Tuesday before the recall election or recall primary, the candidate's name will not be placed on the ballot.

#### **Recall of More Than One Officeholder**

When more than one petition is filed at the same time for the recall of more than one officeholder from the same district, each petition must be handled separately. If the recall petitions are found to be valid, a separate election contest will be required for each incumbent officeholder. For example, if valid petitions are filed to recall two school board members, there will be two recall elections. If only one of these positions requires a recall primary, because three or more candidates are seeking this position, the recall primary will be held on the same day as the recall election for the other position.

When more than one position is to be listed on a single ballot, each position must be listed separately with instructions to electors to vote for one candidate for each position.

#### **Interim Position of Incumbent**

If the officeholder resigns *after* the completion of the petitioner's registration, but before the filing of the petition, or before the primary or election, the recall proceeds unaffected. However, the time of resignation may affect whether the resigned officeholder appears on the ballot. If the officeholder resigns more than 10 days after the date of certification of the recall petition, the resigned officeholder remains on the ballot for the recall primary or recall election. Wis. Stat. § 9.10(4)(e).

If the officeholder does not resign, he or she continues to perform the duties of the office. If the incumbent is defeated at the recall election, he or she continues to perform the duties until a certificate of election is issued to the successor. Wis. Stat. § 9.10(5)(b).

#### **Campaign Finance Disclosure Requirements**

Petitioners seeking to recall elected officials and recall candidates must comply with the campaign finance disclosure requirements of Wisconsin law, Wis. Stat. Ch. 11. For questions about campaign finance requirements, please contact the Wisconsin Ethics Commission at (608) 266-8123 or [ethics@wi.gov](mailto:ethics@wi.gov).

## **Glossary of Terms**

*Certification of Circulator* – a statement at the bottom of each sheet of a petition, which is signed and dated by the circulator.

*Campaign Registration Statement* – Wisconsin Ethics Commission form, filed by petitioner to register intent to file a recall petition; each candidate at the recall election, except for the officeholder; and any others actively supporting or opposing the recall effort.

*Circulation period* – a 60-day period beginning the day after registration when petition signatures can be collected.

*Circulator* – a qualified elector who circulates a petition. A circulator is not required to be a resident of the jurisdiction or district subject to recall, but must be otherwise a qualified elector if he or she were a resident of Wisconsin. Wis. Stat. § 6.03.

*Declaration of Candidacy* – Wisconsin Elections Commission form (EL-162), a statement of qualification to hold office if elected, to be filed by all candidates at the recall election, except for the officeholder. (Sample is included with this manual.)

*Filed* – the recall papers have been reviewed and a certificate of sufficiency or insufficiency is attached by the filing officer.

*Filing Officer* – for town, village, or city offices, the appropriate municipal clerk. For school district offices, the school district clerk. For City of Milwaukee offices, the Board of Election Commissioners.

*Nomination Papers* – Wisconsin Elections Commission form (EL-169), for nonpartisan local offices, to be filed by candidates at the recall election, except for the officeholder. (Sample is included with this manual.)

*Offered for filing* – submitting the petition to the filing officer for review for certificate of sufficiency or insufficiency (note: the filing officer should not accept partial petitions and make partial determinations of sufficiency until such time as the petitioner is submitting the petition for a complete review for sufficiency and the filing officer is prepared to make the sufficiency determination.)

*Officeholder* – the elected official for whom recall is sought.

*Petition* – Wisconsin Elections Commission form (EL-170), a document which conforms to Wis. Stats. §§8.40 and 9.10(2). (Sample is included with this manual.)

*Petitioner* – the individual or group initiating and filing the recall petition.

*Registration* – the act of filing a Campaign Registration Statement with the appropriate filing officer along with a Statement of Intent to Recall, which includes the name of the officeholder and the reason for recall.

*Sworn Complaint* – a written challenge, sworn to before a person authorized to administer oaths.

Questions concerning recall of Congressional, State and County elected officials should be directed to the county clerk or to the Wisconsin Elections Commission. All forms and a copy of this manual can be found at the Wisconsin Elections Commission website listed below. Forms should be printed from the agency website for the current version.

Great questions, Roland.

This is not an official school board page. This page is not administered or put out by the school district. It's a page created by and for the residents of our school district.

Meeting minutes, dates of meetings and agenda items can all be found on the school website, therefore, we will not be duplicating those efforts. Unfortunately, no closed session information can be shared.

The group is private at this time to create more discussion and share internally what is happening within our board. This page has been created to allow folks to share their personal experiences. It seems that only some of the information, that is being talked about or happening at the school board meetings, is being reported to the community. It's important that we're all aware of what's actually going on, not just what's being reported in the paper or told to us by our neighbor.

Questions are encouraged. Our hope is that this will be an interactive page with open communication where we can share our experiences. Feedback is definitely welcomed. We do ask that you please avoid posting or commenting on hearsay.

**Our Mission**  
This website is dedicated to informing the public about the actions and decisions taking place behind closed doors that affect our students, employees, and parents. We believe transparency is crucial for the well-being of our community. Our goal is to shed light on the behaviors of certain school board members who are not prioritizing the best interests of those they serve. We are committed to providing the facts and raising awareness to help facilitate the recall of these members, ensuring that our school system is led by individuals who truly advocate for the success and safety of everyone involved.

STATE OF WISCONSIN     WRIGHTSTOWN COMMUNITY  
SCHOOL DISTRICT

---

In re: The Matter of:

Recall Petition of Angela Hansen-Winker

---

**WRIGHTSTOWN COMMUNITY SCHOOL DISTRICT BOARD  
PRESIDENT ANGELA HANSEN-WINKER'S VERIFIED REPLY IN  
SUPPORT OF MS. WINKER'S VERIFIED CHALLENGE TO THE  
RECALL PETITION**

---

**INTRODUCTION**

On February 13, 2025, Petitioner Wrightstown School Board Member Rayn Warner filed a recall Petition with the Wrightstown School District Clerk seeking the recall of Wrightstown School Board member and president Angela Hansen-Winker. On February 21, 2025, Angela filed a Verified Challenge to the recall Petition. A Rebuttal to Angela's challenge was filed on February 25, 2025. Angela now files this Reply to the Rebuttal in support of her Challenge. For the reasons set forth in Angela's Challenge and herein, the Recall Petition falls short of the requisite 1,206 signatures necessary to conduct a recall election and should be rejected as insufficient by the Clerk.

**JURISDICTION**

Wis. Stat. §9.10(4)(a) allows Angela to file a Reply with the Wrightstown School District Clerk within two days of the Petitioner's Rebuttal which was filed with the Clerk on February 25, 2025.

**ARGUMENT**

- a. The Recall Petition is insufficient because it fails to state a legitimate claim and is impermissibly vague.**

Petitioner Rayn Warner has the personal responsibility to assure that the Recall Petition is prepared, circulated, signed and filed in compliance with statutory and other legal requirements. Wis. Admin. Code § EL 2.05(1) and § EL 2.09(1). Notwithstanding his conflict of interest as a school board member, overt political bias, disrespect for Wisconsin's election laws, state laws, Constitutional laws, and questionable, if not fraudulent, circulation practices, Mr. Warner has circulated and filed the Recall Petition which, on its face, falls far short of the necessary legal elements set forth in Wis. Stat. § 9.10(2)(b).

Petitioner's rebuttal claims that "Any elected official may be subject to recall for any reason." Rebuttal, at p. 1. This statement is false. Wis. Stat. § 9.10(2)(b) requires that a recall petition "*shall contain a statement of a reason for the recall which is related to the **official responsibilities** of the official for whom removal is sought.*" (emphasis added). Petitioner admits that the Official Statement of Intent to Circulate Recall Petition on file with the Clerk contains many more allegations about the alleged reasons for the recall related to Angela's **official responsibilities**. Rebuttal; at p. 1, Exhibit A. The Recall Petition on its face contains only four of the enumerated allegations set forth in the Official Statement—but each of them are inherently and impermissibly vague. As the Recall Petition is required to state fully the reasons for recall and as the Official Statement contains different information regarding the reasons for recall, the Recall Petition is defective on its face and no signatures can be counted.

Petitioner claims in his rebuttal that "*Electors have a right to seek information ...*" Rebuttal, at 1. As such, Petitioner apparently believes that all of the allegations supporting the recall must be discovered and researched by the signer by searching for the Official Statement in the Clerk's office prior to signing the Petition. Nowhere in statute does the law require a signer of a recall petition to seek out the official Statement in the Clerk's office prior to signing so that they

can know what they signed or may sign. In fact, Wisconsin state law directly addresses this. The Recall Petition itself must *clearly state the reason for the recall*. Wis. Stat. § 8.40(2). Vague statements like “violations of board policies” or other broad generalizations are facially defective, violative and insufficient. Here, the Recall Petition fails to state the accurate reasons for the recall as set forth by the Petitioner in the Official Statement. As such, the Recall Petition is defective on its face and the Recall Petition signatures cannot be counted.

