## Polling Places

- Only assign 1 polling place to an address (unless polling place has multiple rooms used for voting)
- Election Plans may be adjusted to accommodate different polling place assignments for different elections or election types (wanting to combine locations for School District contests, contact WEC immediately for assistance)
- Prior to setting up Election Plan, review Polling Place locations (if applicable, new polling location should be added to WisVote via Polling Places tile before it can be included in Election Plan)
- Accurate polling place information essential and tied directly to MyVote Wisconsin

11

12

## Reporting Units

- Verify with County how the electronic voting equipment is programmed to determine how to set up reporting units
- Plan will already be there for most municipalities
- Municipalities with population < 35,000 will create reporting units and assign each to a polling place
- Municipalities with population > 35,000 . . . WisVote will automatically create individual Reporting Units for each ward and will assign each ward to a polling place

13

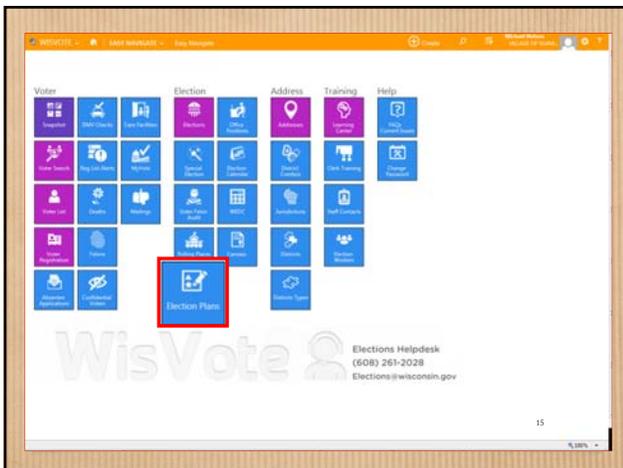

## Reporting Units

- Poll books will print by reporting unit
- Reporting units cannot combine Congressional, State Senate or State Assembly districts
- Reporting units cannot cross county lines
- Add new polling place if necessary before setting up/editing an election plan

## Poll Book Reminders

- If you rename ballot styles, do so before printing poll books
- If ballot styles have been renamed earlier, check them again before printing poll book
- Recommend that you wait 7 days after close of registration to print poll books
- Poll book vs supplemental poll book vs post supplemental poll book vs EDR

127

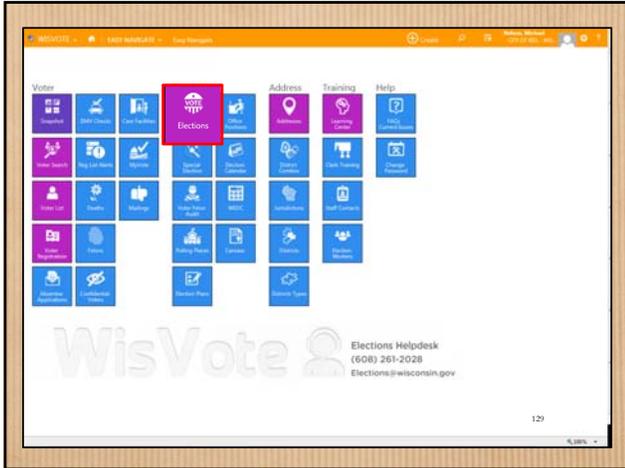

127

## Three Ways to Print Poll Books

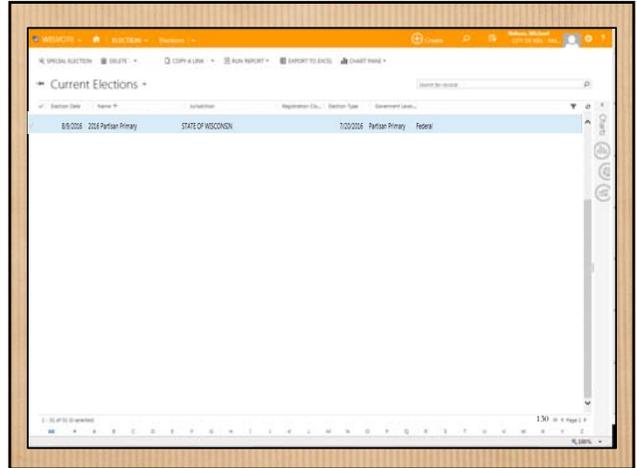

- Single
- Bundling
  - Generates multiple polls book files with a single request
- Scheduling
  - Will automatically generate poll book file(s) at a specified number of days before an election
  - In effect for every election until changed
