  - The photo must reasonably resemble the elector, but keep in mind that appearances change over the years
- **Do** review the Elector's name
  - The elector's name must conform to the name on their voter registration, but does not have to be identical
- **Do** review if there is an expiration date
  - If the ID has an expiration date, it must meet the requirements listed previously

## The Photo ID Law

🇺🇸 **Dos and Don'ts (both inspectors at poll book)**

- **Don't** review for a current address
  - The ID does not have to list a current address
- **Don't** review the voter's signature to match to the poll list or registration application
  - Election inspectors are not handwriting experts and don't have to verify the signature of the voter
- **Don't** confuse Photo ID with proof of residence.
  - Some documents can provide both, but they are two different procedures with different statutory requirements.