Notably, Petitioner, in his Rebuttal, effectively *admits* that the recall petition failed to provide a clear and sufficient justification for recalling Angela, as required by Wis. Stat. § 9.10(2)(b). Instead of disputing that the stated reasons were impermissibly vague, Petitioner argues only that electors could have sought additional information from the Clerk. This is wholly inappropriate and directly contradicts the statutory requirement that sufficient reasons must be evident from the face of the Recall Petition itself. Under Wisconsin Administrative Code EL § 2.11(3) and case law precedent in *United Cooperative v. Frontier FS Cooperative*, 2007 WI App 197, 304 Wis. 2d 750, 738 N.W.2d 578, failure to address a legal deficiency constitutes waiver and concession. Because Petitioner failed to rebut the argument that the recall petition itself lacked the required specificity, he has admitted this fatal defect, requiring rejection of the recall petition.

**b. The Recall Petition circulators may not edit or change any signature data on the Petition.**

Petitioner claims that circulators have the right to edit the municipality within the signature data due to recent municipal annexations and other reasons. Rebuttal, p. 3. This statement is false. Circulators have NO right to edit any information provided by the signer. Wis. Stat. § 8.40(2). When circulators enter a second municipality on the Petition, the Clerk cannot determine from the Recall Petition “on its face” the signer’s correct address and municipality. Nor can the Clerk determine who edited the signature data. As such, all signatures so modified by the circulators are

ambiguous “on its face” and cannot be counted by the Clerk when performing his “careful examination” of the Petition. Wis. Stat. § 9.10(4)(a). The Clerk is not required, and, by law is not allowed, to research or verify addresses or municipalities. The Clerk is required to look at the Recall Petition and decide from information provided by the signers *on its face* whether the Recall Petition is sufficient for certification. Wis. Stat. § 9.10(40(a)).

Rather, the *signer* of a recall petition is required by statute to sign the Recall Petition and fill in the required information. Wis. Stat. § 8.40(1). Petitioner admits that “changes” to the Recall Petition were done by persons other than the signer and were “the result of clerical errors or simple administrative oversight.” There is no statute or case law in Wisconsin that allows *any* person, other than the elector himself, to change or edit any signature on the Petition. As such, *none* of these signatures with “changed” data can be counted. Rebuttal, at p. 3.

Petitioner also claims that he was advised by Wisconsin Elections Commission staff person, Mr. Riley Willman, who allegedly told him that “the address, municipality, and circulator information on Recall Petition sheets can be corrected by the circulator.” Rebuttal, pp. #3. Most importantly, ***Petitioner offers no communication, email, statement, letter, affidavit or other evidence to show that Mr. Willman so advised them.*** In fact, Mr. Willman is not a WEC commissioner and has no authority to advise any Wisconsinite to violate Wis. Stat. § 8.40(2) or Wis. Stat. §9.10(4). *See Pellegrini v. Wisconsin Elections Commission*, 22CV1656 (discussing that WEC staff cannot issue substantive guidance or rules affecting election administration without commission oversight). There exists no official WEC guidance, No WEC administrative Rule, no Wisconsin Statute, no Wisconsin case law and no reference in WEC’s official publication: *Recall of Local Elected Officials (2020 ed.)* (See: Rebuttal, Exhibit Q), to support this claim or otherwise allow any recall petition circulators to edit any signature data on a recall petition. In fact, Wis. Stat.

§ 8.40(2) makes it clear that recall petition circulators cannot edit signature data in any way, and that doing so is a violation of Wisconsin's election fraud statute Wis. Stat. § 12.13. As such, this statement by the Petitioner is untrue.

Further, Petitioner claims that “the process of collecting and verifying signatures is rigorously and closely monitored to ensure accuracy and transparency.” Rebuttal, pp. #3. This statement is false. Nobody rigorously and closely monitors circulators. Nowhere in law is there any requirement by anyone other than the circulator him or herself to follow the law regarding the circulation of recall petitions - including the requirement that “*the circulator is aware that falsifying the certification is punishable under Wis. Stat. § 12.13(3)(a).*” Wis. Stat. § 8.40(2).

**c. Petitioners are government officials and have a conflict of interest and vested interest in the outcome of the recall.**

Petitioner claims he and other circulators are not “government officials” but rather private persons circulating the Petition. Rebuttal pp. #6. In fact, the Petitioner and one of the circulators are elected school board members and will have to cast a vote to call the recall election - should one be necessary. Notwithstanding the misuse of school board property, misuse of school events, misuse of school district branding and intellectual property (all in violation of school board policy), the participation in restricted Facebook forums in violation of Angela's civil rights and Wisconsin Open Meetings and Open records law, and the illegal editing of signatures, these school board members—(one of whom is the recall Petitioner), organizers, circulators, and promoters—should not be allowed to vote on any scheduling or procedural matter relating to the Recall or the Recall Petition should a vote by the Board be required. Fraud in the inducement of the recall election cannot be a basis for participating in a recall election vote. For the same reasons, Petitioner's Exhibits Y and Z also confirm that Van Vreede and Lemke also had direct access and

control to the creator of the recall website [www.r4wcsd.com](http://www.r4wcsd.com) wherein Kimberly Denkins is listed on both as point of contact and Admin at the time of Board Members Van Vreede and Lemke.

Next, Van Vreede and Lemke were Admins and had ongoing access to the Private Facebook Page regarding official school board matters about Angela relating to the recall. Petitioners attempt to argue that Wrightstown School Board members Tiffany Van Vreede and Melinda Lemke were not "admins" of the private Facebook page by providing screenshots showing that Lemke manually changed her own status—and that of Van Vreede—from Admin to Member on December 4, 2024. This argument misses the point entirely.

First, the screenshots confirm that both Lemke and Van Vreede were, in fact, Admins prior to December 4, 2024. Their ability to change their own status proves they had administrative control over the page. Additionally, their connection to current admin Kimberly Denkins, who was an admin alongside them, means they continue to have direct access to the page's leadership and influence over its content. As public officials, they had the ability to control participation, discussions, and access for Wrightstown electors, including Angela.

Second, Petitioners fail to address an important issue: the private Facebook page was used by Wrightstown board members—including Van Vreede, Lemke, and Rayn Warner—to discuss official School Board matters. This may constitute a quorum, meaning their actions on this page violated Wisconsin's Open Meetings Law. Notably, Petitioners do not even attempt to rebut this point, effectively conceding it.

Thus, their argument regarding admin status is nothing more than a misdirection to avoid addressing the larger issue: public officials used a private forum to conduct government business, excluding public participation and violating the law.

- d. Petitioner is incorrect that public officials cannot violate the First Amendment based on their purported "private actions" on a social media page.**

Angela argued that the First Amendment prohibits government officials from restricting access to public forums based on their identity or viewpoint discrimination. Courts have recognized that when public officials use social media to discuss official business—such as announcing policies or engaging with constituents about board matters—those platforms function as public forums subject to constitutional protections. The U.S. Supreme Court in *Lindke v. Freed* and the Northern District of Illinois in *Czosnyka v. Gardiner* reaffirmed that officials cannot exclude individuals from these forums based on disagreement or criticism. *Lindke*, 601 U.S. 187 (2024); *Czosnyka*, 21-cv-3240, (N.D. Ill. Sep. 25, 2023).

In *Lindke*, the Supreme Court held that a public official's social media account is subject to the First Amendment when used to exercise government authority. Similarly, *Czosnyka* ruled that blocking critics from an official government Facebook page constituted unconstitutional viewpoint discrimination. Both cases establish that when officials open digital spaces for public discussion, they must allow equal access regardless of viewpoint.

In her Challenge, Angela argued that these legal standards for public officials violate the First Amendment because, not only did the Facebook page kick people out, but it restricted Angela and many citizens' access, and *requested that citizens state their beliefs* regarding recall issues prior to entry. This is clear and unequivocal viewpoint discrimination and violations of the First Amendment. Specifically, where *board members* Rayn Warner, Tiffany Van Vreede, and Melinda Lemke all publicly posted about official school board issues—all of which were part of their “recall petition” effort against Angela.

