

The Three Rs: Recounts, Recalls & Referenda

Some county and municipal clerks have experienced “The Three Rs” more often than others, but every clerk should have a working knowledge of these election processes – or know where to find them! This webinar will provide clerks with a general overview of the procedures used to conduct a recount of an election result, the recall of an elected official, and who can and for which reasons petition for a referendum. We will also review approaching military and overseas voting deadlines.