Petitioner's argument that their actions, removals, and restrictions of accessing the page did not constitute “government restrictions” is incorrect and inconsistent with established precedent. These cases above underscore that public officials who use social media for

governmental purposes, such as discussing confidential and official board matters to obtain signatures against Board President Angela, cannot censor dissenting voices. Just as traditional public forums require viewpoint neutrality, government-run social media pages must remain open to all constituents. Because Petitioner's Rebuttal admits and provides evidence that Board Members Lemke and Van Vreede were not only Admins but were connected to with direct access and control over the Admin, Ms. Denkins, they too facilitated and participated in the constitutional violations that perpetuated their "recall" signatures in violation of both *Angela* and many electors' First Amendment rights. Blocking users or deleting critical comments is a violation of free speech rights, reinforcing that digital public forums must be governed by constitutional principles. No part of the Facebook page discussed anything other than official board matters and allegations about Angela including district legal counsel and internal investigations or board policy matters. The Recall Petition should be rejected outright for its clear and unequivocal violation of many citizens, including Angela's, First Amendment rights.

**e. Standard of Review by Clerk.**

Petitioner incorrectly argues that the Clerk can research land records or property listings to verify a signer's address and municipality. Rebuttal, at p. 3. In fact, the Clerk has no power or duty to look beyond the face of the Recall Petition to determine the validity of any signature data. The duty to certify the Recall Petition rests solely with the Clerk. "The Clerk... shall determine by **careful examination of the face of the [Recall] Petition** whether the Petition is **sufficient...**" for certification. Wis. Stat. § 9.10(4)(a) (emphasis added). This means that the Clerk must review each signature and data on the Recall Petition and reasonably believe only from the writing on the Recall Petition itself the accuracy of the signature, printed name, address, municipality and date of each signature. Wis. Stat. §9.10(4)(a).

The Clerk is limited to the data written on the Recall Petition by the signer to make a determination “on its face” as to whether the signature complies with legal requirements. Wis. Stat. § 8.40(2). The Clerk cannot go beyond the “face” of the Recall Petition to correct or verify any signature data using outside sources. Wis. Stat. § 9.10(4)(a). As such, the Clerk cannot determine from the face of the Recall Petition where any signer lives if the Recall Petition gives two separate municipalities for a signer. Those signatures cannot be counted because they are insufficient on the face of the Petition. Given the number of edited signatures in the Recall Petition exceeds 250 signatures, this deficiency fails to deliver the requisite 1,206 valid signature minimum threshold to sustain a recall election of Angela. The Petitioner himself confirms the Clerk’s limited role in admitting that the Clerk could not remove an elector who was misled—apparently acknowledging the Clerk cannot make any changes to a recall petition nor clarify unclear information. *See* Rebuttal, at pp. 10-11, Exs. De & E.

**f. The Clerk should reject the Rebuttal because there is no signature or verification on the Rebuttal required under Wisconsin Administrative Code and Statutory rules.**

Wisconsin Administrative Code EL § 2.07(2)(a) mandates that challenges to nomination papers be made through a verified complaint with a signed and notarized affirmation of truth. This ensures accountability and allows election officials to rely on sworn allegations. The rebuttal at issue fails to meet these verification requirements, lacking both a sworn signature and notarization. Without verification, its factual claims cannot be properly assessed, creating an inequitable standard between challengers and respondents.

Wisconsin administrative agencies and courts consistently enforce proper signature requirements in legal and election-related filings, rejecting unverified or improperly signed submissions. The same standard applies here. Because the rebuttal lacks the required verification

and signature, it should not be given legal weight or considered in response to Angela's challenges to the Recall Petition.

**g. The Rebuttal failed to sufficiently address concerns that warrant the rejection of insufficient signatures.**

- **The Clerk should reject all signatures prior to January 4, 2025.**

In his Rebuttal, Petitioner admits that the Wrightstown School District logo was used on both the recall website and the recall Facebook page, which induced signatures by implication of official school board endorsement of the recall using official School Board trademarks. *See* Rebuttal, at pp. 4-5.

- **The Circulators' targeting and manipulative abuse of electors that could not know what they were signing warrants rejection of the Recall Petition.**

Petitioner dismisses Angela's evidence that Circulator Vande Hey sought signatures in bars late at night, claiming "location does not matter." However, Angela's concern is not the location itself but the circulators' deliberate strategy of stalking electors—specifically on December 21 and 28—when they would be distracted with drinking and Packers games, ensuring they would not fully comprehend what they were signing.

As Angela noted, many electors may not even remember signing, and a single Facebook post offering an opportunity to "unsign" does not cure the fundamental issue of improper solicitation. In *Matter of Recall of Redner*, the court held that substantial compliance with recall procedures requires petitions to be circulated in a manner that prevents fraud and *ensures signers understand the petition's contents*. 153 Wis.2d 383, 1989. If intoxication impaired a signer's understanding, that raises serious concerns about the validity of their signature, and Petitioner has refused to address Angela's challenge to this point nor the multiple statements she produced from electors.

Petitioner has provided no affidavits or verifiable statements from any signers at these bars late at night or during a Packer game from the contested dates, relying only on unverified claims and a narrow response that “location does not matter” (which Angela did not argue). For the same reasons, Petitioner’s argument that he and Van Vreede’s Recall Petition pages are valid because their signatories had the same chance to strike also fails.

**h. Petitioner’s Failure to Respond Constitutes Waiver and the Clerk should find that the Petitioner(s) have conceded Angela’s arguments in her Challenge that were not responded to.**

Petitioner submitted a rebuttal to Angela Hansen-Winker’s Challenge to the Recall Petition but failed to address multiple arguments raised in the Challenge. Under Wisconsin law, failure to rebut an argument constitutes waiver, and unchallenged allegations are deemed conceded. *United Cooperative v. Frontier FS Cooperative*, 2007 WI App 197, 304 Wis. 2d 750, 738 N.W.2d 578. Because Petitioner chose not to dispute key arguments, he has forfeited the right to contest them, and the Clerk must accept Angela’s arguments in rejecting the Petition.

This principle is supported by Wisconsin Administrative Code EL § 2.11(3), which requires that a response to a challenge to a Recall Petition be filed within the time specified by law or, if no time is specified, within five days of the challenge’s filing. The rule further states that after the deadline passes, the filing officer must decide the challenge with or without a hearing, indicating that failure to timely address specific allegations may result in those allegations being deemed admitted. Similarly, Wisconsin courts recognize that failing to respond to arguments can be taken as a concession. In *United Cooperative v. Frontier FS Cooperative*, the Wisconsin Court of Appeals held that an appellant’s failure to respond to arguments in a reply brief may be deemed a concession of those arguments. See *United Cooperative v. Frontier FS Cooperative*, 2007 WI App 197, 304 Wis. 2d 750, 738 N.W.2d 578.

The following arguments raised in Angela's Challenge remain unrebutted, *meaning*

***Petitioner has conceded them:***

- Petitioner failed to respond, at all, to Angela's challenge of the December 28 circulation by Rayn Warner and Jason (or Kyle) Gerend at a bar during a loud Packer game where they knew (and stalked) electors who would be drinking and distracted with the game unable to understand what they were signing. By wholly ignoring this argument entirely, Petitioner concedes Angela's challenge and waives his rebuttal and response that all signatures obtained on this date by Warner and Gerend are invalid because circulators here abused the process, stalked distracted citizens, and failed to provide any rebuttal or response, thereby conceding that these signatures were improperly obtained and must be invalidated.
- Angela argued that Petitioner and circulators that are current School Board members with Angela and knowledge of falsity of their claims, used their positions to make false and misleading statements about official school board information to induce electors to sign the Petition. Petitioner merely stated that he and Van Vreede had a right to circulate the petition. That misses the point. Angela does not dispute that Warner and Van Vreede had the right to circulate petitions—rather, she argues they misused their official positions to mislead signers with vague language and false claims. Petitioner has failed to address this argument, effectively conceding it. Petitioner did not dispute this claim and made no argument about their fraudulent inducement, effectively admitting to deceptive practices by school board members, using their official positions, that compromise the validity of the recall effort.
- Angela argued that Wisconsin law requires the stated reason to relate to the official's responsibilities. The rebuttal did not refute this legal standard or explain how the vague allegations met the statutory requirement of Wis. Stat. § 9.10(2)(b).
- Angela's argument that electors were misled and that some were intentionally denied removal was not refuted. The rebuttal gives procedural reasons for why some were not removed but does not address whether circulators actively misled electors about their ability to remove signatures, namely the fraudulent inducement of signatures on knowingly false information from current public officials.
- Angela's argument that Wis. Stat. § 8.40(1) requires signers to complete their own information. The rebuttal does not provide any response to the claim that circulators intentionally changed municipal information, nor does it address the 258 specific cases listed in Angela's complaint.
- Angela's claim that the use of district logos misled signers before its removal. The rebuttal does not address whether signatures obtained before January 4 should be invalidated because they were collected under false pretenses.
- Angela cited multiple policies (po2430, po9700, po3210, po0144.5, and p. 29 of the staff handbook) and asserted that multiple instances of circulation on school grounds occurred

as well as numerous violations of policies. The rebuttal only discusses one incident regarding circulator Jonathan Curtis on January 8, but does not respond to Angela's claim that circulators repeatedly used school facilities to collect signatures and repeatedly violated multiple policies, including fraud from current public officials on the school board.

- Angela's argument that government officials (Board Members Warner and Van Vreede) were involved in restricting access to recall discussions. The rebuttal does not refute that these officials used a private Facebook group to discuss board matters and knew that electors, including Angela, were being restricted from viewing or commenting on that public forum solely because of their identity and viewpoints. In fact, their only argument is that they are "private citizens" and their restrictions were not "official government restrictions" on speech. This is not accurate nor does it address Angela's argument that they discussed official school board matters to induce recall signatures and violated the Constitutional rights of Wrightstown electors—certainly those who would have wanted to see Angela's responses and others to their discussions about official school board policies and matters.
- Angela specifically alleged that some circulators offered bribes (such as food gifts) or told electors they would have to pay \$10 if they did not sign. The rebuttal does not explain why these allegations are false or provide any evidence disproving them despite the inclusion of a text message verifying the incident. Certainly a simple affidavit from the circulator and electors on that challenged page would have attempted to rebut this. But rather, Petitioner merely claims it is untrue in an unsworn and unverified Rebuttal.
- Angela specifically argued that Board Members Warner and Van Vreede knew certain claims about her were false before circulating petitions—going back as far as emails they received in September 2024 from the district's legal counsel and multiple communications about the investigation and district counsel resources. The rebuttal does not explain why their false statements, in their official capacities about official board matters, should not invalidate the signatures they collected. In fact, they make no argument or rebuttal to these points beyond simply stating that there is "no law against public officials gathering signatures." There are, however, many laws against intentional defamation, breach of public trust, and intentional fraud relating to an election or public office. None of these arguments by Angela were addressed or rebutted and are, thus, effectively conceded.
- Angela argued that Warner and Van Vreede submitted the recall signatures early to prevent more people from removing their names. The rebuttal does not refute this claim or explain why the signatures were submitted before the deadline.
- The rebuttal does not deny or address the potential financial burden on the district from legal liabilities, election costs, or potential retaliation claims from electors who fear reprisal and the Petitioner's breach of public trust. Despite the vague statement that Warner, Lemke, and Van Vreede were acting as "private citizens" that is not the law. Public officials are always public officials. There is not a magical light switch when it comes to using their official position and knowledge of their official position to defraud the electors in their community.

- Angela argued that the allegations in the Official Recall Statement are inconsistent with the required “reason” language printed on the Petition. Petitioner did not address this argument, meaning he concedes that the recall petition does not meet statutory requirements.
- Angela argued that circulator Nicole Gerend, using the pseudonym “Nicole Better,” contacted Angela’s legal counsel in an attempt to gather information about the evidence against the recall effort. Petitioner did not dispute this, conceding that their circulators engaged in deceptive conduct.
- Angela argued that Petitioner and circulators falsely claimed Angela initiated an investigation of the former superintendent without board knowledge or out of personal spite. Petitioner did not respond, thereby admitting that this claim was a fabrication used to mislead the public.
- Angela argued that Petitioner and circulators falsely accused Angela of using public funds to pay for her personal legal counsel. Petitioner failed to dispute this, thereby conceding that the claim was false and defamatory.
- Angela argued that she was properly performing her duties as school board president by investigating fraud and public corruption. Petitioner provided no rebuttal, conceding that their attacks on Angela’s official actions were unfounded.

Because Petitioner failed to rebut these arguments, he has waived his right to contest them here or in any appeal. As a result, under Wisconsin Administrative Code EL § 2.11(3) and case law, the Clerk must accept Angela’s arguments herein as undisputed and reject the Recall Petition entirely based on the foregoing.

**i. Petitioner’s claim that accusations of false statements are “opinions” lacks any relevance to Angela’s argument.**

Petitioner’s claim that Angela’s accusations of dishonesty are merely opinions (p. 6) disregards the clear factual evidence demonstrating intentional misconduct. The District’s legal counsel confirmed in writing that the statements made by school board member circulators were false *to the Board* months before the Recall Petition began. Furthermore, statements from Angela, along with the evidence presented to the Board, establish that these falsehoods were not only deliberate but were wielded maliciously by public officials leveraging their positions of authority. This was not a case of subjective interpretation or opinion—it was a calculated effort to mislead

the public and induce signatures under false pretenses. Given this, signatures obtained through such deceptive tactics cannot be considered voluntary and must be rejected.

Next, more electors have come forward since the filing of Petitioner's rebuttal who are upset that they were misled into signing the Recall Petition from school board officials or their spouses. Christopher Charles Lemke, the spouse of Wrightstown School Board member Melinda Lemke, knowingly misled electors while circulating the Recall Petition. Like Petitioner Rayn Warner and Circulator Tiffany Van Vreede, Ms. Lemke had direct knowledge that Angela never used District legal counsel for personal matters—because all three of these people are current Wrightstown School Board officials who serve with Angela and received the same communications from the District's counsel that confirmed they engaged in no personal favors and represented the district only. Despite this, Ms. Lemke's husband falsely told electors that Angela misused taxpayer funds for legal fees. Lemke personally circulated over a dozen Recall Petition pages, securing at least 100 signatures based on this false claim.

After the Petitioner's rebuttal was filed, Angela has since received a sworn affidavit from an elector detailing this misconduct (attached to this Reply). This affidavit confirms that electors were misled by circulators—including Wrightstown School Board members and their associates—who fabricated claims to induce signatures. The vague language of the Recall Petition allowed circulators to spread false information without accountability, creating a recall effort tainted by deception.

This is not just a breach of public trust; it is a clear violation of the law. This is not an opinion but supported by numerous statements from electors within the Wrightstown Community. The Clerk must reject the Recall Petition in its entirety due to its misleading circulation and the fraudulent inducement of electors. The elector who signed the affidavit fears retaliation from

Wrightstown officials Warner, Van Vreede, and Lemke for opposing the recall. Thus, the affiant has requested redaction of their name. This intimidation chills free speech and coerces silence, a clear First Amendment violation. This intimidation unlawfully compels and coerces speech. *See e.g. Pet. Rebuttal, Exs. O & P* (same added back mysteriously after requesting removal). Electors were not only misled into signing but now fear consequences for speaking out. If this recall proceeds, the District may be at risk for legal and financial repercussions. The Clerk must reject this petition.

### CONCLUSION

For the forgoing reasons, the Clerk must reject the Recall Petition entirely because it is woefully insufficient, and Petitioner's rebuttal conceded the majority of the arguments raised in Angela's Challenge.

Dated: February 27, 2025.

AFFIDAVIT

State of Wisconsin

County of Brown

I, [REDACTED], being duly sworn to hereby swear and affirm the [REDACTED]

[REDACTED] and I reside at [REDACTED]

[REDACTED], I witnessed or learned of [REDACTED]

3. I am a resident of the Town of Wrightstown and am over the age of 18. I have personal knowledge of the facts stated herein and if called as a witness, could and would testify thereto.

Statement of Facts: On 2/23/25 I spoke with a member of my family who signed the recall petition against Angela Hansen Winkler. During our talk, I inquired about the statements made to her by the petitioner. During our conversation I asked them about their experience when approached as well as I sought their insights into this experience with the petitioner. Please note the petitioner is Chris

Details of Petitioner's Statement: The petitioner informed my family member the reason for pursuing the recall was due to Angela Hansen Winkler alleged use of district funds to pay for her legal representation. It was further claimed that when Angela was questioned about these funds, she responded aggressively and asserted she did not need to justify or explain herself. The petitioner also said Angela's behavior during schoolboard meetings has been concerning & belligerent when voting on decisions, especially when the vote was 4 to 3 and no discussion was ever held. Lemke.

Clarification of Facts: I have found these allegations to be false against Angela Hansen Winkler. She did not use district monies to pay for her lawyer. She has not behaved inappropriately - please

4. The above information is based on and to the best of my personal knowledge.

Please see this is confirmed by James Mccoy-1

view meetings online. She maintains order as her job requires. Accusing her of aggressive behavior is untrue and attacks her character. Such claims are unfounded and misrepresented.

Impact on Angela Hansen Winker's reputation:

These false allegations have contributed to the defamation of Angela Hansen Winker's character within the Wrightstown Community. The dissemination of these untrue statements has caused harm to her reputation and has led to unwarranted negative perceptions among community members. Furthermore, the above claims are untrue and are contributing to the ongoing defamation of Angela's character within the Wrightstown community. Several people are now speaking about these claims in the community and these rumors prompted me to reach out to family who signed the petition to confirm these stories.

Conclusion:

I affirm that this information provided in this affidavit is true & correct to the best of my knowledge and belief.

**VERIFICATION**

I, Angela Hansen-Winker, being first duly sworn under oath, states that I personally read the foregoing Verified Reply in Support of my Challenge to the Recall Petition, and that the information contained therein is true and correct based on my personal knowledge. Where not based upon personal knowledge, I believe the information to be true based upon information and belief.

Good evening, everyone,

This email serves as notification for my findings regarding Rayn Warner's recall of Angela Winker-Hansen as a Wrightstown Community School District Board member.

After reviewing the recall petition, challenge, rebuttal, and response, and following the advice and direction given me by our legal team and the Wisconsin Elections Commission, I find that the recall petition of Angela Winker-Hansen is sufficient pursuant to Wis. Stat. § 9.10, and related administrative code provisions.

Respectfully,

--

Good morning, Riley!

Thank you again for your direction. A couple other items and confirmation of dates for the recall.

**Challenges to a recall petition**

Are the only reasons for a challenge to a submitted petition found in WI Stat 8.9 items "(e)" through "(L)"?

I ask this because there is a statement in item "q" "Challenges are not limited to the categories set forth in pars. (i) to (L )" What does that statement mean?

What are these "categories"?

What are examples of "Challenges are not limited to the categories set forth in pars. (i) to (L )"?

**Timeline questions**

I need some of your guidance. Kinda sorta confused. Please verify or correct the below statements.

The recall package was submitted to the District on February 12, 2025.

Any challenge would need to happen no later than 5 p.m. on February 22? Is that correct?

Of course that is a Saturday. The District will need to be open till that time?

Also, if a challenge is filed to me, do I forward the challenge to the petitioner, and then the petitioner has five days to provide a rebuttal?

What about any time from when the challenge is submitted and when the petitioner is notified? For instance, the challenge happens late in the day and I don't get around to it for several hours because I am working or am unavailable for some reason? Does the five days commence when I formally notify the petitioner or when the challenge is submitted and accepted by the District?

I guess the next timeline area depends on your above answers.

So let's say a Challenge is filed at 10 a.m. on 2/22/2025, then the petitioner would have until 5 p.m. on 2/27/2025 to provide a rebuttal? Is that correct?

And if that happens, then the challenger would have up until 5 p.m. on Saturday March 1, 2025 to file a final response? Is that correct?

I would then have 14 days to make a sufficiency/non-sufficiency decision? So up to 5 p.m. on March 14, 2025 to make a decision? Is that correct?

Thank you so much for your time and advice.

Have a great day!

Tony Decker  
WCSD Board Clerk

On Tue, Feb 18, 2025 at 4:08 PM Willman, Riley P - ELECTIONS <[Riley.Willman@wisconsin.gov](mailto:Riley.Willman@wisconsin.gov)> wrote:

Hi Tony,

An elector does not need to initial next to a correction on their signature. Additionally, voters can have someone complete the rest of the petition for them/receive assistance in completing the form. They do not need to indicate if they received assistance in completing their line on the petition. As for your final question, the box does not need to be checked, however the municipality and address must be within your school district.

Please let me know if you have any questions and I'd be happy to help.

Thanks,

**Riley Willman**

Hi Riley,

Hope you are well. I have a couple of quick questions regarding signatures/ names / info on petitions.

1) If an elector makes a change, does the elector need to initial it? I ask because there are corrections without initials.

2) I have also noticed there are a number of instances where there is the same writing on multiple lines but the signature styles are different. So my question is must each elector completely fill out each line, unless disabled or need assistance, or can someone else complete everything other than the signature?

3) If someone doesn't check the Village/Town/City box is that an issue?

Thank you so much in advance for your help!

Respectfully,

Tony Decker

WCSD Board Clerk

## Recall Questions

---

**From** Tiffany Van Vreede <vanvreede04@gmail.com>

**Date** Thu 2/27/2025 10:07 AM

**To** Willman, Riley P - ELECTIONS <Riley.Willman@wisconsin.gov>

**CAUTION: This email originated from outside the organization.**

**Do not click links or open attachments unless you recognize the sender and know the content is safe.**

Good Morning Riley!

Just a little information on where we are in the recall process. We submitted 1308 signatures on February 12th to our District Office and board clerk. Since then, our board president filed a rebuttal within the 10 days of receipt of those signatures. We then made a rebuttal back within 5 days and are currently waiting to see if she has a rebuttal within the 2 days allowed for her to do so. We do have a couple of questions for you on the timeline and some other things that have been going on.

1. Our board president, who is being recalled, received a copy of all signatures. We know she is entitled to this information with the request of open records which she did not do. Our superintendent just gave her the signature sheets without having an open records request and therefore none of the teachers that signed were redacted from those sheets. On top of that she is now reaching out to community members that have signed the petition and is trying to persuade them to change their minds. Is there anything we can do about this?
2. What happens if WEC declares signatures are sufficient and she doesn't agree? Can she go to court regarding this? Who would the case be against if she is able to do this?
3. Also, I had verified with you that as circulators we were able to change the municipality if incorrect on the recall sheet. I did not mention that it was before we turned them in to the clerk. Is that still ok that we corrected them? We have the annexation situation that went through and the website was stating both municipalities at the time.
4. If insufficiency is declared by the board clerk and we want to file an appeal we are showing that it has to be a written, formal sworn complaint to the WEC within the 10 days from the date the clerk filed insufficiency. How do we do this? Is there something online to follow? Does a lawyer need to do this? Does it need to be notarized? What documents are needed, if any?

Thank you for helping us with all of our questions. You have been great to work with and we appreciate your patience and your knowledge in this process!

Thank you,  
Tiffany

Hi Tony,

I wanted to inform you that three community members, who have never signed the petition, have reached out via the page requesting to be removed. I just wanted to make you aware of this concern. At this point, I believe WEC is the only support needed.

Additionally, I'm sharing the state statutes that address any concerns regarding tampering or sabotage of a recall petition, in case any issues arise on your end.

Let me know if you need anything else.

Best,

Rayn

Hi Rayn,

Watching it snow and getting ready for a workout once it begins. :)

I certainly saw one signature request for sure that was bogus. I think we have only had four come from the portal so far.

What concerns do you have about the information collected?

I'll need that info so I know how to proceed.

I did have someone ask if a portal can be used for signature removal requests, and I checked with the elections office and was told it was okay.

Since you have cited a decent amount of legal statute, I will need to get our legal counsel involved so I do not do anything that could place the district at risk.

Thanks and have a great one!

Tony

On Sat, Feb 8, 2025 at 1:52 PM Rayn Warner <[raynw@yahoo.com](mailto:raynw@yahoo.com)> wrote:

Hi Tony,

I hope you're having a good weekend. I'm reaching out with some concerns regarding the use of the portal created to request the removal of signatures from the recall petition. There appear to be some questionable practices in play, and I believe it is important to address these issues promptly.

If you happen to know who created and is managing the portal, I would highly recommend reviewing the information below with them regarding the consequences of attempting to sabotage or tamper with the recall petition process.

I have multiple concerns about the information being collected through the portal, as well as its validity. As it stands, the recall petition committee (R4WCSD) is diligent in appropriately handling all requests to remove a community member's signature at their request. However, there are several instances where the requests coming through the portal have been proven to be false.

I've copied the Wisconsin Elections Commission (WEC) on this email to provide further insight and guidance on the matter.

Link to the portal:

[https://wrightstowninsight.com/get-your-name-off-the-list/?fbclid=IwY2xjawlUkVlleHRuA2FlbQlQMABHVFGWY7JF4qYvq0IGuDD3Y3II\\_kBqLbyWTpfSnxwQWRLgbHFncNkPrMLBw\\_aem\\_aLt02H5EO0IMVfheZAmzFQ](https://wrightstowninsight.com/get-your-name-off-the-list/?fbclid=IwY2xjawlUkVlleHRuA2FlbQlQMABHVFGWY7JF4qYvq0IGuDD3Y3II_kBqLbyWTpfSnxwQWRLgbHFncNkPrMLBw_aem_aLt02H5EO0IMVfheZAmzFQ)

In Wisconsin, sabotaging a recall petition effort can have legal consequences under both state election laws and criminal statutes. The following documents and legal provisions support the repercussions for interfering with or sabotaging a recall petition effort in Wisconsin:

## 1. Wisconsin Statutes - Recall Procedures and Penalties

- **Wisconsin Statutes Chapter 9 (Elections):** This chapter outlines the procedures for recall elections, including the rules for petitions and the penalties for violations.
  - **Section 9.10:** This section addresses the recall petition process, including the requirements for filing and submitting petitions, and details the rules surrounding recall efforts. While it focuses primarily on the procedural aspects, any fraudulent or obstructive behavior can result in penalties under other provisions.
- **Section 12.13(2)(a):** This statute defines various election offenses, including interference with the petition process. The law prohibits any acts of fraud or misconduct regarding elections, including recall petitions. Those found guilty of tampering with petitions or obstructing the process could face criminal penalties.

## 2. Criminal Penalties for Election Law Violations

- **Wisconsin Statutes § 12.13 (Election Offenses):** This section covers election offenses, including fraudulent actions that affect recall petitions. Some key points include:
  - **§ 12.13(1)(a):** This provision makes it a crime to **knowingly provide false information or commit fraudulent acts** related to elections, which can include signing a recall petition with false or forged signatures.
  - **§ 12.13(3):** This section specifically addresses penalties for tampering with or falsifying any petitions, including recall petitions. Violation of this provision can lead to criminal charges, fines, or imprisonment.

## 3. Fraudulent or False Signatures

- **Wisconsin Statutes § 12.11 (False Signatures):** This law specifically addresses the issue of fraudulent signatures on recall petitions. If someone intentionally falsifies signatures, such actions are classified as a criminal offense.
  - Any individual who **knowingly signs a petition falsely** or **misrepresents their intent** could be prosecuted under this statute.
- **Penalties for Fraudulent Actions:** A person found guilty of committing fraud in relation to a recall petition could face criminal penalties, including **fines** and **imprisonment**. For example, making false statements or submitting false signatures on a petition could lead to up to **3 years and 6 months in prison** and a fine.

#### 4. Voter Intimidation and Obstruction

- **Wisconsin Statutes § 12.03 (Electioneering and Voter Intimidation):** Although this statute mainly deals with electioneering, it also covers actions that can **intimidate or obstruct voters** from participating in the electoral process, including interference with petitions.
  - This could apply to actions that **sabotage or obstruct** individuals from freely signing a recall petition, and such actions may be punished under election-related intimidation laws.
- **Wisconsin Statutes § 12.05 (Voter Intimidation):** This provision prohibits any act of voter intimidation or obstruction in the petitioning process. It is a crime for any individual to knowingly intimidate, threaten, or coerce individuals to prevent them from participating in the petition process. Violating this statute can result in both criminal and civil penalties.

#### 5. Case Law

- **Wisconsin Case Law on Election Fraud:** Wisconsin courts have interpreted these statutes to criminalize various actions that disrupt or sabotage recall petitions. For example, **State v. Brown** (2013) was a case that involved fraudulent signature collection, where the court found that such actions, in violation of election law, could lead to criminal liability. Case law has helped reinforce the legal consequences for petition interference in the state.

#### 6. Election Commission Guidelines and Other Resources

- **Wisconsin Elections Commission (WEC):** The WEC provides official guidelines on how recall petitions should be handled. The **WEC's Administrative Code** includes provisions about the process of recall petitions, including the collection of signatures and rules for verifying their authenticity. The **WEC's Election Manual** and guidance documents often include information on penalties for actions that undermine or disrupt the petition process.
- The WEC website also details the process for filing complaints or grievances regarding violations of election law, including sabotage of recall efforts. If you suspect sabotage, you can file a complaint with the WEC.

#### In summary:

In Wisconsin, sabotaging a recall petition can lead to serious legal repercussions, including criminal charges for election fraud, voter intimidation, and interfering with the petition process. The key statutes that address these actions include **Wisconsin Statutes §§ 9.10, 12.13,**

**12.11, and 12.03**, all of which criminalize interference, fraud, or intimidation related to recall petitions.

Thank you for your attention to this, and I look forward to your response.

Good Evening,

I was reviewing our historical spend data and noticed some elevated expenses in certain months. Could you please help me understand the reasons behind these increases? I didn't find any notes that clarify the spikes, other than the Webster family's request to join WCSD in March.

Additionally, I would appreciate an update on the current status of the Behavioral Focused Room and the bus contract. I understand these are last-minute requests, but it would be great to have an update for our September board meeting.

Hi Angela, thanks for sending. I can provide the background for those 3 lines. I will need to ask my assistant for the invoices, but I believe the 2 invoices from the spring relate primarily to the detachment process at the board and state levels, and the August invoice was related to requests from Andy regarding student handbook required language updates. The August invoice related to time incurred during July. I will follow up with you on this.

Thanks, Mary

Angela Hansen-Winker  
President, Wrightstown School Board

**Re: Legal Services Invoices**

Dear President Hansen-Winker:

Per your request, I write to provide additional information regarding my firm's invoices for legal work performed in February, April, and July of 2024. The majority of the fees incurred in February 2024 and April 2024 related to the detachment request from a family owning property in the Reedsville School District. The fees incurred in July 2024 related primarily to updating the District's policies and materials in light of recent legal developments regarding Title IX, as well as to analysis of board governance issues. As you know, it is well within the School Board President's authority, as established by Wisconsin Statutes and Board policies, to consult with legal counsel when necessary to protect the best interests of the District.

Please let me know if you have further questions about these invoices. Thank you.

Very truly yours,

**Sent:** Sunday, January 19, 2025 5:34 PM  
**Subject:** Residents for WCSD

Dear Wrightstown School District Residents,

I hope this message finds you well. I am writing to inform you about the ongoing recall petition regarding the current school board president, Angela Hansen-Winker. Recent events may have raised questions or concerns, and I would like to provide additional context about the petition and its purpose.

The recall petition has been initiated due to concerns about President Hansen-Winker's actions, which many feel have undermined the interests of our community. Notably, one issue of concern is the investigation into the previous superintendent, which was initiated in July without the full knowledge of the school board. Additionally, the announcement of the interim superintendent was made public before a contract was voted on by the school board. Once voted on a common practice is to inform parents and staff ahead of the press release in the local paper which did not happen. These decisions reflect a broader pattern of actions that many believe have lacked transparency and proper community

previous superintendent, which was initiated in July without the full knowledge of the school board. Additionally, the announcement of the interim superintendent was made public before a contract was voted on by the school board. Once voted on a common practice is to inform parents and staff ahead of the press release in the local paper which did not happen. These decisions reflect a broader pattern of actions that many believe have lacked transparency and proper community input.

In order to move forward with the recall election, we need your support by gathering signatures. Our goal is to submit the required **signatures by February 14th**, so we encourage you not to delay if you wish to be part of this important effort. A recall election would give our community the opportunity to vote on the position in question.

Students and staff deserve a stable and supportive environment, where the school board leads by example. Unfortunately, under Angela Hansen-Winker's leadership as president, this has not been the case. Her actions have created instability and a lack of transparency, which ultimately affects our community's trust in the board.

Please think about the well-being of our students and staff, both today and in the future. By signing the recall petition, we have

## Fw: Residents for WCSD

president, who has not seen the case. Her actions have created instability and a lack of transparency, which ultimately affects our community's trust in the board.

Please think about the well-being of our students and staff, both today and in the future. By signing the recall petition, we have the opportunity to restore the positive, supportive environment that our district has always been known for and get back to doing what's best for our community.

If you are interested in signing the petition or would like more information about the process or the reasons behind the recall, please do not hesitate to reach out. I would be happy to stop by and provide further details.

Additionally, feel free to forward this message to others who may be interested. I have attached a document with additional information related to actions in question.

Thank you for your time, and I look forward to hearing from you.

Warm regards,

Rayn Warner

## Residents For Wrightstown Community School District

Tiffany Kocian Van Vreede · 1d ·

For those of you that will be attending the school board meeting this evening. I just want to let you know that you DO NOT need to sign in unless you plan on speaking during open forum. We have had some issues with our president and vice president not following policy. At the last meeting they took a picture of the sign in sheet that had a board member's information on there and the one before that an employees personal information on it. I reached out to a lawyer at WASB (lawyers that are free of charge for board members to reach out to for legal advice). He did verify that this should not have been done and violates policy and potentially law. Because that personal information was on there, she is supposed to be following our policy and requesting those records. By doing this, it gives the district administrator the chance to retract the board member and employees personal information before giving her the list.

**Rayn Charles** ★ Rising contributor

[Jessica Mulder](#) this was an error of information. During the WABA request for alcohol sales Angela questioned the option of abstaining and Andy asked on what grounds since the information was available for said request. You are correct and the minutes are correct from the meeting that Angela did in fact vote. I will work to get the post edited or removed.

**Jessica Mulder**

[Rayn Charles](#) out of curiosity, was her request to abstain during the first vote on 6/19 or the vote the second meeting on 7/8 vote because she was in Florida attending the meeting virtually? The meeting that wasn't originally planned. I think it would be great to have clarification which meeting she asked to abstain from the vote.  
Thank you!

To: Wisconsin Elections Commission

From: Anthony Decker, WCSD Board Clerk

Date: 2 April 2025

Subject: Response to Wrightstown Community Board President Angela Hansen-Winker's Verified Complaint to Appeal the Certification of the Recall Petition under Wis. Stat. 5.06(1).

This document addresses *Angela Hansen-Winker's Verified Complaint to Appeal the Certification of the Recall Petition*.

In looking at the complaint, there are five main areas of concern and are listed below. Each area below contains both concerns and my responses to those concerns. Some of the concerns are listed in multiple areas, so there will be some repetition in my responses.

**I. Winker is entitled to an evidentiary hearing under Wis. Stat. 5.06(1) and Wis. Stat. 227.42(1) because Decker ignored:**

1. Vagueness of reason – Arguments cited in the challenge did not sufficiently show the stated reasons for the recall were vague.
2. Evidence of fraud - Arguments presented in the challenge did not show evidence of fraud.
3. Undue influence - Did not present evidence that specific signatures were induced or coerced.
4. Bribery – Arguments cited in the challenge did not sufficiently show Bribery definitively occurred. To determine the legality of this is beyond the scope of a Board Clerk.
5. Threats - Did not present evidence that specific signatures were gained or removal requests were not made as a result of a threat. To determine the legality of this claim is beyond the scope of a Board Clerk.
6. Misuse of school district property - In the instance of the recall committee violating school policy by being on campus gathering signatures without authorization, which I addressed, the signatures gained that day were voluntarily withdrawn.
7. Manipulation of petition signer's data by the circulators and others - Signatures are not rejected where the municipality can still be determined based on the information provided.
8. Violation of First Amendment rights – This area of the challenge is outside of my authority.
9. "WEC staff advised Decker to certify the Recall Petition" - This is false. WEC staff did not advise me to certify the Recall Petition.

**II. The Recall Petition is insufficient because it fails to state a legitimate claim and is impermissibly vague.**

1. Vagueness of reason - Arguments cited in the challenge did not sufficiently show the stated reasons for the recall were vague.
2. Recall lacks legitimate claim - Wisconsin does not require specific grounds for a recall to occur. Elected officials may be subject to a recall for any reason; however, all petition sheets, form EL-170 (Rev.2019-09), contained the statement "Disregard for Board Procedures. Lack of Transparency and Communication. Conflict of Interest and Ethical Violations. Violation of District Policies and Code of Conduct." (see exhibit A). The Official Statement of intent to Circulate Recall Petition lists the recall's specific reasons (see exhibit B).

**III. Recall Petition signatures that were accepted contained numerous false and fraudulent addresses by unknown third-party edits of elector information without consent.**

1. Signatures must be struck due to alterations or struck due to a lack of initialing corrected areas - There is nothing to suggest signatures needed to be struck from the petition. Per WEC's Riley Willman "An elector does not need to initial next to a correction on their signature. Additionally, voters can have someone complete the rest of the petition for them/receive assistance in completing the form. They do not need to indicate if they received assistance in completing their line on the petition." (see exhibit C)
2. Fraudulent abuse of the recall process - Arguments presented in the challenge did not show evidence of fraud.
3. Unable to determine addresses - "I could not determine the correct address of these signers on the Recall Petition based on such ambiguities and varying handwriting"
  - a. Per WEC's direction, signatures are not rejected where the municipality can still be determined based on the information provided. The challenge cites 258 signatures where address corrections were made. Although these 258 signatures contain corrections to the municipality, they are located in the annexation of the Village of Greenleaf from the Town of Wrightstown led to changes. The associated confusion arose because tax records differed from public search tools.

**IV. Recall petition signatures were circulated and induced in violation of multiple policies, rules, laws, and, on that basis, should be stricken.**

1. Fraudulent use of District logos and branding – Did not present evidence that specific signatures were induced via the r4wcsd.com website and the Residents For Wrightstown Community School District Facebook group.

2. Violating school policy – In the instance of the recall committee violating school policy by being on campus gathering signatures without authorization, the signatures gained that day were voluntarily withdrawn. I also addressed the circulators being on school grounds gathering signatures as soon as I learned of it on January 9, 2025, and is why that behavior stopped. Lastly, when I was made aware of the r4wcsd.com website and the Residents For Wrightstown Community School District Facebook group school district logo and branding policy violations they were addressed and is why the r4wcsd website and the r4wcsd Facebook group removed these items and replaced them with generic images.
3. Multiple circulators induced signatures at local bars – *The Recall Local Elected Officials Manual* found at <https://elections.wi.gov/resources/manuals/recall-manuals> does not specify acceptable or unacceptable places to obtain signatures.

**V. *Recall Petition Signatures were fraudulently induced by knowing and intentional false statements and representations by current School Board Members***

1. False statements – All petition signature sheets contain identical and clearly stated reasons for the Recall Petition.
2. Recall signatures were induced or coerced - Did not present evidence that specific signatures were induced or coerced. Additionally, electors signed the petition voluntarily.
3. People were misled about the reasons – People who signed the recall were provided a process to follow to remove their name from the Recall Petition, if they felt they were misled (see exhibit D). This resulted in 13 signatures being removed. Additionally, there is a website named “Wrightstown Insight” found at “<https://wrightstowninsight.com>” where people could fill out a form to have their name removed from the Recall Petition. The form was removed after the recall petition was submitted.

**Conclusion**

As I performed my recall duties, I relied on our District's legal team for guidance and consulted with WEC where appropriate. Their advice enabled me to review the Recall Petition in a consistent, objective and credible manner, which resulted in my finding the Recall Petition to be sufficient.

Exhibit B

<b>STATE OF WISCONSIN</b>	Name of County <u>Brown County</u>	Name of Municipality <u>Village of Wrightstown</u>
---------------------------	---------------------------------------	---

**STATEMENT OF INTENT TO CIRCULATE RECALL PETITION**

THE UNDERSIGNED RECALL PETITIONER, Ryan Warner (Print Name)

STATES HIS/HER INTENT TO CIRCULATE, PURSUANT TO Wis. Stat. § 5.9.10

OF THE WISCONSIN STATUTES, A PETITION TO RECALL,

Angela Hanson-Winkler School Board President of Wrightstown Community School District  
(Indicate the name of, and office held by, the official being recalled.)

FOR THE FOLLOWING REASON OR REASONS RELATED TO THE OFFICIAL

RESPONSIBILITIES OF THE OFFICIAL SOUGHT TO BE RECALLED:

Disregard for Board Procedures and Policies. Failure to adhere to Robert's Rules of Order, specifically by limiting discussion after motions. Unauthorized access to confidential information, such as taking pictures of sign-in sheets containing personal information. Ignoring requests to correct inaccurate information in public documents. Lack of Transparency and Communication. Refusal to respond to emails from fellow board members and directing all communication to legal counsel. Failure to follow the chain of command within the district. Withholding critical information from the board, such as the names of individuals involved in complaints or suggestions. Moving closed session locations without prior notice or agenda approval. Conflict of Interest and Ethical Violations. Potential conflict of interest due to involvement with the New Patriots and speaking on behalf of the board. Inappropriate behavior during workshops and board meetings, including the treatment of fellow board members. Misuse of district funds for legal fees without proper authorization or explanation. Initiating investigations without board approval or informing all board members. Obstructing the district administrator's ability to perform their duties. Using legal counsel for personal agendas rather than utilizing free resources provided by WASB. Failure to address serious concerns, such as a community member recording private conversations and a board member's intent to terminate the district administrator. Selective dissemination of information to certain board members. Limiting the ability of the district administrator and other board members to add agenda items. Violation of District Policies and Code of Conduct. Repeated violations of district policies and the board's code of conduct. Issuing a public statement without informing or consulting with fellow board members, which contained degrading language and inaccurate information. Refusing to communicate with the district administrator regarding important agenda items. These actions have eroded public trust in the school board and have negatively impacted the district's operations. We believe that a recall election is necessary to restore integrity and accountability to the board.

(This statement should be appended to the Campaign Registration Statement (ETHCF-1) filed with the filing officer.)

Dated this 10<sup>th</sup> day of December, 2024

Subject: RE: Petition signature questions  
To: ANTHONY DECKER <[decker@wrightstown.k12.wi.us](mailto:decker@wrightstown.k12.wi.us)>

Hi Tony,

An elector does not need to initial next to a correction on their signature. Additionally, voters can have someone complete the rest of the petition for them/receive assistance in completing the form. They do not need to indicate if they received assistance in completing their line on the petition. As for your final question, the box does not need to be checked, however the municipality and address must be within your school district.

Please let me know if you have any questions and I'd be happy to help.

Thanks,

**Riley Willman**

Subject: Petition signature questions

**CAUTION: This email originated from outside the organization.**

**Do not click links or open attachments unless you recognize the sender and know the content is safe.**

Hi Riley,

Hope you are well. I have a couple of quick questions regarding signatures/ names / info on petitions.

- 1) If an elector makes a change, does the elector need to initial it? I ask because there are corrections without initials.
- 2) I have also noticed there are a number of instances where there is the same writing on multiple lines but the signature styles are different. So my question is must each elector completely fill out each line, unless disabled or need assistance, or can someone else complete everything other than the signature?
- 3) If someone doesn't check the Village/Town/City box is that an issue?

Thank you so much in advance for your help!

Respectfully,

Tony Decker  
WCSD Board Clerk

### Recall Petition Signature Removal Process / FAQ

If you have signed a petition to recall Angela Hansen-Winker and wish to remove your name from that petition, there are a few items to keep in mind.

To remove your name from a signed recall petition, please email Rayn Warner at raynw@yahoo.com and also email me at [decker@wrightstown.k12.wi.us](mailto:decker@wrightstown.k12.wi.us)

- Include your name, address, and reason for removal. Typical removal reasons are something along the line that you felt the circulator of the petition misled you in some way shape or form. You don't have to go into detail. A simple "I felt I was misled about the recall reasons" statement will suffice. By the way, just changing your mind or claiming ignorance of the recall reason is not a valid reason to have your name removed.

Each person who signed a petition must email both Rayn and I. You may not list multiple names on a single email.

- Example - if a married couple wants to have their names removed, each person must email Rayn and I, and each email must contain name, address, and reason for removal. There cannot be multiple names on a single removal request. If there are multiple names listed, the person sending the email will be removed, but the other(s) listed must submit their own request.

You must request to have your name removed prior to the recall package being submitted. Any removal requests after recall package submission will not be processed.

- Rayn has up until 5:00 p.m. on February 16, 2025, to submit the recall package but can submit it any time before that.

After emailing me, I will confirm receipt of your removal request.

Once the recall package is submitted, I will verify all valid signature removal requests have been crossed out on the petition paperwork and will not be counted.

I hope the above is helpful.

If you have any questions, please feel free to reach out to me at [decker@wrightstown.k12.wi.us](mailto:decker@wrightstown.k12.wi.us) and I will do my very best to answer them.

Respectfully,

Tony Decker

COMPLAINT: EL-25-26

March 11, 2025 Recall Petition Filed Against  
Wrightstown School District Board Member  
Angela Hansen-Winker

---

**VERIFIED REPLY TO RESPONSE OF ANTHONY DECKER  
TO VERIFIED COMPLAINT**

---

Complainant Angela Hansen-Winker, by her undersigned counsel, submits this Reply to the Response filed by Wrightstown School District Clerk Anthony Decker dated April 2, 2025, in connection with her Verified Complaint filed March 20, 2025, challenging the certification of a recall petition under Wis. Stat. § 5.06(1).

**INTRODUCTION**

Decker's Response confirms that the recall petition was improperly certified despite overwhelming facial defects, procedural irregularities, and substantial evidence of fraud, coercion, and violations of election and public integrity statutes. Decker fails to rebut the material allegations of the Verified Complaint and instead asserts that he lacked authority or that certain facts were outside his scope of review. However, the plain language of Wis. Stat. § 9.10 and relevant case law impose clear duties on certifying officials to reject facially insufficient petitions, including those tainted by vague grounds, unverifiable or altered elector information, and unlawful inducements.

The Wisconsin Elections Commission (WEC) is compelled to stay the pending recall election under its general authority under Wis. Stat. § 5.05(1) to regulate elections in Wisconsin,

investigate these statutory violations and grant a contested case hearing under Wis. Stat. § 5.06(1) and Wis. Stat. § 227.42(1).

## **ARGUMENT**

### **I. The Recall Petition Is Legally Insufficient on Its Face**

Decker fails to rebut that the petition's stated grounds for recall are impermissibly vague and do not meet the standard of Wis. Stat. § 9.10(2)(b), which requires that the reason relate to "the official responsibilities of the official for whom removal is sought." The petition stated only:

*"Disregard for board procedures. Lack of transparency and communication. Conflict of interest and ethical violations. Violation of district policies and code of conduct."*

These allegations are generic, subjective, unsubstantiated, and unmoored from any factual basis relating to Winker's official duties. Decker's assertion that specific grounds are not required is legally incorrect. See *In Matter of Recall of Redner*, 153 Wis. 2d 383, 450 N.W.2d 808 (1989) (holding that a recall petition must set forth reasons directly related to the subject's official duties with sufficient specificity to give notice to the official so that she can respond to the electors).

### **II. Decker Failed to Reject Petitions Containing Invalid, Altered, or Unverifiable Signatures**

The Verified Complaint detailed that more than 258 petition signatures (over 80%) involved alterations by third parties, including inconsistent handwriting, unverified changes to municipality or address information, and failure to strike or initial corrections. Decker does not deny that these alterations or fraud occurred. He merely explains them away as inconsequential. *Decker Response*, page 1. He then asserts that "WEC staff did not advise me to certify the Recall Petition." Yet Exhibit C to his Response confirms that WEC staff offered specific and conclusive

guidance (not approved by the WEC Commission or published in official WEC guidelines) regarding petition edits upon which he relied in making his decision to certify.

Under Wis. Stat. § 9.10(2)(e)4, altered entries must be stricken unless the signer's residence is clearly verifiable. Many of these entries were altered in ways that render verification impossible, or include information written by non-signers without initials or consent. Decker's failure to strike these entries violates both statutory text and the WEC staff's unofficial "guidance." Wis. Stat. § 8.40(1) and (2). It is the law in Wisconsin that substantial compliance with the recall procedure is necessary. *Redner* at 391.

### **III. Decker Improperly Ignored Substantial Evidence of Coercion, Fraud, and Bribery**

Decker repeatedly claims that he lacked authority to assess allegations of bribery, fraud, or threats. This is incorrect. While Decker is not empowered to prosecute crimes, he must reject petitions tainted by such misconduct where the factual record supports disqualification. The Verified Complaint cites multiple specific incidents of bribery (e.g., circulating petitions in exchange for food or money), false statements made by school board members, and threats or inducements made at social events while people were impaired.

Wisconsin courts have recognized that fraud or misrepresentation in circulating petitions undermines the legitimacy of the process. Substantial compliance requires the petitions be circulated in a manner that protects against fraud and that assures the signers knew the contents of the petitions. *Redner* at 391.

Decker's Response admits that he became aware of improper circulation conduct on school grounds and instructed the circulators to stop, confirming knowledge of violations. Yet

the record shows he still accepted signatures gathered during that time. Failure to strike those signatures amounts to willful neglect of legal duty.

#### **IV. WEC Must Grant a Hearing Under Wis. Stat. §§ 5.06(1) and 227.42(1)**

Winker meets the legal threshold for a contested case hearing under both statutes:

- She has a substantial interest as the elected official subject to recall.
- She alleges violations of law by a public official.
- The record establishes a dispute of material fact over the petition's sufficiency and the manner of its circulation.

WEC is prohibited from issuing further guidance in this matter in the absence of a formal vote.

See *Pellegrini v. WEC*, Case No. 22-CV-1050 (Waukesha Cty. 2024). As such, it is necessary for WEC to adjudicate this matter through an administrative hearing. In *In Matter of Recall of Redner*, 153 Wis. 2d 383, 394 n.6, 450 N.W.2d 808 (Ct. App. 1989), the court noted “one instance where it may be proper to hold an evidentiary hearing is when significant fraud or misrepresentation is alleged by the challenger.” Ms. Winker also has an independent right under Wis. Stat. § 227 to an administrative hearing. See *Milwaukee Metropolitan Sewerage District v. DNR*, 126 Wis. 2d 63, 375 N.W.2d 648 (Ct. App. 1985) (recognizing that a contested case hearing must be granted where substantial interests are affected, and factual disputes exist).

#### **CONCLUSION**

Decker improperly certified a recall petition that is facially insufficient, factually tainted, and procedurally defective. The record supports the following relief:

1. A contested case hearing under Wis. Stat. §§ 5.06(1) and 227.42(1);
2. An order finding the Recall Petition legally insufficient and void;
3. A stay of any pending recall election.

In light of the short time horizon, WEC should immediately grant Complainant Winker a hearing and decide this matter prior to the scheduled April 22, 2025 recall election, or, stay the recall election until such time as the matter can be heard.

Dated: April 10, 2025.
